INTRODUCTION

THE SUMMARY PLAN DESCRIPTION – YOUR HEALTH CARE PLAN GUIDE

Welcome to OPERS-sponsored health care plan (Plan) administered by Humana Insurance Company (Humana). OPERS has provided *you* with this *Summary Plan Description (SPD)*, which outlines *your* coverage, as well as *your* rights and responsibilities under this Plan.

This *SPD* is *your* guide to the coverage, provisions and programs offered by this Plan. *Services* are subject to all provisions of this Plan, including the limitations and exclusions. Please read this *SPD* carefully, paying special attention to the “Medical Schedule of Coverage,” “Medical Covered Expenses,” and “Limitations and Exclusions” sections to better understand how *your* coverage works. If *you* are unable to find the information *you* need, please contact Humana at the toll-free customer service telephone number listed on *your* Humana Identification (ID) card or visit our website at www.humana.com.

This Plan pays after Medicare. Please present your Medicare card and your Humana Medicare Secondary Plan card to your providers so they can bill Medicare first before submitting charges to this Plan.

You must be enrolled in Medicare Parts A and B to receive coverage under this Plan. If your Medicare Parts A or B is cancelled for any reason your coverage under this Plan will terminate.

This *SPD* presents an overview of *your* coverage. In the event of any discrepancy between this *SPD* and the official Plan Document, the Plan Document shall govern.

DEFINED TERMS

Italicized terms throughout this *SPD* are defined in the “Definitions” section. An italicized word may have a different meaning in the context of this *SPD* than it does in general usage. Referring to the “Definitions” section as *you* read through this document will help *you* have a clearer understanding of this *SPD*.

SECTION 1

HEALTH RESOURCES

HEALTH RESOURCES

Health Resources is a comprehensive set of clinical programs and services available to help *you* better understand *your* health care coverage and how to use them, navigate the health care system when *you* need it, understand treatment options and choices, reduce *your* costs and enhance the quality of *your* life.

Each Health Resources program is tailored to meet different health care needs, from those who want to stay well when they are healthy, to those who are at risk for an illness, to those who are at chronic or acute stages of illness. Health Resources offer a wide range of assistance including online educational tools, interventions, health assessments and personal discussions with registered *nurses*.

All Health Resources programs are subject to change without notice. For additional information or questions regarding any of these programs, visit Humana's website at www.humana.com or call the toll-free customer service telephone number listed on *your* Humana ID card.

SECTION 2

MEDICAL COVERAGE

UNDERSTANDING YOUR COVERAGE

PARTICIPATING AND NON-PARTICIPATING PROVIDERS

This Plan has two (2) levels of coverage – *participating provider (PAR provider)* coverage and *non-participating provider (Non-PAR provider)* coverage, payable as shown in the “Medical Schedule of Coverage” section. *You* may select any provider to provide *your* medical care.

In most cases, if *you* receive *services* from a *PAR provider*, this Plan will pay a higher percentage of coverage and *you* will have lower out-of-pocket costs. *You* are responsible for any applicable deductible, *coinsurance* amounts and/or *copayment*.

If *you* receive *services* from a *Non-PAR provider*, this Plan may pay coverage at a lower percentage and *you* will pay a larger share of the costs. Since *Non-PAR providers* do not have contractual arrangements with Humana to accept discounted or negotiated fees, they may bill *you* for charges in excess of the *maximum allowable fee*. *You* are responsible for charges in excess of the *maximum allowable fee* in addition to any applicable *deductibles*, *coinsurance* amounts and/or *copayments*. Any amount *you* pay to the provider in excess of *your coinsurance* or *copayment* will not apply to *your out-of-pocket limit* or *deductible*.

Not all *qualified practitioners* including pathologists, radiologists, anesthesiologists, and emergency room physicians who provide *services* at *PAR hospitals* are *PAR qualified practitioners*. If *services* are provided to *you* by such *Non-PAR qualified practitioners* at a *PAR hospital*, this Plan will pay for those *services* at the *PAR provider* coverage percentage. *Non-PAR qualified practitioners* may require payment from *you* for any amount not paid by this Plan. If possible, *you* may want to verify whether *services* are available from a *PAR qualified practitioner*.

PAR PROVIDER DIRECTORY

An online directory of *PAR providers* is available to *you* and accessible via Humana’s website at www.humana.com. This directory is subject to change. Due to the possibility of *PAR providers* changing status, please check the online directory of *PAR providers* prior to obtaining *services*. If *you* do not have access to the online directory, call Humana at the toll-free customer service telephone number listed on *your* Humana ID card prior to *services* being rendered or to request a directory.

COVERED AND NON-COVERED EXPENSES

Services are payable only if *services* are considered to be a *covered expense* and are subject to the specific conditions, limitations and applicable maximums of this Plan. The *services* payable for *covered expenses* will not exceed the *maximum allowable fee(s)*.

