

Ohio Public Employees Retirement System

**Medical Plan Description
2017**

Message from the OPERS Health Care Division

Dear OPERS Benefit Recipient:

This is the *Medical Plan Description* for your OPERS Retiree Health Plan. This document describes the coverage features of the plan in which you and your dependents, if you have elected coverage for them, are enrolled.

It is important for you to read this document carefully.

Please keep these materials in your permanent records for future reference.

If you have any questions about your health care coverage, please call Medical Mutual directly at 1-877-520-6728.

Ohio Public Employees Retirement System
Health Care Division

This *Medical Plan Description* is written in plain language for the OPERS Eligible Benefit Recipients who are enrolled in the OPERS Retiree Health Plan. It is not intended as a substitute for the federal or state law, namely the Ohio Revised Code, the Ohio Administrative Code, or the Internal Revenue Code. Rules governing the retirement system are subject to change periodically either by statute of the Ohio General Assembly, regulation of the Ohio Public Employees Retirement Board, or regulation of the Internal Revenue Code. If you have any questions about this material, please contact OPERS or seek legal advice from your attorney.

Any Person who, with intent to defraud or knowing that he or she is facilitating a fraud against the provider of coverage, submits an application or files a claim containing a false or deceptive statement is guilty of a crime or fraud against the legal entity providing coverage under this Plan. Such conduct may result in the termination of any or all coverage under this Plan. Any Person who commits fraud will be responsible for any of the costs of coverage paid.

The medical plan described in this booklet is a coverage plan of the Ohio Public Employees Retirement System (OPERS). This coverage is not insured with Medical Mutual of Ohio (Medical Mutual) or any of its affiliates, but will be paid from OPERS' funds. Medical Mutual will provide certain administrative services under the Plan. Health care coverage may change as shown in the administrative services agreement between Medical Mutual and OPERS. This Plan is not an ERISA-covered plan.

ALL SERVICES SUBJECT TO MEDICAL NECESSITY. *Waived if admitted.

INTRODUCTION

Read this Booklet

The best time to learn about your Plan is before you need to use it. That is why it is important to read this booklet. Take a moment to read the HELPFUL NOTES section which follows. Also be sure to read the EXCLUSIONS section. This section will tell you what is NOT covered under the Plan.

- If you are in a Network area, use Medical Mutual network Providers whenever possible. Before you see a Provider who is NOT listed in your Medical Mutual Directory, call the Medical Mutual Customer Care Department. They can help you find Network Providers in your area. This way, the Plan will pay at the network level.
- **You must enroll in Medicare the first day you become eligible.** If you or any of your Eligible Dependents are eligible for Medicare but do not enroll, this Plan will not provide coverage for covered Hospital (Medicare A), medical (Medicare B), and/or any other medical expenses.
- **Interim Plan Participants:** If you are a Participant employed by an OPERS-covered employer, you must enroll in medical coverage offered by the public employer. Waiving this employer-sponsored coverage will result in ineligibility under this Plan. If you enrolled in the employer-sponsored coverage, this Plan coordinates coverage as described in the Coordination of Coverage provision. If your employer does not provide health care coverage because those performing similar work or in a similar position are not eligible for employer-sponsored coverage, you are eligible to participate in this Plan.

Helpful Notes

We know that health care and health insurance can be hard to understand. Just the size of this booklet says something about how complex it can all be. Although everything in here is important, to make it simpler, we selected some key points for you to remember as you use the OPERS Retiree Health Plan. You may find it helpful knowing a few basic things.

- This Plan does not cover many types of Nursing Home Care or long-term care, whether in your home or in a nursing home or other facility. It will pay while you are recovering and improving from an illness or Surgery, but it does not pay once you are stable and no longer improving. Do not assume nursing home or in-home care is covered without checking with Medical Mutual first.
- **Keep OPERS up to date on anything that changes - marriage, divorce, change of address, children coming or going from your Plan, becoming Medicare eligible. . . . all of the big life events.** It is your responsibility to be certain that OPERS has your current address on file. If OPERS is not made aware of address changes, we cannot guarantee that you will receive important information pertaining to your OPERS account.
- Annual preventive tests, vaccines, and other services listed in this document are covered at 100 percent and are not subject to the plan Deductible as long as the Provider bills these services as preventive. If these tests and services are billed with a medical diagnosis, these tests and services will be covered but subject to your applicable Deductible and Coinsurance. OPERS follows preventive services guidelines as recommended by the U.S. Preventive Services Task Force (USPSTF) and Centers for Disease Control (CDC). For a comprehensive list of recommended preventive services, please visit <https://www.uspreventiveservicestaskforce.org/Page/Name/USPSTF-a-and-b-recommendations/>.

DEFINITIONS

Capitalization of words and phrases throughout this document is meant to draw special emphasis to them because they are entries in the definition section.

Alcoholism Or Drug Abuse Residential Treatment Facility - This is an institution that meets all of the following requirements:

- An accredited facility that provides care on a 24 hour a day, 7 days a week, live-in basis for the evaluation and treatment of residents with psychiatric or chemical dependency disorders who do not require care in an acute or more intensive medical setting.
- The facility must meet all regional, state and federal licensing requirements.
- Has an on-site licensed Behavioral Health Provider 24 hours/day, 7 days/week.
- Provides a comprehensive patient assessment (preferably before admission, but at least upon admission).
- Requires that a patient be admitted by a Physician.
- Has access to Necessary medical services 24 hours/day, 7 days/week.
- Has the availability of on-site medical treatment 24 hours/day, 7 days/week actively supervised by an attending Physician if the participant requires detoxification services.
- Provides living arrangements that foster community living and peer interaction consistent with developmental needs.
- Offers group therapy sessions with at least an RN or master's-Level Health Professional.
- Has the ability to involve family/support systems in therapy (required for children and adolescents; encouraged for adults).
- Provides access to at least weekly sessions with a psychiatrist or psychologist for individual psychotherapy.
- Has peer-oriented activities.
- Services are managed by a licensed Behavioral Health Provider who, while not needing to be individually contracted, needs to
 1. meet the Claims Administrator's credentialing criteria as an individual practitioner, and
 2. function under the direction/supervision of a licensed psychiatrist (Medical Director).
- Has an individualized active treatment plan directed toward the alleviation of the impairment that caused the admission.
- Provides a level of skilled intervention consistent with patient risk.
- Meets any and all applicable licensing standards established by the jurisdiction in which it is located.
- Is not a Wilderness Treatment Program or any such related or similar program, school and/or education service.
- Has the ability to assess and recognize withdrawal complications that threaten life or bodily functions and to obtain needed services either on site or externally.
- Has 24 hours/day, 7 days/week supervision by a Physician with evidence of close and frequent observation.
- Has on-site, licensed Behavioral Health Provider, medical or substance abuse professionals 24 hours/day, 7 days/week.

Allowed Amount - For In-Network and Contracting Providers, the Allowed Amount is the Negotiated Amount. For Non-Contracting Providers, the Allowed Amount is the Non-Contracting Amount, which will likely be less than the Provider's Billed Charges.

Approved Clinical Trial - a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or Condition and is described in any of the following:

- A federally funded trial.
- The study or investigation is conducted under an Investigational new drug application reviewed by the Food and Drug Administration.
- The study or investigation is a drug trial that is exempt from having such an Investigational new drug application.

Balance Billing - The amount a Non-Contracted Provider may charge that represents the difference between the Billed Charge and the Allowed Amount determined as payable by Medical Mutual.

Behavioral Health Provider - A licensed organization or professional providing diagnostic, therapeutic or psychological services for behavioral health Conditions.

Benefit Period - the period of time specified in the applicable Plan Features section of this booklet during which Covered Services are rendered, and Coverage Maximums, Deductibles, Coinsurance Maximums and Maximum Out-of-Pockets are accumulated. The first and/or last Benefit Periods may be less than 12 months depending on the Effective Date and the date your coverage terminates.

Billed Charges - The amount billed on the claim submitted by the Provider for services and supplies provided to a Eligible Benefit Recipient.

Board and Room - Charges made by an institution for Board and Room and other Necessary services and supplies. These Charges must be regularly Incurred at a daily or weekly rate.

Case Management - A collaborative, voluntary process that promotes and attempts to facilitate the delivery of the most clinically appropriate care to patients in the most cost-efficient manner.

Charges - The Provider's list of Charges for services and supplies before any adjustments for discounts, allowances, incentives or settlements. For a Contracting Institutional Provider in the State of Ohio, Charges are the master charge list uniformly applicable to all payers before discounts, allowances, incentives or settlements.

Claims Administrator - Medical Mutual, who has contracted with OPERS to provide certain administrative services under the Plan.

Coinsurance - A percentage of the Allowed Amount of covered services whereby OPERS and Eligible Benefit recipients share in the allowable expense. The Deductible is excluded.

Coinsurance Maximum - A specified dollar amount paid annually by participants based on a percentage of the Allowed Amount of Incurred covered services. Annual Deductible, Copays and any Excess Charges do not count toward the participants Coinsurance Maximum. The Coinsurance Maximums are shown in the applicable Plan Features section of this booklet.

Condition - An injury, ailment, disease, illness or disorder.

Confinement Period - the period of time beginning when you enter a Skilled Nursing Facility and ending when you have been out of the Skilled Nursing Facility for 90 days.

Contract - The agreement between Medical Mutual and OPERS to administer health plan coverage.

Contracting - A Hospital, Physician, Covered Provider or Other Facility Provider is Contracting if it has an agreement with Medical Mutual about payment for Covered Medical Expenses.

Contracting Institutional Provider - A Hospital or Other Facility Provider who has an agreement with Medical Mutual regarding payment for Covered Medical Expenses or is designated by Medical Mutual as Contracting.

Co-payment (Copay) - The amount an OPERS Eligible Benefit Recipient or Eligible Dependent pays for a Covered Medical Expense. Your Co-payments are shown in the Plan Features section of this booklet.

Coverage Maximum - A Coverage Maximum is the most the Plan will pay for certain health care services.

Covered Medical Expenses - The expenses for certain Hospital and other medical services and supplies. They must be for the treatment of a Condition. A complete list of Covered Medical Expenses is shown in this booklet. Even though Medical Mutual determines that services are justified and appropriate, no Charges will be payable for Covered Medical Expenses if they are listed in the Exclusions section of this booklet.

Covered Provider - The following practitioners or entities that are legally qualified and licensed and/or certified as required by law will be considered a Covered Provider:

- Dentist;
- Doctor of chiropractic medicine;
- Durable medical equipment or prosthetic appliance vendor;
- Home health;
- Hospital;
- Laboratory (must be Medicare Approved);
- Licensed Clinical Mental Health Counselor
- Licensed dietician;

- Licensed Practical Nurse (L.P.N.);
- Licensed Professional Counselor (L.P.C.);
- Mechanotherapist (if licensed or certified in Ohio);
- Nurse-midwife;
- Occupational therapist;
- Other Facility Provider;
- Physical therapist;
- Physician;
- Podiatrist;
- Professional ambulance service;
- Psychologist;
- Registered Nurse (R.N.); and
- Urgent Care Provider.

Certain Covered Providers may not bill on their own behalf. They are required by licensing standards to be under the employment or supervision of a Physician.

Custodial Care - Services and supplies furnished mainly to help a Person in the activities of daily life. Custodial Care includes Board and Room and other Institutional care. The Person does not have to be disabled. Such services and supplies are custodial regardless of who prescribes or recommends them, or how and by whom they are performed. Custodial Care is not a covered service.

Custodian - A Person who, by court order, has custody of a child or an adult.

Deductible - The amount of Covered Medical Expenses each Person pays per Benefit Period before Charges are paid. Your Deductible is shown in the Plan Features section of this booklet.

Diagnosis Related Groups (DRG) - A method for identifying a course of treatment commonly associated with a specific diagnosis or Condition.

Directory - A listing of all In-Network Providers. Copies of the Directory may be obtained by calling Medical Mutual or visiting its website.

Durable Medical and Surgical Equipment - This means no more than one item of equipment for the same or similar purpose, and the accessories needed to operate it, that is:

- Made to withstand prolonged use;
- Made for and mainly used in the treatment of a disease or injury;
- Suited for use in the home;
- Not normally of use to Persons who do not have a disease or injury;
- Not for use in altering air quality or temperature;
- Not for exercise or training.

Not included is equipment such as: whirlpools, portable whirlpool pumps, sauna baths, massage devices, over-bed tables, elevators, communication aids, vision aids and telephone alert systems.

Effective Date - 12:01 a.m. on the date when your health care coverage begins, as determined by OPERS and Medical Mutual.

Effective Treatment of Alcoholism or Drug Abuse - A program of alcoholism or drug abuse therapy prescribed and supervised by a Physician. It must either:

- Have a follow-up therapy program, directed by a Physician, on at least a monthly basis; or
- Include meetings at least twice a month with organizations devoted to alcoholism or drug abuse treatment.

The following are not considered effective treatment:

- Detoxification without a specified follow-up therapy program; or
- Maintenance care. This means providing an environment free of alcohol or drugs.

Eligible Benefit Recipient - An individual who is receiving, or is eligible to receive, a monthly benefit payment from OPERS and is properly enrolled in the Plan as determined by OPERS. The term "you" or "your" means an Eligible Benefit Recipient.

Eligible Dependent - The Eligible Benefit Recipient's spouse, child(ren) or sponsored dependent(s), as described in the Enrollment Provisions section of this booklet, who is properly enrolled in the Plan as determined by OPERS.

Emergency Admission - When a Physician admits the Person to the Hospital or treatment facility right after the sudden and, at that time, unexpected onset of a change in the Person's physical or mental Condition that:

- Requires confinement right away as a full-time Inpatient; and
- If immediate Inpatient care was not given could, as determined by Medical Mutual, reasonably be expected to result in:
 1. Placing the Person's health in serious jeopardy;
 2. Serious impairment to bodily function;
 3. Serious dysfunction of a body part or organ; or
 4. In the case of a pregnant woman, serious jeopardy to the health of the fetus or embryo.

Emergency Medical Condition - a medical Condition manifesting itself by acute symptoms of sufficient severity, including severe pain, so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- Placing an individual's health in serious jeopardy, or with respect to a pregnant woman, the health of the woman or her unborn child;
- Serious impairment to the individual's bodily functions; or
- Serious dysfunction of a bodily organ or part of the individual.

Emergency Room Co-payment - A fee you pay each time you visit a Hospital emergency room. It does not apply if you are admitted to the Hospital within 24 hours after an emergency room visit. This Co-payment amount applies to the Charge for use of the emergency room facility only. Your Hospital Emergency Room Copay is based on your Plan selection as shown in the Plan Features section of this booklet.

Emergency Services - a medical screening examination as required by federal law that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, as are required under section 1867 of the Social Security Act (42 U.S.C. 1395dd) to Stabilize the patient.

Essential Health Benefits - Defined under the federal law Patient Protection and Affordable Care Act (PPACA) as including benefits in at least the following categories: ambulatory patient services; emergency services; hospitalization; maternity and newborn care; mental health and substance use disorder services, including behavioral health treatment; prescription drugs; rehabilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care. Your Plan may contain some or all of these types of benefits.

Excess Charges - The amount of Billed Charges, less Non-covered Charges, in excess of the Allowed Amount determined as payable by Medical Mutual for a Non-contracting Provider.

Experimental or Investigational Services - A drug, device, medical treatment or procedure is Experimental or Investigational if:

- There is insufficient outcome data available from controlled clinical trials published in peer-reviewed literature to substantiate its safety and effectiveness for the Condition;
- Required by the FDA, approval has not been granted for marketing;
- A recognized national medical or dental society or regulatory agency has determined, in writing, that it is experimental, investigational or for research purposes;
- Written protocol(s) used by the treating facility or the protocol(s) of any other facility studying substantially the same drug, device, procedure or treatment, or the written informed consent used by the treating facility or by another facility studying the same drug, device, procedure or treatment states that it is experimental, investigational or for research purposes.

However, if the Eligible Benefit Recipient has a sickness or Condition that is expected to cause death within two years, Medical Mutual may, in its discretion, consider an otherwise Experimental or Investigational drug, device, medical treatment or procedure to be a Covered Medical Expense for that sickness or Condition.

Prior to such a consideration, Medical Mutual must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has been established to be medically appropriate and suitable for a Eligible Benefit Recipient with this sickness or Condition.

If the service would be part of a clinical trial, the trial must be sponsored or funded by one of the following entities:

- The National Institutes of Health(NIH) or one of its institutes, cooperative groups or centers under the United States Department of Health and Human Services(HHS);
- The United States Food and Drug Administration (FDA);
- The Agency for Healthcare Research and Quality (AHRQ);
- The United States Department of Defense (DOD);
- The United States Department of Veterans Affairs (VA)

In addition, the Eligible Benefit Recipient's Physician must certify in writing to each of the following:

- The Eligible Benefit Recipient has a life-threatening Condition that according to the current diagnosis has a high probability of causing death within two years.
- One of the following situations is applicable to the Eligible Benefit Recipient's Condition:
 1. Standard therapies have not been effective in improving the Eligible Benefit Recipient's Condition; or
 2. Standard therapies are not medically appropriate for the Eligible Benefit Recipient; or
 3. No standard therapy covered by Medical Mutual is more beneficial than a therapy recommended by the Eligible Benefit Recipient's Physician or requested by the Eligible Benefit Recipient.

A review by an independent medical professional or a panel of independent medical professionals who treat the type of Condition involved supports the determination of Medical Mutual that there is sufficient evidence to conclude that the recommended procedure is the more likely than not to be more beneficial to the Eligible Benefit Recipient than standard therapies.

