

Tap Into the Advantages of Our Mobile App

You can now access your Health Reimbursement Arrangement (HRA) anytime, anywhere, with the Via Benefits Accounts mobile app. Review expenses, get reimbursed, monitor the progress of a request, and get important updates right at your fingertips!

To get started, search for “**Via Benefits Accounts**” in the App Store or Google Play, and download it to your smartphone or tablet.

Sign into your account

If you already have a Via Benefits account, open the app and sign in with your existing Via Benefits website username and password. If you don't, you'll be able to create one with the app.

Set up push notifications

After signing in, the app will request permission to send push notifications. These are messages that we'll send to your mobile device to keep you up-to-date on important account details. We recommend you allow this permission, as it's the best way to track reimbursement requests in real time. Via Benefits will send app notifications if there are any issues with your requests.

Welcome to Your Dashboard

Items need your attention

Via Benefits alerts you when you need to take action. Look for the **Bell Icon** to make sure you're following up on outstanding requests, such as submitting missing supporting documentation.

Check your account balance

When you sign into the mobile app, the **Dashboard** displays your HRA balance.

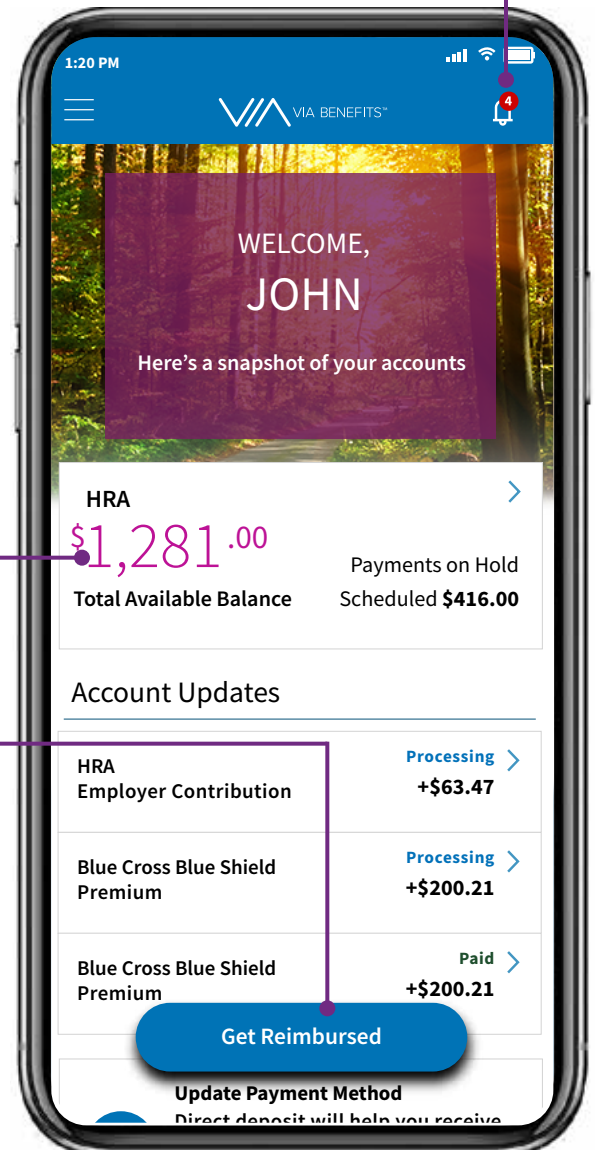

Submit reimbursement requests

Submitting a reimbursement request on the mobile app is quick and easy. Select **Get Reimbursed** to submit a **Premium Reimbursement** or **Out-of-Pocket Reimbursement**.

To submit documentation, simply use your smartphone's camera to take a picture of your Explanation of Benefits, and attach the picture to your reimbursement request.

Check the status of your reimbursements from the **Account Overview** page.