A *covered expense* is deemed to be incurred on the date a covered *service* is received. The bill submitted by the provider, if any, will determine which coverage provision is applicable for payment of *covered expenses*.

If *you* incur non-covered expenses, whether from a *PAR provider* or a *Non-PAR provider*, *you* are responsible for making the full payment to the provider. The fact that a provider has performed or prescribed a medically appropriate procedure, treatment, or supply, or the fact that it may be the only available treatment for a *bodily injury* or *sickness*, does not mean that the procedure, treatment or supply is covered under this Plan.

Please refer to the "Medical Schedule of Coverage ", "Medical Covered Expenses" and the "Limitations and Exclusions" sections of this *Summary Plan Description* for more information about *covered expenses* and non-covered expenses.

MEDICAL SCHEDULE OF COVERAGE

IMPORTANT INFORMATION ABOUT PLAN COVERAGE

Plan coverage and limits (i.e. visit or dollar limits) are applicable per *calendar year*, unless specifically stated otherwise.

When Plan coverage limits apply (i.e. visit or dollar limits), *PAR* and *Non-PAR* provider coverage accumulate together, unless specifically stated otherwise.

This schedule provides an overview of the medical Plan coverage. For a more detailed description of this Plan's medical coverage, refer to the "Medical Covered Expenses" section.

MEDICAL COVERED EXPENSES

HOW SERVICES PAY

This Plan may require *you* to satisfy *deductible(s)* before this Plan begins to share the cost of most medical *services*. If a *deductible* is required to be met before *services* are payable under this Plan, when it is satisfied, this Plan will share the cost of *covered expenses* at the *coinsurance* percentage until *you* have reached any applicable *out-of-pocket limit*. After *you* have met the *out-of-pocket limit*, if any, this Plan will pay *covered expenses* at 100% for the rest of the *calendar year*, subject to the *maximum allowable fee(s)*, any *maximum services* and all other terms, provisions, limitations and exclusions of this Plan. Any applicable *deductible*, *coinsurance*, *out-of-pocket limit* amounts, medical *services* and medical *service* limits are stated on the Medical Schedule of Coverage.

DEDUCTIBLE

A *deductible* is a specified dollar amount that must be satisfied, either individually or combined as a covered family, per *calendar year* before this Plan pays coverage for certain specified *services*. Only charges which qualify as a *covered expense* may be used to satisfy the *deductible*. The single *deductible* amounts are stated on the Medical Schedule of Coverage.

Single Deductible

The single *deductible* applies to each *covered person* each *calendar year*. Once a *covered person* meets their *deductible*, this Plan will begin to pay *services* for that *covered person*.

PAR and Non-PAR Deductible Accumulation

If *you* and/or *your* covered *dependents* use a combination of *PAR* and *Non-PAR providers*, the *PAR* and *Non-PAR deductibles* will reduce each other.

COINSURANCE

Coinsurance means the shared financial responsibility for *covered expenses* between the *covered person* and this Plan.

Covered expenses are payable at the applicable *coinsurance* percentage rate shown on the Medical Schedule of Coverage after the *deductible*, if any, is satisfied each *calendar year*, subject to any *calendar year* maximums.

OUT-OF-POCKET LIMIT

An *out-of-pocket limit* is a specified dollar amount that must be satisfied per *calendar year* before a coverage percentage will be increased. The single *out-of-pocket limits* are stated on the Medical Schedule of Coverage.

MEDICAL COVERED EXPENSES (continued)

Single Out-of-Pocket Limits

Once a *covered person* satisfies the single *out-of-pocket limits*, this Plan will pay 100% of *covered expenses* for the remainder of the *calendar year* for that *covered person*, unless specifically indicated, subject to any *calendar year* maximums. The single *out-of-pocket limits* include the *deductible*, *coinsurance*, *PAR provider copayments* and *Non-PAR provider copayments*.

PAR and Non-PAR Out-of-Pocket Limit Accumulation

If *you* and/or *your covered dependents* use a combination of *PAR* and *Non-PAR providers*, the *PAR* and *Non-PAR out-of-pocket limits* will reduce each other.

Penalties, coverage administered by a third party and the plan premium do not apply to the *out-of-pocket limits*.

Covered expenses are payable as shown on the Medical Schedule of Coverage and include the preventive *services* appropriate for *you* as recommended by the U.S. Department of Health and Human Services (HHS) for *your plan year* as follows:

For the recommended preventive *services* that apply to *your plan year*, refer to www.healthcare.gov website or call the toll-free customer service telephone number listed on *your* Humana ID card.