Expenses that do not meet the above definition may be considered for coverage. See the Experimental Treatment section of this booklet.

Gender Dysphoria - The discomfort or distress that is caused by a discrepancy between a person's gender identity and that person's sex assigned at birth. Medical treatment includes feminization (male-to-female or MtF) or masculinization (female-to-male or FtM) of the body through hormone therapy and/or surgery, and psychotherapy including counseling and support. Gender reassignment surgery (transsexual surgery or sex reassignment surgery) refers to surgical procedures for the treatment of Gender Dysphoria.

Home Health Care Agency - An agency that meets all the following criteria:

- Provides mainly skilled nursing and other therapeutic services;
- Is associated with a professional group that makes policy. This group must have at least one Physician and one R.N.;
- Has full-time supervision by a Physician or an R.N.;
- Keeps complete medical records on each Person;
- Has a full-time administrator;
- Meets licensing standards; and
- Submits Charges.

Home Health Care Plan - A plan that provides for continued care and treatment of a Condition. The care and treatment must be:

- Prescribed in writing by the attending Physician; and
- An alternative to staying in the Hospital or Skilled Nursing Facility.

Hospice Care - Care given to a Terminally Ill Person by, or under arrangements with, a Hospice Care Agency. The care must be part of a Hospice Care Program.

Hospice Care Agency - An agency or organization that:

- Has Hospice Care available 24 hours a day;
- Meets any licensing or certification standards set forth by local jurisdiction;
- Provides skilled nursing services, medical social services, psychological and dietary counseling and bereavement counseling for the Immediate Family;
- Provides, or arranges for, other services, including:
 1. Services of a Physician;
 2. Physical or occupational therapy;
 3. Part-time home health aide services that consist mainly of caring for Terminally Ill Persons; and
 4. Inpatient care in a facility when needed for pain control and acute and chronic symptom management.
- Has personnel that includes at least one:
 1. Physician;
 2. R.N.;
 3. Licensed or certified social worker employed by the agency; or other counselor.
- Establishes policies governing the provision of Hospice Care;
- Assesses the patient's medical and social needs;
- Develops a Hospice Care Program to meet those needs;
- Provides an ongoing quality assurance program, including reviews by Physicians other than those who own or direct the agency;
- Permits all area medical personnel to utilize its services for their patients;
- Keeps a medical record on each patient;
- Utilizes volunteers trained in providing services for non-medical needs;
- Has a full-time administrator; and
- Submits Charges.

Hospice Care Program - Hospice Care that:

- Is established by and reviewed from time to time by a Physician attending the Person and appropriate personnel of a Hospice Care Agency;
- Is designed to provide palliative and supportive care to Terminally Ill Persons and supportive care to their families; and
- Includes an assessment of the Person's medical and social needs and a description of the care to be given to meet those needs.

Hospice Facility - A facility, or distinct part of one, that:

- Provides mainly Inpatient Hospice Care to Terminally Ill Persons;
- Charges its patients;
- Meets any licensing or certification standards set forth by local jurisdiction;
- Keeps a medical record on each patient;
- Provides an ongoing quality assurance program, including reviews by Physicians other than those who own or direct the facility;
- Is run by a staff of Physicians, one of whom must be on call at all times;
- Provides 24 hours/day, 7 days/week nursing services under the direction of an R.N.; and
- Has a full-time administrator.

Hospital - An institution that meets all of the following criteria:

- Provides mainly Inpatient facilities for the surgical and medical diagnosis, treatment and care of injured and sick Persons;
- Is supervised by a staff of Physicians;
- Provides R.N. services 24 hours/day, 7 days/week;
- Is not a place mainly for rest, for the aged, for drug addicts, for alcoholics or a nursing home;
- Submits Charges; and

- Meets all licensing standards.

Hospital Inpatient Co-payment - The part of your expenses you pay each time you are in the Hospital. The Hospital Admission Deductible applies just once to all Hospital stays for the same or related cause as long as they are 60 days or less apart. Expenses used to meet the Hospital Admission Deductible cannot be used to meet any other Deductible that applies.

Immediate Family - You and your spouse, parents, stepparents, grandparents, nieces, nephews, aunts, uncles, cousins, brothers, sisters, children and stepchildren by blood, marriage or adoption.

Incurred - rendered to you by a Provider. All services rendered by the Institutional Provider during an Inpatient admission prior to termination of coverage are considered to be Incurred on the date of admission.

In-Network Area - A geographical area designated by Medical Mutual and OPERS as meeting specific standards pertaining to access to In-Network Providers.

In-Network Care - A healthcare service or supply furnished by:

- An In-Network Provider.
- A Non-Network Provider based on the referral of your In-Network Provider and if approved by Medical Mutual.
- Any healthcare Provider for an emergency Condition when travel to an In-Network Provider or referral by your In-Network Provider prior to treatment is not feasible.

In-Network Provider - A healthcare Provider that has contracted to furnish services for a Negotiated Amount, but only if the Provider is, with Medical Mutual's consent, included in the Directory as an In-Network Provider for:

- The service or supply involved; and
- The class of Eligible Beneficiaries of which you belong.

In-Network Providers include Primary Care Physicians and a variety of specialists and facilities. For a list of Providers, contact Medical Mutual or check the Medical Mutual website.

Inpatient - A Person who receives care as a registered bed patient in a Hospital or Other Facility Provider where a Board and Room Charge is made.

Legal Guardian - An individual who is either the natural guardian of another or who was appointed a guardian in a legal proceeding by a court having appropriate jurisdiction.

Lesser Amount - The Lesser Amount means the lesser of the Allowed Amount or the Covered Medical Expenses.

Life-threatening Condition - any disease or Condition from which the likelihood of death is probable unless the course of the disease or Condition is interrupted.

L.P.N. - A Licensed Practical Nurse.

Maintenance Care - Services or supplies that are furnished principally to maintain rather than improve a level of physical or mental function or to provide a protected environment free from exposure that can worsen the Person's physical or mental Condition.

Maximum Out-of-Pocket - a specified dollar amount of Deductible, Coinsurance and Copayment expense Incurred in a Benefit Period by a Person for Covered Medical Expenses.

Medical Care - Professional services received from a Covered Provider to treat a Condition.

Medical Home Provider - A team-based healthcare delivery model recognized by the National Committee for Quality Assurance (NCQA) or the Comprehensive Primary Care Initiative (CPCI) or Comprehensive Primary Care Plus (CPC+) led by a Physician that provides comprehensive and continuous medical care to patients with the goal of obtaining best possible health.

Medical Plan Description - (MPD) This document.

Medicare - The program of healthcare for the aged and disabled established by Title XVIII of the Social Security Act of 1965, as amended.

Medicare Approved - The status of a Provider that is certified by the U.S. Department of Health and Human Services to receive payment under Medicare.

Mental Disorder - A disease commonly understood to be a Mental Disorder - whether or not it has a physiological or organic basis - and for which treatment is generally provided by or under the direction of a mental health professional such as a psychiatrist, psychologist or psychiatric social worker. A Mental Disorder includes but is not limited to:

- Alcoholism and drug abuse;
- Schizophrenia;
- Bipolar disorder;
- Panic disorder;
- Major depressive disorder;
- Psychotic depression; and
- Obsessive-compulsive disorder.

For the purposes of coverage under this Plan, Mental Disorder will include alcoholism and drug abuse only if any separate coverage for a particular type of treatment does not apply to alcoholism and drug abuse.

Necessary - A service or supply furnished by a particular Provider is Necessary if Medical Mutual determines that it is appropriate for the diagnosis, care or the treatment of the Condition involved.

To be appropriate, the service or supply must:

- Be care or treatment that is as likely to produce a significant positive outcome as, and no more likely to produce a negative outcome than, any alternative service or supply, both as to the Condition involved and the Person's overall health Condition;
- Be a diagnostic procedure, indicated by the health status of the Person, that is as likely to result in information that could affect the course of treatment as, and no more likely to produce a negative outcome than, any alternative service or supply, both as to the Condition involved and the Person's overall health Condition; and
- Be no more costly as to diagnosis, care and treatment (taking into account all health expenses Incurred in connection with the service or supply) than any alternative service or supply to meet the above tests.

In determining if a service or supply is appropriate under the circumstances, Medical Mutual will consider:

- Information provided on the affected Person's health status;
- Reports in peer-reviewed medical literature;
- Reports and guidelines published by nationally recognized healthcare organizations that include supporting scientific data;
- Professional standards of safety and effectiveness generally recognized in the United States for diagnosis, care or treatment;
- The opinion of health professionals in the generally recognized health specialty involved; and
- Any other relevant information brought to Medical Mutual's attention.

In no event will the following services or supplies be considered to be Necessary:

- Those furnished mainly for the personal comfort or convenience of:
 1. The Person;
 2. Any Person who cares for him or her;
 3. Any Person who is part of his or her family; or
 4. Any healthcare Provider or healthcare facility.
- Those furnished solely because the Person is an Inpatient on any day on which the Person's Condition could safely and adequately be diagnosed or treated while not confined; or
- Those furnished solely because of the setting if the service or supply could safely and adequately be furnished in a less costly setting.

Negotiated Amount - This is the amount an In-Network Provider or a Contracting Provider has agreed to accept as payment in full from Medical Mutual for any service or supply covered under this Plan.

Network Area - The area where In-Network Providers for this Plan are located as determined by Medical Mutual.

Non-Contracting - The status of a Provider that does not have an agreement with Medical Mutual about payment for Covered Medical Expenses.

Non-Contracting Amount - The maximum amount allowed by Medical Mutual for Covered Medical Expenses provided to Medical Mutual enrollees by a Non-Contracting Provider based on the various factors, including, but not limited to, market rates for that service, Negotiated Amounts for that service, and Medicare reimbursement for that service.

Non-Covered Charges - Billed Charges for services and supplies that are not Covered Medical Expenses.

Non-Urgent Admission - A Hospital admission that is not an Emergency Admission or an Urgent Admission.

Orthodontic Treatment - Any medical or dental service or supply furnished to prevent, diagnose or correct a misalignment of the teeth, bite, jaws or jaw-joint relationships, whether or not for the purpose of relieving pain. It does not include the installation of a space maintainer or a surgical procedure to correct malocclusion.

Other Facility Provider - Institutions that are licensed, when required, and where covered services are rendered that require compensation from their patients. Other than incidentally, these facilities are not used as offices or clinics for the private practice of a Physician or Covered Provider. Medical Mutual will provide coverage only for services or supplies for which a Charge is made. Other Facility Providers include but are not limited to Alcoholism and Drug Abuse Treatment Facilities, Home Health Care Agencies and Skilled Nursing Facilities.

Out-of-Area Plan - A healthcare plan in which any Provider can be used. The enrollee is reimbursed for expenses or assigns reimbursement to the Provider. The Out-of-Area Plan applies to Eligible Benefit Recipients and Eligible Dependents who are not eligible for Medicare and live in areas outside of a Medical Mutual Network Area.

Out-of-Network Area - An area not designated as In-Network by Medical Mutual.

Out-of-Network Care - A healthcare service or supply furnished by a healthcare Provider that is not an In-Network Provider, if, as determined by Medical Mutual:

- The service or supply could have been provided by an In-Network Provider; and
- The Provider falls into one or more of the types of Providers listed in the Directory.

Out-of-Network Provider - A healthcare Provider that has not contracted with Medical Mutual to furnish services within the Network for a Negotiated Amount.

Outpatient - The status of a Person who receives services or supplies through a Hospital, Other Facility Provider, Physician or Covered Provider while not confined as an Inpatient.

Payment Percentage - After any applicable Deductible, healthcare Charges are paid at the Payment Percentage that applies to Covered Medical Expenses Incurred. Coverage may vary depending on whether an In-Network Provider is used.

Person - An Eligible Benefit Recipient or Eligible Dependent, as determined by OPERS, who has met all conditions of eligibility and has successfully enrolled under this Plan.

Physician - A Person licensed to practice medicine.

Plan - The medical coverage Plan of the Ohio Public Employees Retirement System (OPERS).

PPACA - Patient Protection and Affordable Care Act. A United States federal statute signed into law on March 23, 2010.

Preferred Provider Organization (PPO) - A healthcare plan that contracts with select Providers who agree to offer healthcare services to enrollees at contractually set reimbursement levels.

PPO Plan and Interim Plan - The Preferred Provider Organization Plan applies to Eligible Benefit Recipients and Eligible Dependents who are not eligible for Medicare and who reside in designated In-Network Areas.

The Interim Plan applies to Eligible Benefit Recipients who are not eligible for Medicare and who reside in Ohio and areas outside Ohio and are re-employed in an OPERS-covered position.

Primary Care Provider (PCP) - a Physician, group of Physicians, certified nurse practitioner, Physician assistant or advanced practice nurses trained in family practice, general practice, geriatrics, internal medicine, pediatrics, psychiatry, psychology, neonatology, obstetrics or gynecology.

Professional Ambulance - A vehicle that is staffed with medical personnel and equipped to transport an ill or injured Person.

Provider - A Hospital, Physician, Covered Provider or Other Facility Provider.

Provider's Rate - For In-Network and Contracting Providers, the Provider's Rate is the Negotiated Amount. For Non-Contracting Providers, the Provider's Rate is the Non-Contracting Amount, which will likely be less than the Provider's Billed Charges.

R.N. - A Registered Nurse.

Routine Patient Costs - all healthcare services that are otherwise covered under the Plan for the treatment of cancer or other Life-threatening Condition that is typically covered for a patient who is not enrolled in an Approved Clinical Trial.

Semi-private Rate - The Charge for Board and Room that an institution applies to the majority of beds in semi-private rooms with two or more beds. If there are no such rooms, Medical Mutual will determine the rate. It will be the rate most commonly charged by similar institutions in the same geographic area.

Skilled Nursing Care - Care that requires the skill, knowledge or training of a Physician or of a Registered Nurse, Licensed Practical Nurse or physical therapist performed under the supervision of a Physician. In the absence of such care, the Eligible Benefit Recipient's health would be seriously impaired.

Skilled Nursing Facility - An institution that meets all the following criteria:

- Is licensed to provide, and does provide, the following services on an Inpatient basis for Persons convalescing from a Condition:
- Professional 24 hours/day, 7 days/week nursing care by an R.N. or L.P.N. and directed by a full-time R.N.; and
- Physical restoration services to help patients meet a goal of self-care in daily living activities (such as bathing, feeding, personal grooming, dressing, getting in and out of bed or a chair, or using the toilet);
- Is supervised full time by a Physician or R.N.;
- Keeps a complete medical record on each patient;
- Is not mainly a place for rest, for the aged, for drug addicts, for alcoholics, for Persons with mental retardation, for Custodial Care or educational care, or for care of Mental Disorders; and
- Submits Charges.

Specialist - a Physician, group of Physicians, certified nurse practitioner, Physician assistant or advanced practice nurses in other than family practice, general practice, geriatrics, internal medicine, pediatrics, psychiatry, psychology, neonatology, obstetrics or gynecology.

Stabilize - with respect to an Emergency Medical Condition, to provide such medical treatment of the Condition as may be Necessary to assure, within reasonable medical probability that no material deterioration of the Condition is likely to result from or occur during the transfer of the individual from a facility.

Subject of a Clinical Trial - the healthcare service, item, or drug that is being evaluated in the Approved Clinical Trial and that is not a Routine Patient Cost.

Surgery - Is defined as:

- Performance of generally accepted operative and other invasive procedures;
- Correction of fractures and dislocations;
- Usual and related preoperative and postoperative care; or
- Other procedures as reasonably approved by Medical Mutual.

Surgery Center - A freestanding ambulatory surgical facility that:

- Meets licensing standards;
- Is set up, equipped and operated to provide surgical services;
- Submits Charges;
- Is directed by a staff of Physicians, one of whom must be on the premises when Surgery is performed and during the recovery period;
- Has at least one certified anesthesiologist on the premises when Surgery requiring general or spinal anesthesia is performed and during the recovery period;
- Extends surgical staff privileges to Physicians who practice Surgery in an area Hospital and Dentists who perform oral Surgery;
- Has at least two operating rooms and one recovery room;
- Provides, or arranges with a medical facility in the area, for diagnostic X-ray and lab services needed in connection with Surgery;

- Does not have a place for patients to stay overnight;
- Provides, in the operating and recovery rooms, full-time Skilled Nursing Care directed by an R.N.;
- Is equipped and has trained staff to handle medical emergencies;
- Has a:
 1. Physician trained in cardiopulmonary resuscitation;
 2. Defibrillator;
 3. Tracheotomy set; and
 4. Blood volume expander.
- Has a written agreement with a Hospital in the area for immediate emergency transfer of patients. Written procedures for such a transfer must be displayed and the staff must be aware of them;
- Provides an ongoing quality assurance program, including reviews by Physicians who do not own or direct the facility; and
- Keeps a medical record on each patient.

Terminally III - A medical prognosis of six months or less to live.

Transplant Center - A facility approved by Medical Mutual that is an integral part of a Hospital and that:

- Has consistent, fair and practical criteria for selecting patients for transplants;
- Has a written agreement with an organization that is legally authorized to obtain donor organs; and
- Complies with all federal and state laws and regulations that apply to transplants covered under this Medical Plan Description.

Urgent Admission - An admission to the Hospital because of the onset of or a change in a disease, or the diagnosis of a Condition caused by an accident that, while not needing an Emergency Admission, is severe enough to require confinement as an Inpatient in a Hospital within two weeks from the date the need for the confinement becomes apparent.

