

# EMPLOYER Notice

Ohio Public Employees Retirement System • 277 East Town Street • Columbus, Ohio 43215

## Employer help needed to get employees thinking and planning for retirement throughout career

### Who should read this notice

Human resource professionals or any employer contact assisting employees in any stage of their public service careers

### Situation overview

Employees often do not begin to contemplate retirement until they are very close to the end of their public service career. In an effort to help get employees thinking about retirement at every stage in their career, OPERS has created a poster series.

The first in the series was distributed in June 2011 and contained messages regarding planning and self-service options available through accessing your retirement account online.

The second poster in the series is now available and contains important messages regarding pension benefits as well as general health points to consider.

### Action requested

Employers are encouraged to display the enclosed poster in common areas as a means of distributing these important messages. We recommend posting in break rooms, human resources offices and in any high-traffic site. Simply contact Employer Outreach at 888-400-0965 or by e-mail at [employeroutreach@opers.org](mailto:employeroutreach@opers.org) to order more posters. Both posters in the series are available for order.

### Note:

*To better service our population and to ensure members begin to think and plan for retirement throughout their public service career, OPERS has implemented a poster series to partner with employers in spreading important messages.*