COORDINATION OF COVERAGE

SERVICES SUBJECT TO THIS PROVISION

Coverage described in this Plan is coordinated with coverage provided by other plans under which *you* are also covered. This is to prevent duplication of coverage and a resulting increase in the cost of medical or dental coverage. *Prescription* drug coverage under the *Prescription* Drug coverage, if applicable, is not subject to these coordination provisions and will therefore only be coordinated with other *prescription* drug coverage.

For this purpose, a plan is one which covers medical or dental expenses and provides coverage or *services* by group, franchise or blanket insurance coverage. This includes group-type contracts not available to the general public, obtained and maintained only because of the *covered person's* membership in, or connection with, a particular organization or group, whether or not designated as franchise, blanket, or in some other fashion. A plan also includes any coverage provided through the following:

- OPERS, trustee, union, or other association; or
- Governmental programs, programs mandated by state statute, or sponsored or provided by an educational institution.

This Coordination of Coverage provision does not apply to any individual policies or Blanket Student Accident Insurance provided by, or through, an educational institution. Allowable expense means any eligible expense, a portion of which is covered under one of the plans covering the person for whom claim is made. Each plan will determine what is an allowable expense according to the provisions of the respective plan. When a plan provides coverage in the form of *services* rather than cash payments, the reasonable cash value of each *service* rendered will be deemed to be both an allowable expense and a *service* paid.

EFFECT ON COVERAGE

One of the plans involved will pay coverage first. This is called the primary plan. All other plans are called secondary plans.

This Plan is a secondary plan to Medicare; the sum of the coverage payable will not exceed 100% of the total allowable expenses incurred under this Plan and any other plans included under this provision.

ORDER OF COVERAGE DETERMINATION

In order to pay claims, it must be determined which plan is primary and which plan(s) are secondary. A plan will pay coverage first if it meets one of the following conditions:

- The plan has no coordination of Coverage provision;
- The plan covers the person as a plan participant;
- For a child who is covered under both parents' plans, the plan covering the parent whose birthday (month and day) occurs first in the *calendar year* pays before the plan covering the other parent. If the birthdates of both parents are the same, the plan which has covered the person for the longer period of time will be determined the primary plan;

If a plan other than this Plan does not include provision 3, then the gender rule will be followed to determine which plan is primary.

COORDINATION OF COVERAGE (continued)

In the case of *dependent* children covered under the plans of divorced parents, the following rules apply:

- The plan of a parent who has custody will pay the coverage first;
- The plan of a parent who does not have custody will pay coverage next;

There may be a court decree which gives one parent financial responsibility for the medical or dental expenses of the *dependent* children. If there is a court decree, the rules stated above will not apply if they conflict with the court decree. Instead, the plan of the parent with financial responsibility will pay coverage first.

- If a person is retired or is a *dependent* of such person, that plan covers after the plan covering such person as a retiree or *dependent* of such *retiree*. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of coverage, this rule will be ignored.

If the above rules do not apply or cannot be determined, then the plan that covered the person for the longest period of time will pay first.

COORDINATION OF COVERAGE WITH MEDICARE

MEDICARE PART A means the Social Security program that provides hospital insurance coverage.

MEDICARE PART B means the Social Security program that provides medical insurance coverage.

Medicare eligibles are re-employed covered *plan participants* age 65 or older and their age 65 or older covered spouses, and age 65 or older covered spouses of re-employed covered *plan participants* who are under age 65.

CALCULATION AND PAYMENT OF COVERAGE

Medicare coverage is payable before any coverage is payable by this Plan. The coverage of this Plan will then be reduced by the full amount of all *Medicare* coverage the *covered person* is entitled to receive.

RIGHT OF RECOVERY

This Plan reserves the right to recover coverage payments made for an allowable expense under this Plan in the amount which exceeds the maximum amount this Plan is required to pay under these provisions. This right of recovery applies to this Plan against:

- Any person(s) to, for or with respect to whom, such payments were made; or
- Any other insurance companies, or organizations which according to these provisions, owe coverage due for the same allowable expense under any other plan.

This Plan alone will determine against whom this right of recovery will be exercised.

CLAIM PROCEDURES

SUBMITTING A SECONDARY CLAIM

This section describes what a *covered person* (or his or her authorized representative) must do to file a claim for Plan coverage.