Urgent Care Provider - A Covered Provider that performs services for health problems that require immediate medical attention but are not emergencies.

Women's Health and Cancer Rights Act - The Women's Health and Cancer Rights Act of 1998 was put into effect on Oct. 21, 1998. It applies to women who want to have a breast reconstruction for a breast that was lost due to cancer. The act states that health plans must cover reconstructive breast Surgery if they cover mastectomy (removal of a breast). The Plan must cover:

- Reconstruction of the breast that was removed;
- Surgery and reconstruction of the other breast for a balanced look; and
- Prostheses (false breast) and treatment of problems resulting from the breast removal Surgery, including lymphedemas.

Medical Mutual will work with the patient and the patient's Physician to decide how Charges will be paid. The Plan's regular Co-payments and Deductibles will apply to these Charges.

ENROLLMENT PROVISIONS

The Effective Date of coverage will be determined by OPERS. When you enroll, there may be a waiting period before coverage can become effective. Contact OPERS for complete enrollment guidelines.

No Person may be covered both as an Eligible Benefit Recipient and Eligible Dependent or as an Eligible Dependent of more than one Eligible Benefit Recipient. OPERS will not be the responsible system for healthcare coverage for those retirees or dependents of retirees who waive coverage, or who become eligible for coverage from another Ohio Retirement System (State Teachers Retirement System, Ohio Police & Fire Pension Fund, School Employees Retirement System of Ohio or State Highway Patrol Retirement System) after January 1, 2007. OPERS' coverage can be chosen as secondary coverage, however, as long as eligibility requirements for the OPERS Retiree Health Plan are met.

If you will be residing at a different location on a permanent or seasonal basis, you will need to contact OPERS with your address correction.

If you are an Inpatient when coverage is effective, the plan covering you upon admission continues to be the primary payer until you are discharged.

Eligible Benefit Recipient

You are considered to be an Eligible Benefit Recipient if you are receiving or you are eligible to receive, a monthly benefit payment from OPERS, and are eligible and properly enrolled in the Plan as determined by OPERS. The term "you" or "your" means an Eligible Benefit Recipient.

Eligible Dependents

In accordance with the Ohio Administrative Code 145-4-09 and section 152 of the Internal Revenue Code, if you receive a monthly age and service or disability benefit, you only may enroll:

- Your legal spouse. You must provide a valid marriage certificate recognized by Ohio law and valid proof of birth.
Per the OAC 145-4-09: The spouse of a primary benefit recipient. The spouse must establish a marriage by a valid marriage certificate recognized by Ohio law.
- Your biological or legally adopted child or minor grandchild if the grandchild is born to an unmarried, un-emancipated minor child and you are ordered by the court to provide coverage pursuant to Ohio Revised Code, section 3109.19. You must provide valid proof of birth for the child.

In order for a child to be eligible for coverage, the child must be younger than age 26. This Plan will cover your married or unmarried child until your child reaches age 26, unless your child is eligible to enroll in an employer sponsored health plan, other than a group health plan of a parent. Coverage may be extended if the child is permanently and totally disabled prior to age 22. This means that the child is not able to work in any substantial gainful activity because of a physical or mental impairment which has lasted or is expected to last for at least 12 months. Evidence of the incapacity is required and is subject to approval by OPERS.

You must notify OPERS in writing, within 30 days of the date your Eligible Dependent no longer meets eligibility requirements and indicate the date your dependent is no longer eligible. Monthly contributions do not guarantee coverage if your dependent no longer meets the eligibility requirements. Failure to notify OPERS could result in overpaid healthcare claims for which you will be responsible.

Incapacitated Children

To qualify as an incapacitated child, an individual must be unmarried and meet the following criteria:

The unmarried child has a mentally or physically disabling Condition that was confirmed by a qualified Physician as beginning prior to the child reaching age 22.

Eligibility Date for Coverage

This is the date when you will become eligible for coverage under the Plan. OPERS determines this date.

Enrolling Eligible Dependents

You may enroll your Eligible Dependents at the time of your retirement or:

- In the event your Eligible Dependent is covered under another health plan and is involuntarily terminated, or that Eligible Dependent is newly qualified by certain events including but not limited to marriage, birth or adoption, and the application is received with all required supporting documentation within 60 days of the event. Coverage will start no later than 31 days from the date OPERS receives the application.
- During an open enrollment period. Coverage will begin the following January 1.

During Open Enrollment

In the fall, you may have the opportunity to change your healthcare Plan or enroll for the first time during an open enrollment period. You may enroll yourself and/or your Eligible Dependents during the open enrollment period, provided that you satisfy the definition of an Eligible Benefit Recipient eligible for healthcare coverage and your Eligible Dependents satisfy the definition of Eligible Dependent. Details will be provided each fall in your open enrollment materials.

Medicare Eligibility

The month you or your spouse are enrolled in Medicare Parts A and B, you will have the option to enroll in an individual Medicare plan through OPERS' Medicare Connector administered by One Exchange.

Pre-existing Conditions

There are no pre-existing Condition limitations under the Plan. An Eligible Benefit Recipient and his/her Eligible Dependents may enroll in or change Plans with continued coverage for Covered Medical Expenses regardless of their current or past medical Condition(s).

Voluntary Withdrawal from the OPERS healthcare plan

Beginning Jan. 1, 2014, retirees who voluntarily elect to withdraw from the OPERS healthcare plan may only re-enroll with proof of creditable coverage in another healthcare plan. With proof of creditable coverage, retirees may re-enroll during the annual open enrollment period or within 60 days of involuntary termination of healthcare coverage under another plan. Documentation of the termination is required.

High-Deductible Health Plans (HDHPs)

Federal law prohibits retirees from being covered by the OPERS healthcare plan as secondary when enrolled in an employer's high-deductible health plan (HDHP) and a health savings account (HSA).

(For more information about federal limitations regarding participation in an HDHP/HSA and an employer health plan, please consult the left column of page 4 of [IRS Publication 969: Health Savings Accounts and Other Tax-Favored Health Plans](#) under "Other health coverage.")

SCHEDULE OF COVERAGE

Medical Mutual Preferred Provider Organization

The Preferred Provider Organization (PPO) applies to Eligible Benefit Recipients and Eligible Dependents who reside in Ohio and areas outside Ohio designated as a PPO area; contact Medical Mutual for specific zip codes designated as PPO areas. **Contact OPERS anytime your address changes.**

PPOs contract with select Providers representing Primary Care Providers, a variety of Specialists and facilities. In-Network Providers agree to offer healthcare services to OPERS Eligible Benefit Recipients at preset reimbursement levels or Negotiated Amounts. In return, these Providers receive patient referrals and prompt payment from the PPO. PPOs allow enrollees to receive healthcare services outside the network, usually in exchange for a higher Coinsurance amount. Under the OPERS Retiree Health Plan, such services would be considered under Out-of-Network coverage.

You and your Eligible Dependents will be covered at least partially no matter which Physicians or Hospitals you choose. However, if you live in an In-Network Area and wish to receive the maximum available coverage, you will need to use an In-Network Provider. If you receive services from a Non-Contracting Provider, you may be subject to Balance Billing by the Provider for the difference between the Covered Medical Services and the Allowed Amount.

Medical Mutual contracts with an extensive network of selected Hospitals and Physicians. The network includes a broad range of Physicians in general practice, family practice and internal medicine, and in specialties such as gynecology, cardiovascular services, neurology, radiology and cancer treatment. Before a Physician is eligible to join the network, a thorough application process is required. For a Directory of In-Network Providers, call Medical Mutual or check Medical Mutual's website.

If you use In-Network Providers, you will receive the coverage described under the "In-Network" column listed in the Plan Features section of this booklet. All In-Network Providers have agreed to accept Medical Mutual's reimbursements as payment in full, less applicable Deductible and Coinsurance amounts that are payable by you. You will not be Balance Billed the difference between Medical Mutual's Negotiated Amount with the Provider and his/her billed amount.

If you choose an Out-of-Network Provider or a Non-Contracting Provider (other than hospital-based physicians), even if the services are provided at an In-Network Hospital, the Charges for that Physician's services will be paid at the Out-of-Network coverage levels listed in the Plan Features section of this booklet. **You will be responsible for Charges above the Allowed Amount in addition to any Deductible or Coinsurance amounts up to the Billed Charges.** In addition, you are responsible for ensuring that precertification is obtained by your Out-of-Network Provider to avoid an Inpatient Certification Penalty. (See Certification for Hospital Admissions section).

If you plan to seek services from Out-of-Network Providers because you cannot find that type of Specialist or service in your Directory, contact Medical Mutual's Customer Care department prior to your appointment to find out if the In-Network level of Charges will be payable. Medical Mutual will help you find In-Network Specialists and services available or verify for you that your Out-of-Network Provider will be paid at In-Network coverage levels.

Claims for care you receive from a Medical Mutual Contracting Provider outside the network will be paid at Out-of-Network coverage levels listed in the tables in the Plan Features section of this booklet. Contracting Providers have agreed to accept Medical Mutual's Negotiated Amounts as payment in full, less your applicable Deductible and Coinsurance amounts. You will not be Balance Billed the difference between Medical Mutual's Negotiated Amount and the Provider's billed amount.

If you receive services from a Non-Contracting Provider, Medical Mutual will pay the claim at its Non-Contracting Amount and you will be Balance Billed for the remaining amount of the bill, up to the Billed Charges.

If you are hospitalized and require the services of Hospital-based Physicians such as radiologists, pathologists, anesthesiologists or emergency room Physicians, payment for those services at In-Network or Out-of-Network Hospitals will be based upon a determination of the Allowed Amount. The payment percentage at an In-Network Hospital will be at the In-Network level for Physicians' Charges even though these Physicians may not be In-Network Providers. The Payment Percentage at an Out-of-Network Hospital will be paid at the Out-of-Network coverage level. You may be Balance Billed for Excess Charges above Medical Mutual's determination of the Allowed Amount in addition to any Deductible or Coinsurance.

In the case of a life-threatening emergency, you should seek care at the nearest Hospital. When such an emergency requires air ambulance services, payment for Covered Medical Expenses will be based upon a determination of Medical Mutual's Allowed Amount.

In the event of any of the following scenarios, contact Medical Mutual's Customer Care department. Coverage details vary by scenario.

- No In-Network Provider with contract rates at or below the established Coverage Maximum within 15 miles for urban and suburban areas and 40 miles for rural areas of Participant's permanent residence.
- No In-Network Provider within 40 miles of Participant's permanent residence.
- Participant experiences a true medical emergency and is balance-billed by an Out-of-Network Provider.
- Participant is balance billed after receiving treatment from an Out-of-Network Hospital-based Physician at an In-Network facility.
- Participant is being balance billed by an Out-of-Network Specialist at an In-Network facility for a test interpretation.
- Participant is being balance billed after receiving treatment from an Out-of-Network hospitalist at an In-Network facility.
- Participant's lab results are determined by technical readings (computer generated) for out-of-state.
- Participant is being balance billed after receiving treatment from an Out-of-Network Provider on call for an In-Network Provider.
- Participant's lab results are determined by technical readings (computer generated) for out-of-state Providers.

Interim Plan

The Interim Plan applies to Eligible Benefits Recipients who are not eligible for Medicare and who reside in Ohio and areas outside Ohio and are re-employed in an OPERS-covered position.

- A "re-employed retiree" is defined as an OPERS retiree drawing his or her pension while at the same time being employed by an OPERS-covered employer who is paying into OPERS.
- Retirees considering re-employment in an OPERS-covered position should contact OPERS first to be certain they have a complete understanding of the impact re-employment could have on their OPERS healthcare coverage.
- Deductibles, coinsurance maximums, total Out-of-Pockets, and Maximum Out-of-Pockets will carry over if a retiree moves from the Medical Mutual Interim Plan to the Medical Mutual PPO Plan or vice versa during a single Benefit Period.

Out-of-Area Plan

Under the Out-of-Area Plan you may use any Provider to receive coverage up to the Allowed Amounts. The Out-of-Area Plan applies to:

- Eligible Benefit Recipients and Eligible Dependents who live outside of a Medical Mutual Network Area. In some states, some areas are Network areas while other areas have only the Out-of-Area Plan available.

DESCRIPTION OF COVERAGE

General Information About What Is Paid And For What Period

This Plan covers expenses, not a disease or injury itself. This means the Plan pays only for expenses you have while the coverage is in effect. No payments are made for expenses you had before coverage started or will have after coverage ends. This is true even if you had expenses because of an accident, injury or disease that happened, started or was going on while coverage was in effect.

If a Plan rule allows for coverage to continue, the above will not apply for expenses after coverage has terminated.

When a Charge is made to you for a service or supply, it is "Incurred." A Charge is Incurred on the day you receive the service or supply. If one Charge is made for a series of services, a "pro-rata" Charge is figured for each. Medical Mutual will determine the pro-rata Charge. This means the Charge is broken down into equal parts. This is not done if your bill or other proof shows the Charge for each service.

Neither OPERS nor Medical Mutual assumes any responsibility for the outcome of any covered services or supplies and makes no express or implied warranties concerning the outcome of any covered services or supplies.

COMPREHENSIVE MEDICAL EXPENSE COVERAGE

Comprehensive Medical Expense Coverage is merely a name for the coverage in this section. This term does not mean all medical expenses are covered. There are Exclusions, Deductibles and Co-payments you must pay. These are all described in this booklet. All Covered Medical Expenses must be Necessary, unless otherwise specified.

The Plan Features section of this booklet outlines the Payment Percentages for the main types of Covered Medical Expenses. These covered expenses are described on the following pages.

After any applicable Deductible, health expenses are paid at the Coinsurance level that applies to the Covered Medical Expenses Incurred.

The following are Covered Medical Expenses:

Alcoholism and Drug Abuse

Inpatient Treatment

If a Person is confined in a Hospital or Alcoholism or Drug Abuse Residential Treatment Facility, the expenses Incurred for detoxification are covered, but only if the detoxification is for the effective treatment of the underlying causes leading to rehabilitation from the addiction (e.g., cirrhosis of the liver, delirium tremens or hepatitis). Inpatient care must be approved by Medical Mutual prior to admission.

See also: "*Certification for Other Services*" later in this section.

Outpatient Treatment

If a Person is not an Inpatient in either a Hospital or in an Alcoholism or Drug Abuse Treatment Facility, expenses for the Effective Treatment of Alcoholism or Drug Abuse are covered. The Charges will be paid at the Payment Percentage shown in the Plan Features section of this booklet.

The coverage also shows the limit on how much the Plan will pay for each Person.

Effective Treatment of Alcoholism and Drug Abuse is explained in the Definitions section.

Allergy Tests and Treatment

Allergy tests that are performed and related to a specific diagnosis are Covered Medical Expenses. Allergy shots also are covered.

Ambulance Services

Covered Medical Expenses for professional ambulance services include local ground transportation by a vehicle equipped and used only to transport the sick and injured:

- From your home or from the scene of an accident or medical emergency to a Hospital;
- Between Hospitals;
- Between a Hospital and Skilled Nursing Facility;
- From a Hospital or Skilled Nursing Facility to your home; or
- From your home to a Physician's office and then to a Hospital.

Trips must be to the closest facility that is medically equipped to provide the Covered Medical Expenses appropriate for your Condition.

Transportation also will be covered when provided by a professional ambulance service for other than local ground transportation only when special treatment is required and the transportation is to the nearest Hospital qualified and able to provide the special treatment.

Transportation services provided by ambulette or wheelchair van are NOT covered.

Case Management

Through Case Management, alternative treatment options not listed in this *Medical Plan Description* or listed as Exclusions, may be considered for coverage when Medical Mutual determines such options will be cost effective and will promote optimal outcomes and are agreed to by the attending Physician and the patient.

Certification for Hospital Admissions

Hospital admissions require certification for Covered Medical Expenses to be payable as described below. To avoid inpatient certification penalties, use network Hospitals.

If you receive services from an In-Network Provider, the In-Network Provider is responsible for certification. If you receive services from an Out-of-Network Provider, you are responsible for certification. Certification of days of confinement can be obtained as follows:

- If the admission is a Non-Urgent Admission, the Person or the Person's Physician must obtain certification by calling the number shown on your medical identification card. This must be done at least 14 days before the date the Person is scheduled to be confined as a full-time Inpatient;
- If the admission is an Emergency or Urgent Admission, the Person, the Person's Physician or the Hospital must obtain certification by calling the number shown on your medical identification card. This must be done:
 - Not later than 48 hours following the start of a confinement as a full-time Inpatient who requires an Emergency Admission, unless it is not possible for the Physician to request certification within that time. In that case, it must be done as soon as reasonably possible; or
 - In the event the confinement starts on a Friday or Saturday, the 48-hour requirement will be extended to 72 hours.

If a Person becomes confined in a Hospital as a full-time Inpatient and Medical Mutual has not certified that such confinement (or any day of such confinement) is Necessary, and the confinement has not been ordered and prescribed by a Physician who is an In-Network Provider, then Covered Medical Expenses Incurred on any day not certified during the confinement will be paid as follows:

- If certification has been requested and denied or certification has not been requested and the confinement is not Necessary, no coverage will be paid for Hospital expenses Incurred for Board and Room during the confinement;
- Payments for other Covered Medical Expenses will be paid at the Payment Percentage after any Deductible.

Whether or not a day of confinement is certified, no coverage will be paid for Covered Medical Expenses Incurred on any day of confinement as a full-time Inpatient if excluded by any other terms of this Plan. No coverage will be paid for services determined by Medical Mutual to not be Necessary. If certification has been given for a day of confinement, the exclusion of services and supplies because they are not Necessary will not be applied to expenses for Hospital Board and Room.

