

MEDICAL MUTUAL®

Treatment Cost Estimator

Nobody likes to be surprised by healthcare costs. Plan ahead by having an estimate of your medical costs before you visit the doctor's office. Using our Treatment Cost Estimator, it's easy to find out the cost of receiving care from different providers and locations.

The Treatment Cost Estimator provides you with accurate estimates of out-of-pocket costs based on personal benefit plans and cost accumulations. To use the Treatment Cost Estimator, visit MedMutual.com and log into *My Health Plan*. Just follow these simple step-by-step instructions.

Treatment Cost Estimator

Steps: 1 Getting Started 2 Select Treatment 3 Select Provider(s) 4 View Estimate

Step 1: Getting Started

The Treatment Cost Estimator tool provides you with a reasonable estimate of your healthcare costs based on current, available information. The estimated services are those most commonly sought from providers who participate in the SuperMed network. Out-of-network services may be subject to different benefits and coverage amounts when compared to in-network services. Additionally, providers who are not part of the SuperMed network may bill you up to the full charges for the treatment(s) they provide. Follow the prompts below to obtain an estimate of your out-of-pocket costs when visiting one of our in-network providers.

Select a patient to get started with the Treatment Cost Estimator

Patient Name: JOHN DOE JANE DOE

Treatment: A1C test/diabetic control index [edit]

Providers: Select up to 4 providers to view and compare treatment costs.

What if I went out of Network? Estimate for a Non-Contracted Provider

Step 3: Select Provider(s)

Search for providers by name, location and more. After entering your search criteria, click *Search* and browse the list of matching providers. To select a provider, click the check box to the right of the provider listing. You can choose up to four providers and evaluate their costs using a side-by-side comparison. You can also view the costs of visiting a non-network provider. After selecting a provider, click *Get Costs* to submit your estimate. Your results will appear in a few seconds. Be sure to read the *Did You Know...* section, which highlights ways you can save money on your medical costs.