- A claim must be filed with Humana in writing and delivered to Humana by mail, postage prepaid. However, a submission to obtain preauthorization may also be filed with Humana by telephone;
- Claims must be submitted to Humana at the address indicated in the documents describing this Plan or *claimant's* Humana ID card. Claims will not be deemed submitted for purposes of these procedures unless and until received at the correct address;
- Also, claims submissions must be in a format acceptable to Humana and compliant with any applicable legal requirements. Claims that are not submitted in accordance with the requirements of applicable federal law respecting privacy of *protected health information* and/or electronic claims standards will not be accepted by this Plan;
- Claims submissions must be timely. Claims must be filed as soon as reasonably possible after they are incurred, after the date the claim was incurred for *Non-PAR provider* claims, except if *you* were legally incapacitated. Claims should be submitted by a *PAR provider* in accordance with the timely filing period outlined in that *provider's contract* with Humana (typically 180 days for physicians and 90 days for facilities and ancillary providers, however, a provider's contractual timely filing period may vary). Plan *services* are only available for claims that are incurred by a *covered person* during the period that he or she is covered under this Plan;
- Claims submissions must be complete. They must contain, at a minimum:
 - The name of the *covered person* who incurred the *covered expense*;
 - The name and address of the health care provider;
 - The diagnosis of the condition;
 - The procedure or nature of the treatment;
 - The date of and place where the procedure or treatment has been or will be provided;
 - The amount billed and the amount of the *covered expense* not paid through coverage other than Plan coverage, as appropriate;
 - Evidence that substantiates the nature, amount, and timeliness of each *covered expense* in a format that is acceptable according to industry standards and in compliance with applicable law.

A general request for an interpretation of Plan provisions will not be considered to be a claim. Requests of this type, such as a request for an interpretation of the eligibility provisions of this Plan, should be directed to the *Plan Administrator*.

Mail medical claims and correspondence to:

Humana Claims Office
P.O. Box 14601
Lexington, KY 40512-4601

MISCELLANEOUS MEDICAL CHARGES

If *you* accumulate bills for medical items *you* purchase or rent *yourself*, send them to Humana at least once every three months during the year (quarterly). The receipts must include the patient name, name of the item, date item was purchased or rented and name of the provider of *service*.

CLAIMS PROCESSING EDITS

Payment of *covered expenses* for *services* rendered by a *qualified practitioner* is subject to this Plan's claims processing edits, as determined by this Plan. The amount determined to be payable after this Plan applies claims processing edits depends on the existence and interaction of several factors. Because the mix of these factors may be different for every claim, the amount paid for a *covered expense* may vary depending on the circumstances. Accordingly, it is not feasible to provide an exhaustive description of the claims processing edits that will be used to determine the amount payable for a *covered expense*, but examples of the most commonly used factors are:

- The intensity and complexity of a *service*;
- Whether a *service* is one of multiple *services* performed at the same *service* session such that the cost of the *service* to the *qualified practitioner* is less than if the *service* had been provided in a separate *service* session. For example:
 - Two or more *surgeries* during the same *service* session; or
 - Two or more radiologic imaging views performed during the same session;
- Whether an assistant surgeon, physician assistant, registered *nurse*, certified operating room technician or any other *qualified practitioner*, who is billing independently is involved;
- When a charge includes more than one claim line, whether any *service* is part of or incidental to the primary *service* that was provided, or if these *services* cannot be performed together;
- If the *service* is reasonably expected to be provided for the diagnosis reported;
- Whether a *service* was performed specifically for *you*; or
- Whether *services* can be billed as a complete set of *services* under one billing code.

This Plan develops claims processing edits in this Plan's sole discretion based on review of one or more of the following sources, including but not limited to:

- *Medicare* laws, regulations, manuals and other related guidance;
- Appropriate billing practices;
- National Uniform Billing Committee (NUBC);
- American Medical Association (AMA)/Current Procedural Terminology (CPT);
- Centers for Medicare and Medicaid Services (CMS)/Healthcare Common Procedure Coding System (HCPCS);
- UB-04 Data Specifications Manual, and any successor manuals;
- International Classification of Diseases of the U.S. Department of Health and Human Services and the Diagnostic and Statistical Manual of Mental Disorders;
- Medical and surgical specialty societies and associations;

CLAIM PROCEDURES (continued)

- This Plan's medical and pharmacy coverage policies; or
- Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed medical or dental literature.

Changes to any one of the sources may or may not lead this Plan to modify current or adopt new claims processing edits.

Subject to applicable law, *qualified practitioners* who are *non-participating providers* may bill you for any amount this Plan does not pay even if such amount exceeds the allowed amount after these claims processing edits. Any such amount paid by you will not apply to your *deductible*, *out-of-pocket limit* or *PAR provider Plan maximum out-of-pocket limit*, if applicable. You will also be responsible for any applicable *deductible*, *copayment*, or *coinsurance*.

Your *qualified practitioner* may access this Plan's claims processing edits and medical and pharmacy coverage policies at the "For Providers" link at www.humana.com. You or your *qualified practitioner* may also call the toll-free customer service number listed on your ID card to obtain a copy of a policy. You should discuss these policies and their availability with any *qualified practitioner*, who are *non-participating providers*, prior to receiving any *services*.