If, in the opinion of the Person's Physician, it is Necessary for the Person to be confined for a longer time than already certified, the Person, the Physician or the Hospital may request that more days be certified by calling the number shown on your medical identification card. This must be done no later than the last day that has already been certified.

Certification for Other Services

If a Person incurs Covered Medical Expenses while confined in a Skilled Nursing Facility, or incurs Covered Medical Expenses for a service or a supply for Home Health Care while not confined as an inpatient for Skilled Nursing Care, and Medical Mutual has not certified that such confinement or any day of it is Necessary, or such services or supplies (either specifically or as a part of a planned program of care) are Necessary, or the confinement or service or supply has

not been ordered or prescribed by an In-Network Provider, then such Covered Medical Expenses will be paid only as follows:

- Expenses Incurred while confined in a Skilled Nursing Facility:
 - If certification has been requested and denied, no coverage will be paid for Skilled Nursing facility expenses Incurred for Board and Room. Coverage for all other Skilled Nursing Facility expenses Incurred during confinement will be paid at the Payment Percentage after any Deductible.
 - If certification has not been requested and the confinement (or any day of such confinement) is not Necessary, no coverage will be paid for Skilled Nursing Facility expenses Incurred for Board and Room. Coverage for all other such expenses will be paid at the Payment Percentage after any Deductible.
 - If certification has not been requested and the confinement (or any day of such confinement) is Necessary, Skilled Nursing Facility expenses Incurred during confinement will be deemed to be Covered Medical Expenses. Coverage will be paid at the Payment Percentage after any Deductible.
- Expenses for Covered Medical Expenses Incurred for services or supplies either as stated or as a part of a planned program of care for Home Health care while not confined as an inpatient for Skilled Nursing Care:
 - If certification for a service or supply has been requested and denied and the service or supply is not Necessary, no payment will be made for the denied or unnecessary service or supply.
 - If certification has not been requested for a service or supply and the service or supply is Necessary, expenses Incurred for the service or supply will be deemed to be Covered Medical Expenses. Charges for Covered Medical Expenses Incurred for the service or supply will be paid at the Payment Percentage after any Deductible.
- Whether or not a day of confinement or a service or supply has been certified, no coverage will be paid if the Charges for such confinement or service or supply are excluded by any other terms of this Plan, except:
 - To the extent that a day of confinement has been certified, the exclusion of services and supplies because they are not Necessary will not apply to Skilled Nursing Facility expenses for Board and Room.
 - To the extent that such service or supply has been certified for Home Health Care or Skilled Nursing Care, the exclusion of services or supplies because they are not Necessary will not apply to such service or supply.

To obtain certification, you must call the number shown on your medical identification card. Such certification must be obtained before an expense is Incurred. If a Person's Physician believes that the Person needs more days of confinement or services or supplies beyond those that have been already certified, you must call to request certification of more days of confinement or services or supplies.

Prompt written notice will be provided to you of the days of confinement or services or supplies that have been certified.

Christian Science Practitioners, Nurses or Sanatoria

The following are considered other Covered Medical Expenses:

- Charges of a Christian Science practitioner, but only if the practitioner is listed as such in the Christian Science Journal current at the time service is provided. Medical Mutual may, at any time and from time to time, require of any Person claiming coverage under this Plan, an examination by a Physician, and at the Physician's discretion, diagnostic examinations in a Hospital; and
- Charges for a Christian Science nurse who is listed in the Christian Science Journal current at the time service is provided and has:
 - Completed nurses' training at a Christian Science Benevolent Association Sanatorium; or
 - Graduated from another nurses' training course; or
 - Had three consecutive years of Christian Science nursing, including two years of training.

The following are considered covered Inpatient Hospital expenses:

- Charges of Christian Science Sanatoria operated or listed and certified by the commission for Accreditation of Christian Science Nursing Organizations/Facilities Inc., if Incurred for healing and while under the care of a Christian Science practitioner. In general, supportive care, sheltered care, and rest and study services are not covered by the Plan. The Sanatoria Utilization Review Committee must verify that the services are required and must show evidence thereafter of having reviewed and verified periodically the need for continued services.

Clinical Trial Programs

Coverage is provided for Routine Patient Costs administered to a Eligible Benefit Recipient participating in any stage of an Approved Clinical Trial, if that care would be covered under the Plan if the Eligible Benefit Recipient was not participating in a clinical trial.

In order to be eligible for coverage, the Eligible Benefit Recipient must meet the following conditions (number 2 below is not required for cancer clinical trials in Ohio):

1. The Eligible Benefit Recipient is eligible to participate in an Approved Clinical Trial, according to the trial protocol with respect to treatment of cancer or other Life-threatening Conditions.
2. Either:
 - a. The referring Provider is an In-Network Provider and has concluded that the Eligible Benefit Recipient's participation in such trial would be appropriate based upon the Eligible Benefit Recipient meeting the conditions described above; or
 - b. The Eligible Benefit Recipient provides medical and scientific information establishing that his or her participation in such trial would be appropriate based upon the Eligible Benefit Recipient meeting the conditions described above.

If the clinical trial is not available from an In-Network Provider, the Eligible Benefit Recipient may participate in an Approved Clinical Trial administered by a Non-Contracting Provider. However, the Routine Patient Costs will be covered at the Non-Contracting Amount, and the Eligible Benefit Recipient may be subject to Balance Billing up to the Provider's Billed Charges for the services.

There is no coverage for the following:

- A healthcare service, item, or drug that is the subject of the Approved Clinical Trial;
- A healthcare service, item, or drug provided solely to satisfy data collection and analysis needs and that is not used in the direct clinical management of the patient;
- An Experimental or Investigational drug or device that has not been approved for market by the United States Food and Drug Administration;
- Transportation, lodging, food, or other expenses for the patient, or a family member or companion of the patient, that are associated with the travel to or from a facility providing the Approved Clinical Trial;
- An item or drug provided by the Approved Clinical Trial sponsors free of charge for any patient;
- A service, item, or drug that is eligible for reimbursement by an entity other than Medical Mutual, including the sponsor of the Approved Clinical Trial;
- A service, item, or drug that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Coverage Maximum

A Coverage Maximum is the most the Plan will pay for specific lab tests done by In-Network providers. If a Provider's rate is at or below the Coverage Maximum for one of these lab tests, you will not pay more than your normal out-of-pocket responsibility (such as In-Network Deductibles and Coinsurance). However, if a Provider's rate is above the Coverage Maximum, you will pay your normal out-of-pocket responsibility plus the difference between the Coverage Maximum and the Provider's rate. The amount paid above the Coverage Maximum does not count toward your Deductible or Maximum Out-of-Pocket.

Lab services that are provided during an emergency room visit, during an inpatient hospital stay or during an outpatient procedure will be exempt from a Coverage Maximum.

To find a Provider whose rate is at or below the Coverage Maximum for a specific lab test, log into the Medical Mutual secure member web site, My Health Plan, at www.medmutual.com and go to the My Care Compare tool or call Medical Mutual's Customer Care Department at (877) 520-6728. Enter the name of the lab test, and the tool will tell you if the lab test has a Coverage Maximum, what the Coverage Maximum is and which Providers have rates below or above the

Coverage Maximum. If you don't have Internet access, call Medical Mutual's Customer Care at (877) 520-6728. Representatives are available to help you compare costs of lab services.

Description	Coverage Maximum

Diagnostic Services

A diagnostic service is a test or procedure performed when you have specific symptoms to detect or monitor your Condition. It must be ordered by a Physician or Covered Provider and must be Necessary. Covered diagnostic services include the following:

- Radiology, ultrasound and nuclear medicine;
- Laboratory and pathology services; and
- EKG, EEG, MRI and other electronic diagnostic medical procedures.

Emergency Services

You are covered for Medically Necessary Emergency Services for an Emergency Medical Condition. Emergency Services are available 24 hours/day, 7 days/week. If you are experiencing an Emergency Medical Condition, call 9-1-1 or go to the nearest Hospital to obtain Emergency Services. **Care and treatment once you are Stabilized are not Emergency Services.** Continuation of care beyond that needed to evaluate or Stabilize your Emergency Medical Condition will be covered according to the Plan Features section of this booklet.

Experimental Treatment

Covered Medical Expenses include Charges for:

- Investigational new drugs (IND) or Group c/treatment IND that have conditional approval by the Food and Drug Administration (FDA); or
- Other services and supplies that are not generally used for treatment of the particular disease, but the treatment generally used is no longer determined to be adequate and the other services and supplies have recognized value for treatment of the disease.

Experimental Treatment Charges will be considered Covered Medical Expenses provided that:

- FDA approval has been given to the entity to charge for the IND; or
- The Claims Administrator certifies, prior to the date that the Charges are Incurred, that the IND or other services and supplies are justified and appropriate given the clinical circumstances involved. The Eligible Beneficiary can request certification by calling the Claims Administrator at the toll-free number listed on your medical identification card.

Experimental Treatment Charges are subject to an Experimental Treatment Lifetime Maximum of \$10,000 per Person and Payment Percentages are not covered under any other part of this Plan.

Gender Dysphoria Treatment

The Plan will cover Medically Necessary services for the treatment of gender dysphoria, subject to accepted medical clinical guidelines and corporate medical policies.

Home Health Care

Charges made by an R.N., an L.P.N. or by a nursing agency for "Skilled Nursing Care." Skilled Nursing Care is considered part or all of any nursing care that requires the education, training or technical skills of an R.N. or L.P.N.

Home health care expenses also are covered if the charge is made by a Home Health Care Agency, the care is given under a Home Health Care Plan and the care is given to a Person in his or her home.

Covered Medical Expenses for home health care include:

- Visiting nurse care by an R.N. or if an R.N. is not available, by an L.P.N.. Visiting nurse care means a visit of not more than four hours for the purpose of performing specific skilled nursing tasks.
- Care provided solely for skilled observation for up to one, four-hour period per day for a period of no more than 10 consecutive days following:
 - Change in patient medication;
 - Need for treatment of an emergency Condition by a Physician or the onset of symptoms indicating the likely need for such treatment;
 - Surgery; or
 - Release from Inpatient confinement.
- Part-time or intermittent home health aide services for patient care when provided in conjunction with skilled services;
- Physical, occupational and speech therapy;
- Services of a licensed medical social worker provided in conjunction with covered nursing or therapy services; and
- The following to the extent they would have been covered under this Plan if the Person had been confined in a Hospital or Skilled Nursing Facility:
 - Medical supplies, drugs and medicines prescribed by a Physician;
 - Lab services provided by or for a Home Health Care Agency; and
 - Oxygen and its administration.
- Injectable prescription drugs administered by a covered Provider.

Each visit by a nurse or therapist is one visit. Each visit of up to four hours by a home health aide is one visit.

Limitations to Home Health Care Expenses

The Plan does not cover:

- Care provided to help a Person in the activities of daily living. Examples are bathing, feeding, personal grooming, dressing, getting in and out of bed or a chair, or using the toilet;
- Any service just for giving oral medicines. This does not apply if the law states that the medicines must be given by an R.N. or L.P.N.;
- Services of a Person who usually lives with or is a member of the family;
- Dietitian services;
- Transportation;
- Food or home-delivered meals; and
- Custodial Care, rest care, or care that is only for someone's convenience.

Hospice Care

Charges made for the following services furnished to a Person when they are part of the Hospice Care Program:

Facility Expenses

The Charges made on its own behalf by a:

- Hospice Facility;
- Hospital; or
- Skilled Nursing Facility

For:

- Board and Room and other services and supplies furnished to a Person while a full-time Inpatient for:
 - Pain control;
 - Other acute and chronic symptom management; and
 - Respite care

- When the Person's family or usual caretaker cannot, or will not, attend to the Person
- Physical and occupational therapy.
- Part-time or intermittent home health aide services for up to 8 hours in any one day. These services consist mainly of caring for the Person;
- Medical supplies, drugs and medicines prescribed by a Physician;
- Oxygen and its administration; and
- Bereavement counseling.

Charges Made by Providers

Charges made by the Providers below are considered Covered Medical Expenses only if the Provider is not an employee of a Hospice Care Agency and such agency retains responsibility for the care of the Person:

- A Physician for consultant or case-management services; or
- A physical or occupational therapist.

Home Health Care Agency

The following Charges made by a Home Health Care Agency are considered Covered Medical Expenses:

- Physical or occupational therapy;
- Part-time or intermittent home health aide services for up to 8 hours in any one day. These services consist mainly of caring for the Person;
- Medical supplies, drugs and medicines prescribed by a Physician; and psychological and dietary counseling needs.

Other Expenses

The following Charges made by a Hospice Care Agency are considered Covered Medical Expenses:

- Bereavement counseling;
- Consultation or Case Management services by a Physician;
- Medical social services under the direction of a Physician, including:
 - Assessment of the Person's social, emotional and medical needs, and the home and family situation;
 - Identification of community resources available to the Person; and
 - Assisting the Person to obtain those resources needed to meet the Person's assessed needs.
- Oxygen and its administration;
- Part-time or intermittent nursing care by an R.N. or L.P.N. for up to 8 hours in any one day; and
- Psychological and dietary counseling.

Limitations to Hospice Care Expenses

The Plan does not cover:

- For Facility Expenses, the Plan does not cover any Charge for daily Board and Room in a private room over the semiprivate rate; this is shown in the Plan Features section of this booklet. Hospice Coverage is unlimited;
- Services and supplies given to a Person who is not a full-time Inpatient;
- Funeral arrangements;
- Pastoral Counseling;
- Financial or legal counseling, including estate planning or the drafting of a will;
- Homemaker or Caretaker services not directly related to the patient's care. Examples are sitter or companion services for the patient or other family members, transportation, housecleaning and fixing things around the house.
- Respite care provided when the Person is not staying in the Hospice Facility full-time; Charges for more than one item of equipment used for the same or similar purpose;
- Volunteer Services;
- Food or home-delivered meals;
- Chemotherapy or radiation therapy if other than to relieve the symptoms of a Condition.

Hospital Expenses

Inpatient Expenses

Inpatient services are provided to a Person who is staying overnight in the Hospital. The Plan covers expenses made by a Hospital for:

- Board and semi-private Room, unless a private Room is Necessary (if a semi-private Room is not available, the Plan will cover a private room); and
- Other Hospital services and supplies.

There is no limit on the number of days of confinement.

Covered Medical Expenses include:

Ancillary Services

- Operating, delivery and treatment rooms and equipment;
- Prescription drugs;
- Whole blood, blood derivatives, blood plasma and blood components, including administration and blood processing;
- Anesthesia, anesthesia supplies and services;
- Oxygen and other gases;
- Medical and surgical dressings, supplies, casts and splints;
- Diagnostic services;
- Therapy services;
- Surgically inserted prosthetics such as pacemakers and artificial joints; and
- Inpatient cardiac rehabilitation.

Concurrent Care

Care by two or more Physicians during one Hospital stay. While you are in the Hospital for Surgery, you are covered for care by a Physician who is not your surgeon for an unrelated medical Condition.

Inpatient Medical Care Visits

The examinations given to you by your Physician or Covered Provider while you are in the Hospital.

Inpatient Consultation

A bedside examination by another Physician or Covered Provider when requested by your attending Physician.

Intensive Medical Care

Constant medical attendance and treatment when your Condition requires it.

Newborn Exam

Inpatient medical care visits to examine a newborn if the newborn has been enrolled in the healthcare Plan. Contact OPERS for enrollment information.

Private Room

When Necessary as a result of third-degree burns or a communicable disease requiring isolation for medical reasons. If you request a private room and it is not determined to be Necessary, Medical Mutual will provide coverage only for the Hospital's average semi-private room rate. If a semi-private room is not available, the Plan will cover a private room.

Outpatient Expenses

Outpatient expenses include Charges made by a Hospital or Surgery Center, on its own behalf, for the following Outpatient services that are furnished to a Person while not confined as a fulltime Inpatient:

- Services furnished on the day of and in connection with a surgical procedure involving cutting or the reduction of a dislocation or fracture; or

- Emergency treatment furnished for a Condition on the day of the injury or illness.
- Diagnostic Services

Preadmission Testing Expenses

Preadmission testing expenses include Charges made by a Hospital or Surgery Center, on its own behalf, before a Person has scheduled Surgery. The Plan covers tests if they are done while a Person is an Outpatient, and:

- Tests are related to the scheduled Surgery;
- Tests are done within 10 days prior to the scheduled Surgery;
- Person undergoes the scheduled Surgery in a Hospital or Surgery Center. This does not apply if the tests show that Surgery should not be done because of the Person's physical Condition;
- Charge for the Surgery is a Covered Medical Expense under this Plan;
- Tests are done while the Person is not confined as an Inpatient in a Hospital. The Charges for the tests would have been covered if the Person was confined as an Inpatient in a Hospital;
- Test results appear in the Person's medical record kept by the Hospital or Surgery Center where the Surgery is to be performed; and
- Tests are not repeated in or by the Hospital or Surgery Center where the Surgery is done.

If the Person cancels the scheduled Surgery, Charges are paid as shown under "All Other Covered Medical Expenses" in Plan Features section of this booklet.

Outpatient Surgical Expenses

Charges made by a Surgery Center for Outpatient services and supplies furnished in connection with a surgical procedure performed in the center. The procedure must meet these criteria:

- It is not expected to result in extensive blood loss, require major or prolonged invasion of a body cavity or involve any major blood vessels; and
- It can safely and adequately be performed only in a Surgery Center and it is not normally performed in the office of a Physician or a dentist.

Outpatient Services and Supplies

Outpatient services and supplies are services and supplies furnished by the Surgery Center on the day of the procedure.

Maternity Services - Coverage Related to the Newborn's and Mother's Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict coverage for any Hospital length or stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending Provider (e.g., Physician, nurse midwife or Physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of coverage or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a Physician or other healthcare Provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain Providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification or coverage related to the Newborn's and Mother's Health Protection Act, contact your Claims Administrator.

Mental Disorders

Covered Medical Expenses for the treatment of a Mental Disorder are as follows:

- These expenses are covered in the same way as those for any other disease.

Other Covered Medical Expenses include:

- Inpatient treatment, including treatment in a Residential Treatment Facility;
- Outpatient treatment, including partial Hospitalization and intensive Outpatient services;

- Individual and group psychotherapy;
- Counseling with Persons to assist with diagnosis and treatment. This coverage will provide payment for covered services only for Persons covered under this Plan. Charges will be applied to the Eligible Benefit Recipient who is receiving family counseling services, not necessarily to the patient;
- Psychological testing;
- Electroshock therapy and related anesthesia;
- Services to determine if the mental disorder can be treated;
- Services Necessary to evaluate or diagnose mental deficiency or retardation; and
- Services for the treatment of attention deficit disorder.

The course of treatment your Physician or other Covered Provider recommends must be acceptable to Medical Mutual. Inpatient care must be approved by Medical Mutual prior to admission.

Mouth, Jaws and Teeth

Covered Medical Expenses related to treatment of the mouth, jaws and teeth include:

Surgery needed to:

- Treat a fracture, dislocation or wound;
- Cut out:
 - Teeth partly or completely impacted in the bone of the jaw;
 - Teeth that will not erupt through the gum;
 - Other teeth that cannot be removed without cutting into bone;
 - The roots of a tooth without removing the entire tooth; or
 - Cysts, tumors or other diseased tissues.
- Cut into gums and tissues of the mouth when not done in connection with the removal, replacement or repair of teeth; or
- Alter the jaw, jaw joints or bite relationships by a cutting procedure when appliance therapy alone cannot result in functional improvement.

Covered Medical Expenses also include nonsurgical treatment of infections or diseases. This does not include those of or related to the teeth.

Dental work, Surgery and orthodontic treatment needed to remove, repair, replace, restore or reposition natural teeth damaged, lost or removed, or other body tissues of the mouth fractured or cut due to injury. Any such teeth must have been free from decay or in good repair and firmly attached to the jawbone at the time of injury.

The treatment must be done in the Benefit Period of the accident or the next Benefit Period.

If crowns (caps), dentures (false teeth), bridgework or in-mouth appliances are installed due to such injury, Covered Medical Expenses include only Charges for:

- The first denture or fixed bridgework to replace lost teeth;
- The first crown needed to repair each damaged tooth; and
- An in-mouth appliance used in the first course of orthodontic treatment after the injury.

The following Charges are Covered Medical Expenses, only if provided in association with injury:

- In-mouth appliances, crowns, bridgework, dentures, tooth restorations or any related fitting or adjustment services whether or not the purpose of such services or supplies is to relieve pain;
- Root canal therapy; and
- Tooth removal (not needing cutting of bone).

Other Covered Medical Expenses

Other Covered Medical Expenses include:

- Charges made by a Hospital for Outpatient services and supplies.
- Charges made by a Physician.
- Injectable prescription drugs approved by the Food and Drug Administration (FDA) for administration by a Covered Provider. In certain circumstances, not all Covered Providers may be able to administer injectable medications.
- Administration by a Covered Provider of FDA approved drugs for self-administration is covered when Necessary.

Medical Mutual, along with your Physician, will determine which setting is most appropriate for these drugs and biologicals to be administered to you.

- Charges made for diagnostic X-ray and laboratory tests that reveal need for treatment or are made because of definite symptoms of Condition and X-ray therapy. A diagnostic service is a test or procedure performed when you have specific symptoms to detect or monitor your Condition. It must be ordered by a Physician or Covered Provider and must be Necessary. Covered diagnostic services are limited to the following:

- Radiology, ultrasound and nuclear medicine;
- Laboratory and pathology services;
- EKG, EEG, MRI and other electronic diagnostic medical procedures.

- Charges for the rental, purchase, repair or replacement of Durable Medical Equipment, anesthetics and oxygen. The initial purchase of such equipment and accessories needed to operate it is covered only if Medical Mutual is shown that:

- Long-term use is planned; and
- The equipment cannot be rented; or
- It is likely to cost less to purchase it than to rent it.

Repair or replacement of such purchased equipment and accessories will be covered only if Medical Mutual is shown that it is:

- Needed due to a change in the Person's physical Condition; or
- Likely to cost less to purchase a replacement than to repair the existing equipment or to rent similar equipment.

- Orthotic devices - Rigid or semirigid supportive devices that limit or stop the motion of a weak or diseased body part are covered. These devices include:

- Back and special surgical corsets;
- Braces for the leg, arm, neck or back;
- Therapeutic shoes for select Conditions; and
- Trusses.

- Contact lenses or eyeglasses required because of, and prescribed and purchased within one year after cataract Surgery. Coverage will be provided for one pair of contact lenses and one pair of eyeglasses, if both must be worn at the same time.
- Prosthetic limbs and eyes.
- Diabetic education that is designed to educate a Person about the Condition and lifestyle changes Necessary as a result of diabetes. To be considered Covered Medical Expenses, the services must be prescribed by a Physician and furnished by a Covered Provider.
- Disposable medical and surgical supplies that serve a specific therapeutic purpose. These include oxygen, surgical dressings, Jobst and elastic stockings and other similar items. Items usually stocked in the home for general use such as elastic bandages, thermometers, and corn and bunion pads are not covered.
- Medical Nutritional Counseling - For Eligible Benefit Recipients and Eligible Dependents provided by a licensed registered dietician.
 - Person diagnosed with Diabetes - unlimited medical nutritional counseling without a Co-payment, Deductible or Coinsurance

- Other Medical Nutritional Counseling - unlimited visits with a licensed registered dietician, some services received from a Primary Care Provider may not be subject to a Co-Payment, Deductible or Coinsurance if certain criteria are met.
- Surgery Necessary due to morbid obesity as defined by Medical Mutual, subject to certain criteria for medical necessity.
- Wigs or hairpieces up to the limit specified in the Plan Features section when prescribed by a Physician for hair loss due to injury, disease or treatment of a disease such as:
 - Alopecia areata with near complete or complete cranial hair loss;
 - Alopecia totalis and alopecia universalis;
 - Burns resulting in permanent alopecia;
 - Chemotherapy;
 - Fungal infections not responsive to an appropriate course (typically six weeks) of antifungal treatment resulting in near complete or complete hair loss;
 - Lupus; and
 - Radiation therapy.

Women's Health and Cancer Rights Act of 1998

In accordance with the Women's Health and Cancer Rights Act of 1998, this Plan will provide coverage to include the following mastectomy-related procedures:

- Reconstruction of the breast on which a mastectomy was performed;
- Reconstructive Surgery of the other breast to present a symmetrical appearance; and
- Prosthesis and coverage for physical complications at all stages of a mastectomy procedure, including lymphedemas. This coverage will be provided in consultation with the attending Physician and the patient, and will be subject to the same annual Deductibles and Coinsurance provisions that apply for the mastectomy. If you have any questions about coverage for mastectomies and reconstructive Surgery, please contact Medical Mutual.

Outpatient Rehabilitative and Habilitative Services

Outpatient therapy services must be used to promote recovery from a Condition and ordered by a Physician or other Covered Provider to be covered. Covered Medical Expenses are limited to Necessary therapy services listed below:

- **Cardiac Rehabilitation Services** - Coverage is provided for cardiac rehabilitation services that are Necessary as the result of a cardiac event. The therapy must be reasonably expected to result in a significant improvement in the level of cardiac functioning. Some phases of cardiac rehabilitation services may not be covered.
- **Chemotherapy** - The treatment of malignant disease by chemical or biological antineoplastic agents.
- **Chiropractic Visits** - The treatment given by a chiropractor to relieve pain, restore maximum function and to prevent disability following disease, injury or loss of a body part. These covered services include, but are not limited to, office visits, physical treatments, hydrotherapy, heat or similar methods, physical agents, biomechanical and neurophysiological principles and may include devices. Coverage is provided up to the limit specified in the Plan Features section in this booklet.
- **Dialysis Treatments** - The treatment of an acute or chronic kidney ailment by dialysis methods, including chronic ambulatory peritoneal dialysis that may include the supportive use of an artificial kidney machine.
- **Occupational Therapy** - Occupational therapy services are covered if it is expected that therapy will result in a significant improvement in the level of functioning and that improvement will occur. All occupational therapy services must be performed by a certified, licensed occupational therapist or physical therapist.
- **Physical Therapy** - The treatment given to relieve pain, restore maximum function and to prevent disability following disease, injury or loss of a body part. Covered Medical Expenses include physical treatments, hydrotherapy, heat or similar methods, physical agents, biomechanical and neurophysiological principles and may include devices. Services must be provided by a Physician or certified licensed physical therapist.
- **Pulmonary Rehabilitation Services** - Coverage is provided for Physician-supervised outpatient pulmonary therapy provided by a Hospital or other licensed healthcare facility that is Necessary and expected to result in significant improvement of body function.

- **Radiation Therapy** - Treatment of disease by X-ray, radium or radioactive isotopes.
- **Respiratory Therapy** - Treatment by the introduction of dry or moist gases into the lungs.
- **Speech Therapy** - To be considered a Covered Medical Expense this therapy must be performed by a certified, licensed speech therapist and be expected to restore speech for a Person who has lost existing speech function.

Plastic, Reconstructive or Cosmetic Surgery

Charges for plastic, reconstructive or cosmetic Surgery or other services and supplies that improve, alter or enhance appearance, whether or not for psychological or emotional reasons, are Covered Medical Expenses provided that the Surgery, services or supplies:

- Improve the function of a part of the body (excluding a tooth or structure that supports the teeth) that is malformed as a result of a severe birth defect. This includes cleft lip or webbed fingers or toes. This also includes body parts malformed as a direct result of a Condition or Surgery performed to treat a Condition.
- Repair an injury. Surgery must be performed in the Benefit Period of the accident that caused the injury or in the next Benefit Period.

Precertification

In-Network Providers are responsible for securing precertification (authorization) before care is provided. If you receive services from an Out-of-Network Provider, you are responsible for precertification by calling the phone number listed on your medical identification card.

You must obtain precertification from Medical Mutual to receive the full payment as specified in the Plan Features section of this booklet for the following:

- Acute rehabilitation admissions;
- Acute inpatient medical/surgical admissions;
- Admissions to an acute long-term care facility;
- Skilled Nursing Facility admissions;
- Inpatient behavioral health services;
- Home Health Care services;
- PET scans;
- MRI/MRAs of the cervical, lumbar and thoracic spine, and lower extremity; and
- Select medical plan medications.

The list of services requiring precertification is subject to change. If you have a question about whether a service not listed above requires precertification, please call Medical Mutual to verify whether it is required.

Prescription Drug Expenses

Prescription Drugs not otherwise listed as covered are available to OPERS Retiree Health Plan enrollees under a separate Plan. The OPERS Prescription Drug Program includes both retail pharmacy and mail service pharmacy coverage. Contact OPERS toll-free at 1-800-222-7377 for more information.

Preventive Health Care Services

Charges made by a Physician for a preventive physical exam given to you or your Eligible Dependents may be included as Covered Medical Expenses. A preventive physical exam is a medical exam given by a Physician for a reason other than to diagnose or treat a suspected or identified Condition. This coverage may include a medical history, physical exam, X-rays, immunizations, lab work and other tests given in connection with the annual exam. The Provider must use a

wellness diagnosis code or procedure code to be covered as a preventive service. If a wellness diagnosis code or procedure code is not used, the preventive service will be subject to the Plan's Deductible and Coinsurance.

Covered Preventive Health Services may be subject to frequency, age and gender limitations based on United States Preventive Services Task Force (USPSTF) and Centers for Disease Control (CDC) guidelines and may include:

Preventive Health Care Services -

- Bone Density Testing
- Cholesterol Screening
- Colon Cancer Screening
- Comprehensive Metabolic Panel
- Complete Blood Count (CBC)
- EKG (Electrocardiogram)
- Electrolyte Panel Screening
- Fasting Plasma Glucose Test
- Healthy Diet and Physical Activity Counseling to prevent cardiovascular disease
- Mammogram
- Pap Test
- Physical Examination
- Urinalysis (UA)

Immunizations -

- Diphtheria/Tetanus Toxoids (DT)
- Hepatitis B
- Herpes Zoster (Shingles)
- Human Papillomavirus Vaccine (HPV)
- Influenza (Flu Vaccine)
- Measles-Mumps-Rubella Vaccine (MMR)
- Meningococcal Vaccine
- Pneumococcal
- Pneumococcal Polysaccharide
- Varicella (Chicken Pox)

Covered Preventive Health Services are subject to frequency, age and gender limitations based on United States Preventive Services Task Force (USPSTF) and Centers for Disease Control (CDC) guidelines.

Well Child Care Services - Coverage for well child care services will be provided for Covered Persons under the age of 21. Coverage for immunizations is also provided for Covered Persons under the age of 21.

Well child care services include a review performed in accordance with the recommendations of the American Academy of Pediatrics. This review includes a history, complete physical examination, newborn hearing screening and developmental assessment. Vision tests, hearing tests and the developmental assessment must be included as part of the physical examination in order to be provided as part of this benefit. This review also includes anticipatory guidance, laboratory tests and appropriate immunizations.

Women's Preventive Services - These services will be provided in accordance with the age and frequency requirements of the Affordable Care Act, including, but not limited to: well-woman visits; screening for gestational diabetes, human papillomavirus (HPV), human immunodeficiency virus (HIV) and sexually transmitted disease; and counseling for contraceptive methods, breastfeeding and domestic violence.

Coverage is provided for FDA-approved contraceptive methods and counseling.

Additional Preventive Services

If not shown above as a covered service, the following services will also be covered without regard to any Deductible, Copay or Coinsurance requirement that would otherwise apply:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force at the start of the benefit period;
- Immunizations for preventive use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the Eligible Benefit Recipient involved;
- With respect to covered Persons who are infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Service Administration;

Please refer to the phone number on the back of your medical identification card if you have any questions or need to determine whether a service is eligible for coverage as a preventive service. For a comprehensive list of recommended preventive services, please visit:

<https://www.uspreventiveservicestaskforce.org/Page/Name/USPSTF-a-and-b-recommendations/>.

For preventive vaccines visit:

www.cdc.gov/vaccines/recs/schedules/default.htm.

Private Duty Nursing Services

The services of an R.N., licensed vocational nurse or L.P.N. when ordered by a Physician are covered. These services include hourly skilled nursing intervention received in a patient's home.

Services include care provided solely for skilled observation for up to one, four-hour period per day for a duration of no more than 10 consecutive days following:

- A change in patient medication;
- Need for treatment of an emergency Condition by a Physician or the onset of symptoms indicating the likely need for such treatment;
- Surgery; or
- Release from inpatient confinement.

When private duty nursing services must be received in your home, the nurse's notes must be sent in with your claim.

All private duty nursing services must be ordered by your Physician and precertified by Medical Mutual as Necessary.

Private Duty Nursing Services do not include care that is primarily nonmedical or custodial in nature such as bathing, exercising or feeding. Also, the Plan does not cover services provided by a nurse who usually lives in the home or who is a member of your Immediate Family.

Skilled Nursing Facility Expenses

Charges made by a Skilled Nursing Facility for the following services and supplies are covered, but only if furnished to a Person who requires Skilled Nursing Care in connection with a Condition and only if the services or supplies are Necessary to allow the patient to achieve independence in activities of daily living and to facilitate discharge from the facility:

- Board and Room (this includes Charges for services, such as general nursing care, made in connection with room occupancy);
- Use of special treatment rooms;
- X-ray and lab work;
- Physical, occupational or speech therapy;
- Oxygen and other gas therapy;
- Skilled Nursing Care by an R.N., or by an L.P.N. directed by a full-time R.N., which requires the education, training and technical skills of an R.N. or L.P.N.;
- Other medical services usually given by a Skilled Nursing Facility; and
- Medical supplies not listed above.

Your Physician must order, and Medical Mutual must certify, that you are receiving Skilled Nursing Care and not Custodial Care.

This section does not cover Charges made for treatment of:

- Drug addiction;
- Chronic brain syndrome;
- Alcoholism;
- Senility;
- Mental retardation; or
- Any other mental disorder.

Tobacco Cessation Services

For Covered Persons age 18 and over, coverage is provided for the screening of tobacco use and for tobacco cessation programs for those Covered Persons using tobacco.

Surgical Services

Coverage is provided for Necessary Surgery, and the following specified services:

- Surgery to correct deformity caused by disease, trauma, birth defects, growth defects or prior therapeutic processes; and
- Surgery to improve a functional deficiency.

Diagnostic Surgical Procedures

Coverage is provided for surgical procedures to diagnose your Condition while you are in the Hospital. If you are an Inpatient for fewer than four days, only the diagnostic surgical procedure is covered. If you are hospitalized four days or more, the diagnostic surgical procedure and Medical Care visits except for the day the surgical procedure was performed are covered.

Mastectomy

Your Physician must certify that service is Necessary. Coverage will include reconstruction, prostheses and Surgery to produce symmetrical appearance.