ASSIGNMENTS AND REPRESENTATIVES

A *covered person* may assign his or her right to receive Plan coverage to a health care provider only with the consent of Humana, in its sole discretion, except as may be required by applicable law. Assignments must be in writing. If a document is not sufficient to constitute an assignment, as determined by Humana, then this Plan will not consider an assignment to have been made. An assignment is not binding on this Plan until Humana receives and acknowledges in writing the original or copy of the assignment before payment of the coverage.

If coverage is assigned in accordance with the foregoing paragraph and a health care provider submits claims on behalf of a *covered person*, coverage will be paid to that health care provider.

In addition, a *covered person* may designate an authorized representative to act on his or her behalf in pursuing a claim or *appeal*. The designation must be explicitly stated in writing and it must authorize disclosure of *protected health information* with respect to the claim by this Plan, Humana and the authorized representative to one another. If a document is not sufficient to constitute a designation of an authorized representative, as determined by Humana, then this Plan will not consider a designation to have been made. An assignment of coverage does not constitute designation of an authorized representative.

- Any document designating an authorized representative must be submitted to Humana in advance, or at the time an authorized representative commences a course of action on behalf of a *claimant*. At the same time, the authorized representative should also provide notice of commencement of the action on behalf of the *claimant* to the *claimant*, which Humana may verify with the *claimant* prior to recognizing the authorized representative status.
- In any event, a health care provider with knowledge of a *claimant's* medical condition acting in connection with an *urgent care claim* will be recognized by this Plan as the *claimant's* authorized representative.

CLAIM PROCEDURES (continued)

Covered persons should carefully consider whether to designate an authorized representative. An authorized representative may make decisions independent of the *covered person*, such as whether and how to *appeal* a claim denial.

CLAIMS DECISIONS

After submission of a claim by a *claimant*, Humana will notify the *claimant* within a reasonable time, as follows:

Urgent Care Claims

Humana will determine whether a claim is an *urgent care claim*. This determination will be made on the basis of information furnished by or on behalf of a *claimant*. In making this determination, Humana will exercise its judgment, with deference to the judgment of a physician with knowledge of the *claimant's* condition. Accordingly, Humana may require a *claimant* to clarify the medical urgency and circumstances that support the *urgent care claim* for expedited decision-making.

Humana will notify the *claimant* of a favorable or *adverse coverage determination* as soon as possible, taking into account the medical urgency particular to the *claimant's* situation, but not later than 72 hours after receipt of the *urgent care claim* by this Plan.

However, if a claim is submitted that does not provide sufficient information to determine whether, or to what extent, expenses are covered or payable under this Plan, notice will be provided by Humana as soon as possible, but not more than 24 hours after receipt of the *urgent care claim* by this Plan. The notice will describe the specific information necessary to complete the claim.

- The *claimant* will have a reasonable amount of time, taking into account his or her circumstances, to provide the necessary information but not less than 48 hours.
- Humana will notify the *claimant* of this Plan's *urgent care claim* determination as soon as possible, but in no event more than 48 hours after the earlier of:
 - This Plan's receipt of the specified information; or
 - The end of the period afforded the *claimant* to provide the specified additional information.

Concurrent Care Decisions

Humana will notify a *claimant* of a *concurrent care decision* that involves a reduction in or termination of coverage. Humana will provide the notice sufficiently in advance of the reduction or termination to allow the *claimant* to *appeal* and obtain a determination on review of the *adverse coverage determination* before the coverage is reduced or terminated.

CLAIM PROCEDURES (continued)

Post-Service Claims

Humana will notify the *claimant* of a favorable or *adverse coverage determination* within a reasonable time, but not later than 30 days after receipt of the claim by this Plan.

However, this period may be extended by an additional 15 days if Humana determines that the extension is necessary due to matters beyond the control of this Plan. Humana will notify the affected *claimant* of the extension before the end of the initial 30-day period, the circumstances requiring the extension, and the date by which this Plan expects to make a decision.

If the reason for the extension is because of the *claimant's* failure to submit information necessary to decide the claim, the notice of extension will describe the required information. The *claimant* will have at least 45 days from the date the notice is received to provide the specified information. Humana will make a decision no later than 15 days after the earlier of the date on which the information provided by the *claimant* is received by this Plan or the expiration of the time allowed for submission of the additional information.

TIMES FOR DECISIONS

The periods of time for claims decisions presented above begin when a claim is received by this Plan, in accordance with these claims procedures.

PAYMENT OF CLAIMS

Many health care providers will request an assignment of coverage as a matter of convenience to both provider and patient. Also as a matter of convenience, Humana will, in its sole discretion, assume that an assignment of coverage has been made to certain *participating providers*. In those instances, Humana will make direct payment to the *hospital*, clinic or physician's office. *You* will receive a written explanation of an *adverse coverage determination*. Humana reserves the right to request any information required to determine coverage or process a claim. *You* or the provider of *services* will be contacted if additional information is needed to process *your* claim.