Multiple Surgical Procedures

When two or more Surgeries are performed through the same body opening during one operation, you are covered only for the most complex procedure. The other procedures are considered incidental and not covered. However, if each Surgery is mutually exclusive of the other or is the result of multiple trauma, you will be covered for each Surgery.

When two or more Surgeries are performed through different body openings at the same time, the primary procedure will be covered at the Allowed Amount or Non-Contracting Amount. Subsequent procedures will be covered at half of the Allowed Amount. No coverage will be provided for procedures considered by Medical Mutual to be incidental.

If the Surgery is performed by an In-Network or Contracting Provider, you will not be responsible for the reduced amount not paid by the Plan. If a Non-Contracting Provider performs Surgery, you may be responsible for the amount not covered by the Plan.

If two or more foot Surgeries (podiatric surgical procedures) are performed, the most complex procedure will be covered at the Allowed Amount. The next two most complex procedures will be covered at half of the Allowed Amount. Subsequent procedures will be covered at one-fourth of the Allowed Amount. If Surgery is performed by a Non-Contracting Provider, you may be responsible for the amounts not covered by the Plan.

Bilateral Surgical Procedures

When the same surgical procedure is performed bilaterally (i.e., on two sides) during one operative setting, one side will be covered at the Allowed Amount and the subsequent side will be covered at half of the Allowed Amount for the particular

procedure. If Surgery is performed by an In-Network or Contracting Provider, you will not be responsible for the reduced amount not paid by the Plan. If the Surgery is performed by a Non-Contracting Provider, you may be responsible for the amount not covered by the Plan.

Assistant at Surgery

Another Physician's help to your surgeon in performing covered Surgery when a Hospital staff member, intern or resident is not available is a Covered Service.

Anesthesia

Your coverage includes the administration of anesthesia performed in connection with a Covered Medical Expense by a Physician, Covered Provider, Certified Registered Nurse Anesthetist who is not the surgeon or the assistant at Surgery, or by the surgeon in connection with covered oral surgical procedures. The services of a stand-by anesthesiologist are only covered during coronary angioplasty Surgery. This coverage includes care before and after the administration of anesthesia.

Transplant Services

Your coverage includes coverage for the following human transplants:

- Bone marrow transplant;
- Cornea;
- Heart;
- Heart and lung;
- Kidney;
- Liver;
- Lung;
- Pancreas;
- Pancreas/Kidney;
- Blood components (Cord blood and stem cell); and
- Tissue.

Transplant precertification

All transplant services must be precertified and approved by Medical Mutual. No coverage will be provided for organ or tissue transplant services that have not been precertified.

After your Physician has examined you, the Physician must provide to Medical Mutual:

- Proposed course of treatment for the transplant;
- Name and location of the proposed Transplant Center; and
- Copies of your medical records, including diagnostic reports for Medical Mutual to determine the suitability and Necessity of the transplant services. This determination will be made in accordance with uniform medical criteria that have been specifically tailored to each organ. You also may be required to undergo an examination by a Physician chosen by Medical Mutual. You and your Physician will then be notified of Medical Mutual's decision.

Obtaining Donor Organs or Tissue

The following services will be Covered Medical Expenses when they are Necessary to acquire a legally obtained human organ or tissue:

- Evaluation of the organ or tissue;
- Removal of the organ or tissue from the donor; and
- Transportation of the organ or tissue to the Transplant Center.

Donor Coverage

Coverage Necessary for obtaining an organ or tissue from a living donor or cadaver is provided. Donor coverage is provided and processed only under the transplant recipient's coverage and are subject to any applicable limitations and exclusions.

EXCLUSIONS

In addition to the exclusions and limitations explained in the Health Care Coverage section as determined by Medical Mutual, coverage is not provided for services and supplies listed. In addition, the law of an area where a Person lives may not allow coverage to be paid for certain expenses.

1. For elective abortions. Abortions performed when the mother's life is endangered by continuation of the pregnancy will be covered.
2. For which you have no legal obligation to pay in the absence of this or like coverage.
3. For acupuncture.
4. For ambulette services
5. For topical anesthetics or stand-by anesthesia, except as specified.
6. For the treatment of infertility, including, but not limited to, artificial insemination, in vitro fertilization, Gamete intrafallopian transfer (GIFT) and Zygote intrafallopian transfer (ZIFT).
7. For treatment of Conditions related to Autism Spectrum Disorders, learning disabilities, hyperkinetic syndromes, behavioral problems or mental retardation, except as specified.
8. For arch supports and other foot care or foot support devices used only to improve comfort or appearance. These include but are not limited to: Devices to care for flat feet, subluxation, corns, bunions (except capsular and bone Surgery), calluses and toenails.
9. For blood that is available without charge and for blood storage services provided by other than a Hospital.
10. For braces and molds for outpatient therapy services administered for chiropractic care or physical therapy, except as required under PPACA.
11. For specialized camps.
12. For Surgery and other services primarily to improve appearance or to treat a mental or emotional Condition through a change in body form.
13. Charges that are not Necessary, as determined by Medical Mutual.
14. For counseling services, including marriage, family, career, social adjustment, pastoral and financial.
15. For diabetic supplies.
16. For over the counter drugs, vitamins or herbal remedies, except for certain preventive drugs written with a Physician's prescription and required by PPACA.
17. For prescription drugs, except as specified.
18. For educational, vocational or training purposes, except as specified or required by PPACA.
19. Received from a dental or medical department maintained by or on behalf of an employer, mutual benefit association, labor union, trust or similar person or group.
20. For work-related sickness or injury eligible for benefits under workers' compensation, employers' liability or similar laws, even when the Eligible Benefit Recipient does not file a claim for benefits, or sickness or injury that arises out of, or is the result of, any work for wage or profit. This exclusion will not apply to a Eligible Benefit Recipient who is not required to have coverage under any workers' compensation, employers' liability or similar law and does not have such coverage.
21. For Experimental or Investigation equipment, drugs, devices, services, supplies, tests, medical treatments or procedures unless otherwise specified in this Medical Plan Description.
22. For eyeglasses, contact lenses or examinations for prescribing or fitting them, except those for aphakic patients and soft lenses or sclera shells for use as corneal bandages or when needed as a result of keratoconus Surgery.
23. Received from a member of your Immediate Family.
24. For fraudulent or misrepresented claims.
25. To the extent those governmental units or their agencies provide coverage.
26. For hearing aids, examinations or fittings, unless otherwise noted in this document.
27. For hypnosis.
28. For immunizations, except as specified.

29. For immunizations and vaccines, including the administration of these services, that are billed by a Pharmacy.
30. For treatment with intraoral prosthetic devices, or by any other method, to alter vertical dimension.
31. For which benefits are payable under Medicare Parts A, B and/or D or would have been payable if a Eligible Benefit Recipient had applied for Parts A, B and/or D, except, as specified elsewhere in this Medical Plan Description or as otherwise prohibited by federal law.
32. Received in a military facility for a Condition related to military service past or present.
33. For treatments associated with mouth, jaws, or teeth, dental X-rays, dentistry or any other dental processes, including orthognathic (jaw) Surgery, except as specified.
34. For non-covered services or services specifically excluded in the text of this Medical Plan Description.
35. For the first Inpatient visit to examine a newborn and any nursery care rendered, except as specified.
36. For oral implants considered part of a dental process or dental treatment including preparation of the mouth for any type of dental prosthetic except when due to trauma, accident or as deemed Necessary by Medical Mutual.
37. For personal hygiene and convenience items.
38. Physical examination or services required by an employer to begin or continue working.
39. Physical examination or services required by a governmental agency such as the FAA and DOT.
40. Physical examination or services required by an insurance company to obtain insurance.
41. Premarital examinations.
42. Not prescribed by or performed by or under the direction of a Physician or Other Professional Provider.
43. Received from other than a Provider.
44. Not performed within the scope of the Provider's license.
45. Screening examinations, except as specified.
46. For the medical treatment of sexual problems not caused by a biological Condition.
47. For male sterilization.
48. For reverse sterilization.
49. For male contraceptives and over-the-counter birth control without a prescription.
50. For any Charges Incurred as a result of any Eligible Benefit Recipient acting as or contracting to be a surrogate parent.
51. For telephone consultations, online consultations, missed appointments, completion of claim forms or copies of medical records.
52. Incurred after you are no longer a Eligible Benefit Recipient except as specified in the Coverage After Termination section.
53. Therapy or rehabilitation as follows:
 - bioenergetic therapy;
 - carbon dioxide therapy;
 - massotherapy or massage therapy;
 - megavitamin therapy;
 - primal therapy;
 - psychodrama;
 - rolfing;
 - vision perception training (except orthoptic therapy as deemed Necessary by Medical Mutual); and
 - water aerobics
54. For treatment of the vertebral column unless related to a specific, neuromusculoskeletal related diagnosis.
55. For any surgical procedure for the correction of a visual refraction problem, including, but not limited to, radial keratotomy and LASIK Surgery.
56. For a Condition that occurs as a result of any act of war.
57. For treatment, by methods such as dietary supplements, vitamins and other care, that is primarily dieting or exercise for weight loss.

IMPORTANT PLAN PROVISIONS

Adjustment Rule

If, for any reason, a Person is entitled to a different amount of coverage, coverage will be adjusted as provided elsewhere in the Plan document on file with OPERS.

Coverage for claims Incurred after the date the adjustment becomes effective are payable in accordance with the revised Plan provisions. In other words, there are not vested rights to coverage based upon provisions of this Plan in effect prior to the date of any adjustment.

Assignment

Medical Mutual will pay directly to the Provider rendering services. Coverage payments for In-Network Providers are paid directly to the Provider rendering service. You cannot assign your right to receive payment to a Non-Contracting Provider.

Coverage Payment

Coverage will be paid as soon as the necessary written proof to support the claim is received. Most Providers will submit a claim for you. If you submit a claim yourself, use a claim form. In most cases, you can obtain a claim form from Medical Mutual or a Provider. Medical Mutual must receive a completed claim form with the correct information. If you need assistance completing your claim form, contact Medical Mutual. Medical Mutual may require nurse's notes or other medical records before proof of loss is considered sufficient to determine coverage.

The Plan is not legally obligated to reimburse for Covered Medical Expenses unless written or electronically submitted proof that Covered Medical Expenses have been given to you is received.

Also, the Plan may pay up to \$1,000 of any coverage to any of your relatives who Medical Mutual believes are fairly entitled to the payment. This can be done if the payment is payable to you and you are a minor or not able to give a valid release. It also can be done if a payment is payable to your estate.

To have a payment or denial related to a claim reviewed, you must send a written request to Medical Mutual within six months of the claim determination. No claim can be submitted later than two years after services have been received.

Payment for Emergency Services

Your Plan will not require prior authorization or impose any other administrative requirements or coverage limitations that are more restrictive if you receive Emergency Services from an Out-of-Network Provider. **However, an Out-of-Network Provider of Emergency Services that does not have a contract with Medical Mutual may send you a bill for any Charges remaining after your Plan has paid (this is called "Balance Billing").**

Except where your Plan provides better coverage, your Plan will apply the same Co-payments and Coinsurance for Out-of-Network Emergency Services as it generally requires for In-network Emergency Services. A Deductible may be imposed for Out-of-Network Emergency Services, only as part of the Deductible that generally applies to Out-of-Network coverage. Similarly, any Out-of-Pocket that generally applies to Out-of-Network coverage will apply to Out-of-Network Emergency Services.

Medical Mutual pays for covered services through agreements with PPO Network and Contracting Providers based on the Allowed Amount. For Non-Contracting Providers, Medical Mutual pays for coverage based on the Non-Contracting Amount.

For Emergency Services received from an Out-of-Network Provider, Medical Mutual pays for services in an amount equal to the greatest of the following:

1. The Negotiated Amount. If more than one amount is negotiated with PPO Network Providers for the Emergency Service, the amount payable is the median of these amounts.

2. The Non-Contracting Amount.
3. The amount that would be paid under Medicare for the Emergency Service.

Your Financial Responsibilities

The Plan Features section shows your and the Plan's financial responsibility for Covered Medical Expenses. The Deductible, Coinsurance Maximums and Maximum Out-of-Pockets renew at the beginning of every Benefit Period. After Medical Mutual has paid the amounts indicated in the Plan Features section subject to Coverage Maximums, you assume the remaining liability for Covered Medical Expenses. Deductibles, Coinsurance and amounts paid by other parties do not accumulate toward Coverage Maximums.

In addition to Deductible and Coinsurance amounts, you are responsible for paying Non-Covered Charges, Excess Charges and Billed Charges for all services and supplies after Coverage Maximums have been reached.

Medical Mutual pays claims for Covered Medical Expenses through agreements with In-Network and Contracting Providers based on preset reimbursement amounts. For Covered Medical Expenses rendered by Contracting Providers, Medical Mutual will calculate your Deductible, Coinsurance, Out-of-Network Coinsurance and Maximum Out-of-Pockets and Coverage Maximum accumulation based on the Lesser Amount. When Covered Medical Expenses are rendered, these Covered Providers have agreed not to bill for any amount of Covered Medical Expenses above the Negotiated Amount, except for services and supplies for which the Plan has no financial responsibility because of a Coverage Maximum.

For Covered Medical Expenses rendered by Non-Contracting Providers, Medical Mutual will calculate your Deductible, Coinsurance and Coverage Maximum accumulations based on the Non-Contracting Amount. You may be responsible for Excess Charges up to the amount of the Provider's Billed Charges. You also may be responsible for the Out-of-Network Coinsurance for Covered Services received from Contracting Out-of-Network Institutional Providers. The Out-of-Network Coinsurance (out-of-pocket) continues until your Out-of-Network Coinsurance Maximum is reached. Any Excess Charges billed by Non-Contracting Providers DO NOT apply to the Out-of-Network Coinsurance Maximum.

Annual Deductible

Every Benefit Period, you must pay the dollar amount specified as the Deductible in the Plan Features section before the Plan will provide coverage. The Deductible is the amount each Person must pay before the Plan will provide coverage for Covered Medical Expenses. If a Charge is subject to a Deductible, only Covered Medical Expenses under that coverage will satisfy the Deductible. Certain out-of-pocket expenses do not accumulate toward the annual Deductible. These include expenses Incurred from a Coverage Maximum, office visit Copays, and Copays associated with emergency room services or Urgent Care. In addition, Inpatient Deductible amounts do not accrue toward the annual Deductible. To satisfy your Deductible, the Plan records must show that you have Incurred claims totaling the specified dollar amount. For this reason, it is important for you to submit copies of all your bills for Covered Medical Expenses. Your Deductible accumulations do not necessarily occur in the same order that you receive services, but in the order in which Medical Mutual receives and processes your claims. Your Deductible accumulations for In-Network and Out-of-Network Care are not integrated. You cannot apply dollars accrued under your In-Network Deductible toward your Out-of-Network Deductible and vice versa.

Coinsurance Maximum

When the amount a Person must pay in Coinsurance for Covered Medical Expenses reaches the total listed in the Plan Features section, coverage will be payable at 100 percent for all Covered Medical Expenses to which this limit applies for the rest of that Benefit Period. **You will still be responsible for any applicable Co-payments.**

The amounts you pay toward your annual Deductible do not count toward the Coinsurance Maximum. Your Coinsurance Maximum accumulations for In-Network and Out-of-Network Care are not integrated. You cannot apply dollars accrued under your In-Network Coinsurance Maximum toward your Out-of-Network Coinsurance Maximum and vice versa. Amounts you pay for Excess Charges do not apply to any Coinsurance Maximum.

Maximum Out-of-Pocket

Out-of-Area and PPO In-Network Care: After the applicable Maximum Out-of-Pocket shown in the Plan Features section has been met, you are no longer responsible for paying any further Co-payments, Deductibles or Coinsurance for Covered

Medical Expenses Incurred during the balance of the Benefit Period. Any charges Incurred in excess of a Coverage Maximum do not count toward the Maximum Out-of-Pocket.

There is no Maximum Out-of-Pocket for Out-of-Network services. Amounts applied to your Out-of-Network Coinsurance Maximum will not apply to your In-Network Maximum Out-of-Pocket. Amounts you pay for Excess Charges do not apply to the Maximum Out-of-Pocket.

Lifetime Coverage

This is the highest amount that will be paid under this Plan for any Person during his or her lifetime. The Lifetime Coverage is unlimited. The Essential Health Benefits that are provided by your Plan are not subject to a lifetime dollar limit.

Changes in Coverage or Provisions

From time to time Medical Mutual may revise its coverage guidelines and those revisions may alter the nature of Covered Medical Expenses. It is the responsibility of OPERS to notify you when these changes go into effect. If you or an Eligible Dependent are undergoing a course of treatment considered covered under previous guidelines, Medical Mutual will apply the guidelines only if the course of treatment continues to be a covered service under the revised coverage.

Foreign Travel

When you receive medical treatment in another country, you may be asked to pay for the service at the time it is rendered. To receive reimbursement for the care provided, make sure to obtain an itemized bill from the Provider at the time of service. Medical Mutual cannot process a bill unless the Provider lists separately the type and cost of each service you received. It is necessary that the itemized bill be written in English so Medical Mutual can obtain the exchange rate for the date of service and reimburse you accordingly.

Your Plan is in effect whether your treatment is received in a foreign country or in the United States. Only Covered Medical Expenses will be covered when received outside the United States. If you travel to a foreign country and you receive treatment for an Emergency Condition, this Plan will pay coverage at the In-Network level.

If you are eligible for Medicare Parts A and B and you require medical treatment, this Plan will pay coverage as if you had no Medicare coverage, except in those instances (e.g., some cruise ships) where Medicare provides coverage.