When an *plan participant's* child is subject to a medical child support order, Humana will make reimbursement of eligible expenses paid by *you*, the child, the child's non-retiree custodial parent, or legal guardian, to that child or the child's custodial parent, or legal guardian, or as provided in the medical child support order.

Payment of *services* under this Plan will be made in accordance with an assignment of rights for *you* and *your dependents* as required under state Medicaid law.

Services payable on behalf of *you* or *your* covered *dependent* after death will be paid, at this Plan's option, to any *family member* or *your* estate.

Humana will rely upon an affidavit to determine coverage payment, unless it receives written notice of valid claim before payment is made. The affidavit will release this Plan from further liability.

Any payment made by Humana in good faith will fully discharge it to the extent of such payment.

Payments due under this Plan will be paid upon receipt of written proof of loss.

NOTICES – GENERAL INFORMATION

A notice of an *adverse coverage determination* or *final internal adverse coverage determination* will include information that sufficiently identifies the claim involved, including:

- The date of service;
- The health care provider;
- The claim amount, if applicable;
- The reason(s) for the *adverse coverage determination* or *final internal adverse coverage determination* to include the denial code (e.g. CARC) and its corresponding meaning as well as a description of this Plan's standard (if any) that was used in denying the claim. For a *final internal adverse coverage determination*, this description must include a discussion of the decision;
- A description of available *internal appeals* and *external review* processes, including information on how to initiate an *appeal*; and
- Disclosure of the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman to assist individuals with internal claims and *appeals*, and *external review* processes.

The *claimant* may request the diagnosis code(s) (e.g. ICD-9) and/or the treatment code(s) (e.g. CPT) that apply to the claim involved with the *adverse coverage determination* or *final internal adverse coverage determination* notice. A request for this information, in itself, will not be considered a request for an *appeal* or *external review*.

INITIAL DENIAL NOTICES

Notice of a claim denial (including a partial denial) will be provided to *claimants* by mail, postage prepaid, within the time frames noted above.

However, notices of adverse decisions involving *urgent care claims* may be provided to a *claimant* orally within the time frames noted above for expedited *urgent care claim* decisions. If oral notice is given, written notification will be provided to the *claimant* no later than 3 days after the oral notification.

A claims denial notice will state the specific reason or reasons for the *adverse coverage determination*, the specific Plan provisions on which the determination is based, and a description of this Plan's review procedures and associated timeline. The notice will also include a description of any additional material or information necessary for the *claimant* to perfect the claim and an explanation of why such material or information is necessary.

The notice will also disclose any internal Plan rule, protocol or similar criterion that was relied on to deny the claim. A copy of the rule, protocol or similar criterion relied upon will be provided to a *claimant* free of charge upon request.

CLAIM PROCEDURES (continued)

If the *adverse coverage determination* is based on *medical necessity, experimental, investigational or for research purposes*, or similar exclusion or limit, the notice will provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of this Plan to the *claimant's* medical circumstances, or a statement that such explanation will be provided free of charge upon request.

In the case of an adverse decision of an *urgent care claim*, the notice will provide a description of this Plan's expedited review procedures applicable to such claims.

APPEALS OF ADVERSE COVERAGE DETERMINATIONS

A *claimant* must *appeal* an *adverse coverage determination* within 180 days after receiving written notice of the denial (or partial denial). This Plan uses a one level *appeal* process for all *adverse coverage determinations*. Humana will make the final determination on the *appeal*.

An *appeal* must be made by a *claimant* by means of written application, in person, or by mail (postage prepaid), addressed to:

Humana Grievance and Appeals
P.O. Box 14546
Lexington, KY 40512-4546

However, a *claimant* on *appeal* may request an expedited *appeal* of an adverse *urgent care claim* decision, orally or in writing. In such case, all necessary information, including this Plan's coverage determination on review, will be transmitted between this Plan and the *claimant* by telephone, facsimile, or other available similarly expeditious method, to the extent permitted by applicable law.

Appeals of denied claims will be conducted promptly, will not defer to the initial determination, and will not be made by the person that made the initial adverse claim determination or a subordinate of that person. The determination will take into account all comments, documents, records, and other information submitted by the *claimant* relating to the claim.

A *claimant* may review relevant documents free of charge, and may submit issues and comments in writing. In addition, a *claimant* on *appeal* may, upon request, discover the identity of medical or vocational experts whose advice was obtained on behalf of this Plan in connection with the *adverse coverage determination* being appealed, as permitted under applicable law.

If the claims denial being appealed was based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug, or other item is *experimental, investigational or for research purposes* or not *medically necessary*, or appropriate, the person deciding the *appeal* will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The consulting health care professional will not be the same person who decided the initial *appeal* or a subordinate of that person.