Monthly Premiums

You may be responsible for paying part of the cost of health care coverage through a monthly premium. Monthly premiums differ depending on your years of OPERS service credit, your Medicare status, whether you have enrolled Eligible Dependents in the Plan and the Medicare status of these Eligible Dependents. The OPERS Board determines monthly premiums and may change the premiums periodically. For more information about monthly premiums, contact OPERS.

Coordination of Coverage

The Coordination of Benefits ("COB") provision applies when a Person has health care coverage under more than one plan. Plan is defined below.

The order of coverage determination rules govern the order in which each plan will pay a claim for coverage. The plan that pays first is called the Primary plan. The Primary plan must pay for services in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the coverage it pays so that payments from all plans do not exceed 100% of the total allowable expense.

Definitions

1. A plan is any of the following that provides coverage or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - a. Plan includes: group and nongroup insurance contracts, health insuring corporation ("HIC") contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - b. Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under "a" or "b" above is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

2. This plan means, in a COB provision, the part of the contract providing the health care coverage to which the COB provision applies and which may be reduced because of the coverage of other plans. Any other part of the contract providing health care coverage is separate from this plan. A contract may apply one COB provision to certain services, such as dental services, coordinating only with similar services, and may apply another COB provision to coordinate other coverage.
3. The order of coverage determination rules determine whether this Plan is a Primary plan or Secondary plan when the Person has health care coverage under more than one plan.

When this Plan is primary, it determines payment for its coverage first before those of any other plan without considering any other plan's coverage. When this Plan is secondary, it determines its coverage after those of another plan and may reduce the coverage it pays so that all Plan services do not exceed 100% of the total allowable expense.

4. Allowable expense is a health care expense, including Deductibles, Coinsurance and Copays, that is covered at least in part by any plan covering the person. When a plan provides coverage in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a Eligible Benefit Recipient is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

- a. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an allowable expense, unless one of the plans provides coverage for private Hospital room expenses.
 - b. If a Person is covered by 2 or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
 - c. If a Person is covered by 2 or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
 - d. If a Person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the allowable expense for all plans. However, if the Provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the Secondary plan to determine its benefits.
 - e. The amount of any benefit reduction by the Primary plan because a Eligible Benefit Recipient has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. Closed panel plan is a plan that provides health care coverage to covered Persons primarily in the form of services through a panel of Providers that have contracted with or are employed by the plan, and that excludes coverage for services provided by other Providers, except in cases of Emergency or referral by a panel member.

6. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Coverage Determination Rules

When a Person is covered by two or more plans, the rules for determining the order of coverage payments are as follows:

1. The Primary plan pays or provides its services according to its terms of coverage and without regard to the coverage under any other plan.
2.
 - a. Except as provided in Paragraph "b" below, a plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both plans state that the complying plan is primary.
 - b. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide Out-of-Network benefits.
3. A plan may consider the services paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.
4. Each plan determines its order of coverage using the first of the following rules that apply:
 - a. Non-Dependent or Dependent. The plan that covers the Person other than as a dependent, for example as an employee, participant, policyholder, subscriber or retiree, is the Primary plan and the plan that covers the Person as a dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent, and primary to the plan covering the Person as other than a dependent (e.g. a retired employee), then the order of coverage between the two plans is reversed so that the plan covering the Person as an employee, participant, policyholder, subscriber or retiree is the Secondary plan and the other plan is the Primary plan.
 - b. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one plan, the order of coverage is determined as follows:
 1. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or
 - If both parents have the same birthday, the plan that has covered the parent the longest is the Primary plan.
 - However, if one spouse's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.
 2. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - a. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree;
 - b. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of coverage;
 - c. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (1) above shall determine the order of coverage; or
 - d. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of coverage for the child are as follows:
 - The plan covering the Custodial parent;
 - The plan covering the spouse of the Custodial parent;
 - The plan covering the non-custodial parent; and then
 - The plan covering the spouse of the non-custodial parent.

3. For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of coverage as if those individuals were the parents of the child.
- c. Active employee or retired or laid-off employee. The plan that covers a Person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The plan covering that same Person as a retired or laid-off employee is the Secondary plan. The same would hold true if a Person is a dependent of an active employee and that same Person is a dependent of a retired or laid-off employee. If the other plan does not have this rule, and as a result, the plans do not agree on the order of coverage, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of coverage.
 - d. COBRA or state continuation coverage. If a Person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the Person as an employee, participant, subscriber or retiree or covering the Person as a dependent of an employee, participant, subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of coverage.
 - e. Longer or shorter length of coverage. The plan that covered the Person as an employee, participant, policyholder, subscriber or retiree longer is the Primary plan and the plan that covered the Person the shorter period of time is the Secondary plan.
 - f. If the preceding rules do not determine the order of coverage, the allowable expenses shall be shared equally between the plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the Primary plan.

Effect On The Coverage Of This Plan

1. When this Plan is secondary, it may reduce its coverage so that the total services paid or provided by all plans during a plan year are not more than the total allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the coverage it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total services paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
2. If a Eligible Benefit Recipient is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one closed panel plan, COB shall not apply between that plan and other closed panel plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine coverage payable under this Plan and other plans. Medical Mutual may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining services payable under this Plan and other plans covering the Person claiming coverage. Medical Mutual need not tell, or get the consent of, any person to do this. Each Person claiming coverage under this Plan must give Medical Mutual any facts it needs to apply those rules and determine services payable.

Facility of Payment

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, Medical Mutual may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. Medical Mutual will not have to pay that amount again. The term "payment made" includes providing coverage in the form of services, in which case " payment made " means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Medical Mutual is more than it should have paid under this COB provision, it may recover the excess from one or more of the Persons it has paid or for whom it has paid, or any other Person or organization that may be responsible for the services provided for the Eligible Benefit Recipient. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordination Disputes

If you believe that we have not paid a claim properly, you should attempt to resolve the problem by contacting Customer Care at the telephone number or address listed on the front of your Explanation of Benefits (EOB) form and/or medical identification card.

If you or your Eligible Dependent is covered by a Medicare-contracted HMO on either an individual or group basis and elects to receive services that are not authorized by the HMO or that are Out-of-Network services, OPERS coverage for such will be computed after estimated Medicare payments are taken into consideration.

Provision Enforcement

Medical Mutual will be responsible for obtaining information relating to coordination of coverage for you and your Eligible Dependents and coordinating coverage according to the requirements of Ohio and Federal law.

To apply and enforce this provision or any similar provision of another health care Plan, it is agreed that:

- Any Person claiming coverage described in this *Medical Plan Description* will furnish Medical Mutual with any information Medical Mutual needs; and
- Medical Mutual may, without the consent of or notice to any Person, release to or obtain from any source any necessary information.

Returning to Work After Retirement

Re-employment is returning to work in an OPERS-covered position after retiring. Employers must provide health care coverage for OPERS age and service retirees who are re-employed in an OPERS-covered position if the coverage is available to other employees in comparable positions.

The employer's health care coverage is primary and, if the retiree is participating in the OPERS health care program, OPERS coverage is secondary for the duration of re-employment. **The re-employed retiree may not waive the employer's health care coverage.**

OPERS' health care coverage is not provided during a retiree's suspension or forfeiture of a retirement benefit as a result of re-employment.

Effect of Medicare

This section describes how medical expense coverage under this Plan varies depending on whether the Person is eligible for Medicare. Medical expense coverage under this Plan will be ceased for any Person eligible for Medicare.

A Person who becomes eligible for Medicare due to a Social Security Administration (SSA) disability benefit or due to end stage renal disease (ESRD). If the Person has Medicare due to ESRD, the OPERS Retiree Health Plan will pay before Medicare for a period of 30 months.

The month you or your spouse are enrolled in Medicare Parts A and B, you will have the option to enroll in an individual Medicare plan through OPERS's Medicare Connector, administered by One Exchange.

Effect of Prior Coverage

Prior coverage is any plan of group accident and health insurance that has been replaced by coverage under part or all of this entire Plan. It must have been sponsored by an employer that makes contributions to OPERS. The replacement can be complete or in part for the eligible class to which you belong. Any such plan is considered prior coverage if provided by another group contract or any coverage section of this Plan.

If the coverage of any Person under any part of this Plan replaces any prior coverage in effect for the Person, the rules apply to that part.

Coverage under any section of this Plan will be in exchange for all privileges and coverage provided under any similar prior coverage. Any coverage provided under such prior coverage may reduce coverage payable under this Plan.

Subrogation/Right of Recovery of Expenses Paid

Definitions

For purposes of this provision, the following terms are used:

Covered Person - Includes anyone on whose behalf the Plan pays or provides any coverage including, but not limited to, the minor child or dependent of any Plan participant or Person entitled to receive any coverage from the Plan.

Insurance Coverage - Any coverage providing medical expense coverage or liability coverage including, but not limited to, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile insurance coverage, or any first-party insurance coverage.

Responsible Party - Any party actually, possibly or potentially responsible for making any payment to a Covered Person due to a Covered Person's injury, illness or Condition. The term "Responsible Party" includes the liability insurer of such party or any insurance coverage.

Subrogation

Immediately upon paying or providing any coverage under this Plan, the Plan shall be subrogated to (stand in the place of) all rights of recovery a Covered Person has against any Responsible Party with respect to any payment made by the Responsible Party to a Covered Person due to a Covered Person's injury, illness or Condition to the full extent of coverage provided or to be provided by the Plan.

Reimbursement

In addition, if a Covered Person receives any payment from any Responsible Party or Insurance Coverage as a result of an injury, illness or Condition, the Plan has the right to recover from, and be reimbursed by, the Covered Person for all amounts this Plan has paid and will pay as a result of that injury, illness or Condition, up to and including the full amount the Covered Person receives from any Responsible Party.

Constructive Trust

By accepting coverage (whether the payment of such coverage is made to the Covered Person or made on behalf of the Covered Person to any provider) from the Plan, the Covered Person agrees that if he or she receives any payment from any Responsible Party as a result of an injury, illness or Condition, he or she will serve as a constructive trustee over the funds that constitutes such payment. Failure to hold such funds in trust will be deemed a breach of the Covered Person's fiduciary duty to the Plan.

Lien Rights

Further, the Plan will automatically have a lien to the extent of coverage paid by the Plan for the treatment of the illness, injury or Condition for which the Responsible Party is liable. The lien shall be imposed upon any recovery whether by settlement, judgment or otherwise related to treatment for any illness, injury or Condition for which the Plan paid coverage. The lien may be enforced against any party who possesses funds or proceeds representing the amount of coverage paid by the Plan including, but not limited to, the Covered Person, the Covered Person's representative or agent; Responsible Party; Responsible Party's insurer, representative or agent; and/or any other source possessing funds representing the amount of coverage paid by the Plan.

First-Priority Claim

By accepting payment (whether the payment is made to the Covered Person or made on behalf of the Covered Person to any provider) from the Plan, the Covered Person acknowledges that this Plan's recovery rights are a first priority claim against all Responsible Parties and are to be paid to the Plan before any other claim for the Covered Person's damages. This Plan shall be entitled to full reimbursement on a first-dollar basis from any Responsible Party's payments, even if such payment to the Plan will result in a recovery to the Covered Person which is insufficient to make the Covered Person whole or to compensate the Covered Person in part or in whole for the damages sustained. The Plan is not required to participate in or pay court costs or attorney fees to any attorney hired by the Covered Person to pursue the Covered Person's damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted by any Responsible Party and regardless of whether the settlement or judgment received by the Covered Person identifies the medical coverage the Plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The Plan is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only.

Cooperation

The Covered Person shall fully cooperate with the Plan's efforts to recover its Charges paid. It is the duty of the Covered Person to notify the Plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of the Covered Person's intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or Condition sustained by the Covered Person. The Covered Person and his or her agents shall provide all information requested by the Plan, Medical Mutual or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request. Failure to provide this information may result in the termination of health coverage for the Covered Person or the institution of court proceedings against the Covered Person.

The Covered Person shall do nothing to prejudice the Plan's subrogation or recovery interest or to prejudice the Plan's ability to enforce the terms of this Plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all coverage provided by the Plan.

The Covered Person acknowledges that the Plan has the right to conduct an investigation regarding the injury, illness or Condition to identify any Responsible Party. The Plan reserves the right to notify the responsible Party and his or her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, Medical Mutual shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting coverage (whether the payment is made to the Covered Person or made on behalf of the Covered Person to any provider) from the Plan, the Covered Person agrees that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the Plan may elect. By accepting such payment, the Covered Person hereby submits to each such jurisdiction, waiving whatever rights may correspond to him or her by reason of his or her present or future domicile.

Exclusion

This Plan does not cover services and supplies, in the opinion of Medical Mutual or its authorized representative, that are associated with injuries, illness or Conditions suffered due to the acts or omissions of a third party.

Severability

If any one or more of the clauses contained in this "Subrogation and Right of Recovery Provision" is held to be invalid, illegal or unenforceable by any court of competent jurisdiction in any respect under any applicable law, the validity, legality and enforceability of the remaining provisions contained in this Subrogation and Right of Recovery Provision shall not in any way be affected or impaired. In the case of any determination of illegality, invalidity or unenforceability, the invalid, illegal or unenforceable clause shall be deemed enforceable to the fullest extent permitted by law and the parties shall use their best efforts to substitute a valid clause for the invalid clause.

Recovery of Overpayment

If a payment is made by Medical Mutual, to or on behalf of any Person, which exceeds the coverage amount such Person is entitled to receive in accordance with the terms of the group Contract, this Plan has the right to:

- Require the return of the overpayment on request; or

- Reduce by the amount of the overpayment, any future payment made to or on behalf of that Person or another Person in his or her family.

OPERS may be entitled to recover the costs of any claims paid to an enrollee if it is determined that the individual was not eligible for coverage at the time the claims were Incurred.

Such right does not affect any other right of recovery this Plan may have with respect to such overpayment.

Reporting Claims

A Person may submit any claim for Medical Care expenses to Medical Mutual if the Provider fails to do so. The claim must be submitted to Medical Mutual in writing and give proof of the nature and extent of the Medical Care involved. Please contact the Claims Administrator for the required forms.

All claims should be reported promptly. No claim can be submitted later than two years after services have been received. The two-year period will not apply if Medical Mutual receives a coordinated claim for secondary coverage outside the two-year period, if the claim was submitted to the primary carrier within two years of the date of service.

Unless you are legally incapacitated, late claims will not be covered if they are filed more than two years after the deadline.

Rescission Of Coverage

A rescission of your coverage means that the coverage may be legally voided all the way back to the day the Plan began to provide you with coverage, just as if you never had coverage under the Plan. Your coverage can only be rescinded if you (or a Person seeking coverage on your behalf), performs an act, practice, or omission that constitutes fraud; or unless you (or a Person seeking coverage on your behalf) makes an intentional misrepresentation of material fact, as prohibited by the terms of your Plan.

You will be provided with thirty (30) calendar days' advance notice before your coverage is rescinded. You have the right to request an internal appeal of a rescission of your coverage. Once the internal appeal process is exhausted, you have the additional right to request an independent external review.

An enrolled benefit recipient's coverage shall be rescinded if the benefit recipient is convicted of falsification under Section 2921.13 of the Ohio Revised Code regarding the health care coverage or performs an act, practice or omission that constitutes fraud or makes an intentional misrepresentation of material fact regarding the health care coverage. The effective date of the termination of coverage shall be the earlier of the date of the conviction or the act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact, unless otherwise limited by Ohio law. The retirement system shall notify the benefit recipient of the rescission at least thirty days prior to processing the rescission. The rescission applies to all enrolled dependents and all coverage options.

Keeping Records of Expenses

Keep complete records of the expenses of each Person. They are required when a claim is made.

The names of Physicians and others who furnish services, dates expenses are Incurred and copies of all bills and receipts are very important.

Explanation of Benefits Statements

After Medical Mutual processes your claim, an Explanation of Benefits (EOB) will be mailed to you. These also can be viewed on Medical Mutual's website. They list Covered Medical Expenses and non-covered services along with explanations about why services are not covered. They also contain important information and a telephone number if you have any questions.

Claim Review

Consent to Release Medical Information - Denial of Coverage

You consent to the release of medical information to Medical Mutual and the Plan when you enroll and/or sign an enrollment form.

When you present your medical identification card for services, you are also giving your consent to release medical information to Medical Mutual. Medical Mutual has the right to refuse to reimburse for Covered Medical Expenses if you refuse to consent to the release of any medical information.

Right to Review Claims

When a claim is submitted, Medical Mutual will review the claim to ensure that the service was medically Necessary and that all other conditions for coverage are satisfied. The fact that a Provider may recommend or prescribe treatment does not mean that it is automatically a covered service.

Physical Examination

The Plan may require that you have one or more physical examinations at its expense. These examinations will help to determine what services will be covered, especially when there are questions concerning services you have previously received and for which you have submitted claims. These examinations will not have any effect on your status as a Eligible Benefit Recipient or your eligibility.

Benefit Determination for Claims

Urgent Care Claims

An **Urgent Care Claim** is a claim for Medical Care or treatment where applying the timeframes for non-urgent care could (a) seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or (b) in the opinion of a Physician with knowledge of the claimant's medical Condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Determination of **urgent** can be made by (a) an individual acting on behalf of the plan and applying the judgment of a prudent layperson that possesses an average knowledge of medicine or (b) any Physician with knowledge of the claimant's medical Condition can determine that a claim involves urgent care.

If you file an Urgent Care Claim in accordance with Medical Mutual's claim procedures and all of the required information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, as soon as possible but not later than 72 hours after Medical Mutual's receipt of the claim.