CLAIM PROCEDURES (continued)

TIME PERIOD FOR DECISIONS ON APPEAL

Appeals of claims denials will be decided and notice of the decision provided as follows:

<i>Urgent Care Claims</i>	As soon as possible, but not later than 72 hours after Humana has received the <i>appeal</i> request. If oral notification is given, written notification will follow in hard copy or electronic format within the next three days.
<i>Post-Service Claims</i>	Within a reasonable period, but not later than 60 days Humana has received the <i>appeal</i> request.
<i>Concurrent Care Decisions</i>	Within the time periods specified above, depending on the type of claim involved.

APPEAL DENIAL NOTICES

Notice of a coverage determination on *appeal* will be provided to *claimants* by mail, postage prepaid, within the time frames noted above.

A notice that a claim *appeal* has been denied will state the specific reason or reasons for the *adverse coverage determination* and the specific Plan provisions on which the determination is based.

The notice will also disclose any internal Plan rule, protocol or similar criterion that was relied on to deny the claim on *appeal*. A copy of the rule, protocol or similar criterion relied upon will be provided to a *claimant* free of charge upon request.

If the *adverse coverage determination* is based on *medical necessity, experimental, investigational or for research purposes* or similar exclusion or limit, the notice will provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of this Plan to the *claimant's* medical circumstances, or a statement that such explanation will be provided free of charge upon request.

In the event of a denial of an appealed claim, the *claimant* on *appeal* will be entitled to receive upon request and without charge, reasonable access to and copies of any document, record or other information:

- Relied on in making the determination;
- Submitted, considered or generated in the course of making the coverage determination;
- That demonstrates compliance with the administrative processes and safeguards required with respect to such determinations;
- That constitutes a statement of policy or guidance with respect to this Plan concerning the denied treatment without regard to whether the statement was relied on.

FULL AND FAIR REVIEW

As part of providing an opportunity for a full and fair review, this Plan shall provide the *claimant*, free of charge, with any new or additional evidence considered, relied upon, or generated by this Plan (or at the direction of this Plan) in connection with the claim. Such evidence shall be provided as soon as possible and sufficiently in advance of the date on which the notice of *final internal adverse coverage determination* is required to be provided to give the *claimant* a reasonable opportunity to respond prior to that date.

Before a *final internal adverse coverage determination* is made based on a new or additional rationale, this Plan shall provide the *claimant*, free of charge, with the rationale. The rationale shall be provided as soon as possible and sufficiently in advance of the date on which the notice of *final internal adverse coverage determination* is required to be provided to give the *claimant* a reasonable opportunity to respond prior to that date.

RIGHT TO REQUIRE MEDICAL EXAMINATIONS

This Plan has the right to require that a medical examination be performed on any *claimant* for whom a claim is pending as often as may be reasonably required. If this Plan requires a medical examination, it will be performed at this Plan's expense. This Plan also has a right to request an autopsy in the case of death, if state law so allow.

EXHAUSTION

Upon completion of the *appeals* process under this section, a *claimant* will have exhausted his or her administrative remedies under this Plan. If Humana fails to complete a claim determination or *appeal* within the time limits set forth above, the *claimant* may treat the claim or *appeal* as having been denied, and the *claimant* may proceed to the next level in the review process. After exhaustion, a *claimant* may pursue any other legal remedies available to him or her which may include bringing a civil action. Additional information may be available from a local U.S. Department of Labor Office.

A *claimant* may seek immediate *external review* of an *adverse coverage determination* if Humana fails to strictly adhere to the requirements for internal claims and *appeals* processes set forth by the federal regulations, unless the violation was: a) Minor; b) Non-prejudicial; c) Attributable to good cause or matters beyond the Plan's control; d) In the context of an ongoing good-faith exchange of information; and e) Not reflective of a pattern or practice of non-compliance. The *claimant* is entitled, upon written request, to an explanation of the Plan's basis for asserting that it meets the standard, so the *claimant* can make an informed judgment about whether to seek immediate *external review*. If the external reviewer or the court rejects the *claimant's* request for immediate review on the basis that the Plan met this standard, the *claimant* has the right to resubmit and pursue the *internal appeal* of the claim.

LEGAL ACTIONS AND LIMITATIONS

No action at law or inequity may be brought with respect to Plan coverage until all remedies under this Plan have been exhausted and then prior to the expiration of the applicable limitations period under applicable law.

STANDARD EXTERNAL REVIEW

Request for an External Review

A *claimant* may file a request for an *external review* with Humana at the address listed below, within 4 months after the date the *claimant* received an *adverse coverage determination* or *final internal adverse coverage determination* notice that involves a medical judgment (excluding those that involve only contractual or legal interpretation without any use of medical judgment, as determined by the external reviewer) or a rescission of coverage. If there is no corresponding date 4 months after the notice date, the request must be filed by the first day of the 5th month following receipt of the notice. If the last filing date falls on a Saturday, Sunday or federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday or federal holiday.