If you do not follow Medical Mutual's procedures or we do not receive all of the information necessary to make a benefit determination, Medical Mutual will notify you within 24 hours of receipt of the Urgent Care Claim and explain the applicable procedural deficiencies, or the specific deficiencies related to information necessary to make a benefit determination. You will have 48 hours to correct the procedural deficiencies and/or provide the requested information. Once Medical Mutual receives the requested information, we will notify you of the benefit determination as soon as possible, taking into account all medical exigencies, but not later than 48 hours after receipt of the information.

Medical Mutual may notify you of its benefit determination decision orally and follow with written or electronic notification not later than three (3) days after the oral notification.

Concurrent Care Claims

A Concurrent Care Claim is any claim for ongoing treatment to be provided over a period of time or for a number of treatments, subject to Medical Mutual's approval. The decision is adverse if Medical Mutual decides to reduce or terminate benefits for the ongoing treatment (unless the reduction or termination of benefits is due to a health plan amendment or health plan termination).

A request for an extension to an ongoing course of treatment must be filed in accordance with Medical Mutual's claim procedures and must be made at least 24 hours prior to the expiration of the prescribed period of time or number of

treatments. Medical Mutual will notify you of any benefit determination concerning the request to extend the course of treatment within 24 hours after its receipt of the claim.

If Medical Mutual reduces or terminates a course of treatment before the end of the course previously approved, then the reduction or termination is considered an adverse benefit determination. Medical Mutual will notify you, in advance, of the reduction or termination so that you may appeal and obtain an answer on the appeal before the benefit is reduced or terminated.

Pre-Service Claims

A Pre-Service Claim is a claim for a benefit which requires some form of preapproval or precertification by Medical Mutual as a condition for payment of a benefit (either in whole or in part).

If you file a Pre-Service Claim in accordance with Medical Mutual's claim procedures and all of the required information is received, Medical Mutual will notify you of its benefit determination within 15 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide all of the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 15 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

Post-Service Claims

A Post-Service Claim is any claim that is not a Pre-Service Claim or an Urgent Care Claim. If you file a Post-Service Claim in accordance with Medical Mutual's claim procedures and all of the required information is received, Medical Mutual will notify you of its benefit determination within 30 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide all of the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 30 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

Benefit Determination Notices

You will receive notice of a benefit determination, orally as allowed, or in writing. All notices of a denial of a benefit will be made in a culturally and linguistically appropriate manner and will include the following:

- the specific reason(s) for the denial;
- reference to the specific plan provision(s) on which the denial is based;
- sufficient information to identify the claim involved, including the date of services, the health care provider, and the claim amount, if applicable;
- a description of any additional material or information necessary to process the claim and an explanation of why such information is necessary;
- a description of Medical Mutual's appeal procedures and applicable timeframes, including the expedited appeal process, if applicable;
- notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;
- notice of the availability of, and contact information for, an applicable office of consumer assistance established under the Public Health Service Act section 2793, if one is available;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the benefit determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request; and
- if the claim was denied based on Medical Necessity, Experimental treatment or a similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request.

Filing a Complaint

If you have a complaint, please call or write to Customer Care at the telephone number or address listed on your Explanation of Benefits (EOB) form and/or identification card. To expedite the processing of an inquiry, you should have the following information available:

- name of patient
- identification number
- claim number(s) (if applicable)
- date(s) of service

If your complaint is regarding a claim, a Medical Mutual Customer Care representative will review the claim for correctness in processing. If the claim was processed according to terms of the Group Contract, the Customer Care representative will telephone you with the response. If attempts to telephone you are unsuccessful, a letter will be sent explaining how the claim was processed. If an adjustment to the claim is required, you will receive a check, Explanation of Benefits or letter explaining the revised decision.

Quality of Care issues are addressed by our Quality Improvement Department or committee.

If you are not satisfied with the results, you may continue to pursue the matter through the appeal process.

Filing an Appeal

* **Please note:** The processes described here are based on the claims and appeals processes set forth in the Patient Protection and Affordable Care Act and related regulations and guidance. As those regulations and guidance are subject to change, the claims and appeals processes for this plan are subject to change. The rules and/or procedures set forth in the most current claims and appeals regulations and guidance at the time your claim or appeal is processed will govern your claims and appeals, even if they conflict with the claims and appeals processes set forth herein.

Filing an Appeal

If you are not satisfied with any of the following:

- a benefit determination;
- a Medical Necessity determination;
- a determination of your eligibility to participate in the plan or health insurance coverage; or
- a decision to rescind your coverage (a rescission does not include a retroactive cancellation for failure to timely pay required premiums)

then you may file an appeal.

To submit an appeal electronically, go to Medical Mutual's Web site, www.medmutual.com, under Members' section, complete all required fields and submit, or call the Customer Care telephone number on your identification card. You may also write a letter with the following information: Card Holder's full name; patient's full name; identification number; claim number if a claim has been denied; the reason for the appeal; date of services; the Provider/facility name; and any supporting information or medical records, documents, dental X-rays or photographs you would like considered in the appeal. Send or fax the letter and records to:

Medical Mutual of Ohio
Member Appeals Unit
MZ: 01-4B-4809
P.O. Box 94580
Cleveland, Ohio 44101-4580
FAX: (216) 687-7990

The request for review must come directly from the patient unless he/she is a minor or has appointed an authorized representative. You can choose another person to represent you during the appeal process, as long as Medical Mutual has a signed and dated statement from you authorizing the person to act on your behalf.

Mandatory Internal Appeal

The Plan offers you a mandatory internal appeal. You must complete this mandatory internal appeal before any additional action is taken.

Mandatory internal appeals related to a claim decision must be filed within 180 days from your receipt of the notice of denial of benefits. All requests for appeal may be made by submitting an electronic form, by calling Customer Care or in writing as described in the Filing an Appeal section above.

Under the appeal process, there will be a full and fair review of the claim in accordance with applicable law for this plan. The internal appeal process is a review of your appeal by an appeals specialist, a Physician consultant and/or other licensed health care professional. The review of an appeal will take into account all comments, documents, medical records and other information submitted by you and the Provider relating to the appeal, without regard to whether such information was submitted or considered in the initial benefit determination. All determinations that involve, in whole or in part, issues of Medical Necessity, whether services are Experimental and Investigational, or any other medical judgment, are based on the evaluations and opinions of health care professionals who have the appropriate training and experience in the field of medicine involved in the medical judgment. The health care professionals who review the appeal will not have made any prior evaluations about your claim and will not be a subordinate of the professional who made the initial evaluation of your claim. These health care professionals act independently and impartially. Decisions to hire, compensate, terminate, promote or retain these professionals are not based in any manner on the likelihood that these professionals will support a denial of benefits. Upon specific written request from you, Medical Mutual will provide the identification of the medical or vocational expert whose advice was obtained on behalf of Medical Mutual in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the benefit determination.

You may submit written comments, documents, records, testimony and other information relating to the claim that is the basis for the appeal. These documents should be submitted by you at the time you send in your request for an appeal. Upon written request, you may have reasonable access to and copies of documents, records and other information used to make the decision on your claim for benefits that is the subject of your appeal.

If, during the appeal, Medical Mutual considers, relies upon or generates any new or additional evidence, you will be provided free of charge with copies of that evidence before a notice of denial is issued. You will have an opportunity to respond before our time frame for issuing a notice of denial expires. Additionally, if Medical Mutual decides to issue a final denial based on a new or additional rationale, you will be provided that rationale free of charge before the final notice of denial is issued. You will have an opportunity to respond before our timeframe for issuing a notice of denial expires.

You will receive continued coverage pending the outcome of the appeals process. This means that Medical Mutual may not reduce or terminate benefits for an ongoing course of treatment without providing advance notice and an opportunity for advance review.

The appeal procedures are as follows:

Urgent Care Appeal

- You, your authorized representative or your Provider may request an appeal for urgent care. The appeal does not need to be submitted in writing. You, your authorized representative, or your Physician should call the Care Management telephone number on your identification card as soon as possible. Urgent care claim appeals are typically those claims for Medical Care or treatment where withholding immediate treatment (1) could seriously jeopardize the life or health of a patient, or could affect the ability of the patient to regain maximum functions, or (2) in the opinion of a Physician with knowledge of your medical Condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. The appeal must be decided within 72 hours of the request. The expedited review process does not apply to prescheduled treatments, therapies, Surgeries or other procedures that do not require immediate action. When you request an internal appeal for an urgent care claim, at the same time you may also file a request for an expedited external review as described below.

Pre-Service Claim Appeal

- You or your authorized representative may request a pre-service claim appeal. Pre-service claim appeals are those requested in advance of obtaining Medical Care for approval of a service, as it relates to the terms of the plan benefit booklet. The pre-service claim appeal must be decided within 30 days of the request and must be requested within 180 days of the date you received notice of denial.

Post Service Claim Appeal

- You or your authorized representative may request a post-service claim appeal. Post-service claim appeals are those requested for payment or reimbursement of the cost for Medical Care that has already been provided. As with

pre-service claims, the post-service claim appeal must be decided within 30 days of the request and must be requested within 180 days of the date you received notice of the denial.

All appeal denial notices will be culturally and linguistically appropriate and will include the following:

- the specific reason(s) for the denial;
- reference to the specific plan provision(s) on which the denial is based;
- sufficient information to identify the claim involved, including the date of services, the health care provider, and the claim amount (if applicable);
- statement that you are entitled to receive, upon request and free of charge, reasonable access to and copies of, all documents, records, and other information relevant to your claim for benefits;
- notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;
- notice of the availability of, and contact information for, an applicable office of consumer assistance established under the Public Health Service Act section 2793, if one is available;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request;
- if the claim was denied based on a Medical Necessity, Experimental treatment, or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the Plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request; and
- a description of applicable appeal procedures.

If your claim is denied at the internal mandatory appeal level, then depending on the type of plan you have and the type of claim, there are two different voluntary review options available. You will be eligible for EITHER the External Review Process OR the Voluntary Internal Review Process. These two processes, and the eligibility requirements, are described below.

External Review Process

Medical Mutual has established an external review process to examine coverage decisions under certain circumstances. The request for External Review must be made within four months from your receipt of the notice of denial from the internal mandatory appeal. You may be eligible to have a decision reviewed through the external review process if you meet the following criteria:

1. The adverse benefit determination involves medical judgment, as determined by the external reviewer, or a rescission of coverage;
2. You have exhausted the mandatory internal appeal process unless under applicable law you are not required to exhaust the internal appeal process;
3. You are or were covered under the plan at the time the service was requested or, in the case of retrospective review, were covered under the plan when the service was provided; and
4. You have provided all of the information and forms necessary to process the external review.

External Review will be conducted by Independent Review Organizations (IRO). You will not be required to pay for any part of the cost of the external review. All IROs act independently and impartially and are assigned to review your claim on a rotational basis or by another unbiased method of selection. The decision to use an IRO is not based in any manner on the likelihood that the IRO will support a denial of benefits.

Medical Mutual is required by law to provide to the independent review organization conducting the review, a copy of the records that are relevant to your medical Condition and the external review.

External Review for Non-Urgent Care Claim Appeals

A request for an external review for a non-expedited or non-urgent claim must be in writing and should be addressed to Medical Mutual's Member Appeals Unit at the address listed above.

If your request for external review is complete and you are eligible for external review, an IRO will conduct the review. The IRO will notify you and give you 10 business days to submit information for its consideration. The IRO will issue a written decision within 45 days after it receives the request for external review. This written decision will include the main reasons for the decision, including the rationale for the decision. The IRO's determination is binding except to the extent

that other remedies may be available under State or Federal law to either Plan or you. If the IRO reverses the adverse benefit determination, your Plan will provide coverage or payment for the claim.

Expedited External Review for Urgent Care Claim Appeals

A request for an external review for Urgent or Expedited claims may be requested orally or electronically or in writing and should be addressed to Medical Mutual's Member Appeals Unit. You may request an external review for Urgent or Expedited claims at the same time you request an expedited internal appeal of your claim.

An expedited review may be requested if your Condition, without immediate medical attention, could result in serious jeopardy to your life or health or your ability to regain maximum function; or you have received a final internal appeal denial concerning an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not been discharged from a facility.

If your request for external review is complete and you are eligible for external review, an IRO will conduct the review. The IRO will issue a decision within 72 hours after the IRO receives the request for external review. If the decision is not in writing, within 48 hours after providing that notice, the IRO will provide a written confirmation. This decision will include the main reasons for the decision, including the rationale for the decision. The IRO's determination is binding except to the extent that other remedies may be available under State or Federal law to either plan or you. If the IRO reverses the adverse benefit determination, the Plan will provide coverage or payment for the claim.

Voluntary Internal Review Process

If your internal mandatory appeal is denied, and your claim does not qualify for an external review, you have the option of a voluntary internal review by Medical Mutual. All requests for review may be made by calling Customer Care or writing to the Member Appeals Department. You should submit additional written comments, documents, records, dental X-rays, photographs and other information that were not submitted for the internal mandatory appeal.

The voluntary internal review may be requested at the conclusion of the internal mandatory appeal. The request for the voluntary internal review must be received by Medical Mutual within 60 days from the receipt of the internal mandatory appeal decision. Medical Mutual will complete its review of the voluntary internal review within 30 days from receipt of the request.

The voluntary internal review provides a full and fair review of the claim. The appeal will take into account all comments, documents, records and other information submitted by you and the Provider relating to the claim, without regard to whether such information was submitted or considered in the internal mandatory appeal.

Termination of Coverage

Coverage under this Plan terminates at the earliest occurrence of one of the following:

- When coverage under the Plan discontinues;
- When you cease to be an Eligible Benefit Recipient. All coverage stops at the end of the month in which the Eligible Benefit Recipient becomes ineligible; or
- When you fail to make a required contribution on your own behalf.

If your coverage ceases for any reason, contact OPERS immediately to find out what rights you may have under this Plan.

You may terminate coverage under any OPERS-sponsored health care Plan at any time. For instructions, please call OPERS toll-free at 1-800-222-7377.

Eligible Dependent Coverage Only:

An Eligible Dependent's coverage will terminate at the earliest occurrence of one of the following (It is the Eligible Benefit Recipient's responsibility to notify OPERS):

- Discontinuance of all dependent coverage under the Plan;
- When an Eligible Dependent becomes covered as an Eligible Benefit Recipient and chooses OPERS health care coverage under his or her own plan;
- When such Person ceases to meet this Plan's definition of an Eligible Dependent;
- When Eligible Benefit Recipient coverage terminates;

- When you fail to make a required contribution on behalf of your Eligible Dependent; or
- Within 31 days from the day you notify OPERS that coverage of an Eligible Dependent is to terminate.

Continuation of Medical Expense Coverage After Termination

If at the time this Plan discontinues, a Person is confined in a Hospital, nursing home, Skilled Nursing Facility or institution devoted exclusively to the treatment of alcoholism or drug abuse, coverage will be available for Covered Medical Expenses directly related to such confinement during the first 31 consecutive days following termination of this Plan.

If this Plan discontinues during a pregnancy of a Person, any coverage provided in connection with such pregnancy will continue to be available, but only during the first 31 consecutive days following termination of this Plan.

If you die while covered under any part of this Plan, any medical expense coverage then in force for your Eligible Dependents may be continued subject to determination of continuing eligibility by OPERS and subject to the ongoing offering of the Plan's continuation of coverage options, which are described in the next section of this booklet.

Any dependent's coverage, including your spouse's, will cease when any one of the following events occur:

- Your spouse dies;
- A dependent ceases to meet the qualification of an Eligible Dependent;
- A dependent becomes an Eligible Benefit Recipient under this Plan and elects health care coverage under his or her own plan;
- The Plan terminates coverage for the category under which the dependent qualified as an Eligible Dependent;
- Any required contributions stop; or
- In the case of an incapacitated Person:
 - Cessation of the incapacitating Condition;
 - Failure to provide proof that the incapacitating Condition continues; or
 - Failure to obtain any required exam.

If medical expense coverage is being continued for your Eligible Dependents, your child born after your death also will be covered.

CONTINUATION OF COVERAGE OPTIONS

If your coverage under this Plan ceases for any reason, depending upon your individual circumstances and factors determined by OPERS, you may have options for continuation of coverage. For more information on these options, contact OPERS.

COBRA

Eligible Dependents may be eligible for continuation of benefits under the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA). COBRA is a federal law that allows covered Persons to continue coverage under specified circumstances where such group coverage would otherwise be lost. To continue coverage, Eligible Dependents must apply for continuation coverage and pay the required premium before the deadline for payment. COBRA coverage can extend up to 36 months, depending on the particular "qualifying event" which gave rise to COBRA.

Notice Requirements

Under COBRA, the Eligible Benefit Recipient or Eligible Dependent has the responsibility to inform OPERS of a divorce, legal separation or a child losing dependent status under the Plan within 60 days of any such event. If notice is not received within that 60-day period, the Eligible Dependent will not be entitled to choose continuation coverage.

OPERS Retirement Board

The 11-member OPERS Retirement Board is responsible for the administration and management of OPERS. Seven of the 11 members are elected by the groups that they represent (i.e., college and university non-teaching employees, state, county, municipal, and miscellaneous employees, and retired members); the Director of the Department of Administrative Services for the state of Ohio is a statutory member, and three members are investment experts appointed by the Governor, the Treasurer of State, and jointly by the Speaker of the Ohio House of Representatives and the President of the Ohio Senate.

For a current listing of OPERS Board Members, please visit www.OPERS.org.