A request for an *external review* must be made by a *claimant* by means of written application, by mail (postage prepaid), addressed to:

Humana Grievance and Appeals
P.O. Box 14546
Lexington, KY 40512-4546

Preliminary Review

Within 5 business days following receipt of a request for *external review*, Humana must complete a preliminary review of the request to determine the following:

- If the *claimant* is, or was, covered under this Plan at the time the health care item or *service* was requested or provided;
- If the *adverse coverage determination* or *final internal adverse coverage determination* relates to the *claimant's* failure to meet this Plan's eligibility requirements;
- If the *claimant* has exhausted this Plan's *internal appeals* process, when required; and
- If the *claimant* has provided all the information and forms required to process an *external review*.

Within 1 business day after completion of the preliminary review, Humana must provide written notification to the *claimant* of the following:

- If the request is complete but not eligible for *external review*. The notice must include the reason(s) for its ineligibility and contact information for the Department of Health and Human Services Health Insurance Assistance Team (HIAT), including this number: 1-888-393-2789.
- If the request is not complete. The notice must describe the information or materials needed to make it complete, and Humana must allow the *claimant* to perfect the *external review* request within whichever of the following two options is later:
 - The initial 4-month filing period; or
 - The 48-hour period following receipt of the notification.

Referral to an Independent Review Organization (IRO)

Humana must assign an independent *IRO* that is accredited by URAC, or another nationally-recognized accreditation organization to conduct the *external review*. Humana must attempt to prevent bias by contracting with at least 3 *IROs* for assignments and rotate claims assignments among them, or incorporate some other independent method for *IRO* selection (such as random selection). The *IRO* may not be eligible for financial incentives based on the likelihood that the *IRO* will support the denial of coverage.

The contract between Humana and the *IRO* must provide for the following:

- The assigned *IRO* will use legal experts where appropriate to make coverage determinations.
- The assigned *IRO* will timely provide the *claimant* with written notification of the request's eligibility and acceptance of the request for *external review*. This written notice must inform the *claimant* that he/she may submit, in writing, additional information that the *IRO* must consider when conducting the *external review* to the *IRO* within 10 business days following the date the notice is received by the *claimant*. The *IRO* may accept and consider additional information submitted after 10 business days.
- Humana must provide the *IRO* the documents and any information considered in making the *adverse coverage determination* or *final internal adverse coverage determination* within 5 business days after assigning the *IRO*. Failure to timely provide this information must not delay the conduct of the *external review* - the assigned *IRO* may terminate the *external review* and make a decision to reverse the *adverse coverage determination* or *final internal adverse coverage determination* if this Plan fails to timely provide this information. The *IRO* must notify the *claimant* and Humana within 1 business day of making the decision.
- If the *IRO* receives any information from the *claimant*, the *IRO* must forward it to Humana within 1 business day. After receiving this information, Humana may reconsider its *adverse coverage determination* or *final internal adverse coverage determination*. If Humana reverses or changes its original determination, Humana must notify the *claimant* and the *IRO*, in writing, within 1 business day. The assigned *IRO* will then terminate the *external review*.
- The *IRO* will review all information and documents timely received. In reaching a decision, the *IRO* will not be bound by any decisions or conclusions reached during Humana's internal claims and *appeals* process. The *IRO*, to the extent the information or documents are available and the *IRO* considers them appropriate, will consider the following when reaching a determination:
 - The *claimant's* medical records;
 - The attending health care professional's recommendation;
 - Reports from the appropriate health care professional(s) and other documents submitted by Humana, *claimant*, or *claimant's* treating provider;
 - The terms of the *claimant's* plan to ensure the *IRO's* decision is not contrary, unless the terms are inconsistent with applicable law;
 - Appropriate practice guidelines, including applicable evidence-based standards that may include practice guidelines developed by the federal government, national or professional medical societies, boards, and associations;

CLAIM PROCEDURES (continued)

- Any applicable clinical review criteria developed and used by this Plan, unless inconsistent with the terms of this Plan or with applicable law; and
- The opinion of the *IRO's* clinical reviewer(s) after considering the information described above to the extent the information or documents are available and the reviewer(s) consider them appropriate.
- The assigned *IRO* must provide written notice of the *final external review decision* within 45 days after receiving the *external review* request to the *claimant* and Humana. The decision notice must contain the following:
 - A general description of the reason an *external review* was requested, including information sufficient to identify the claim including:
 - The date(s) of service;
 - The health care provider;
 - The claim amount (if applicable); and
 - The reason for the previous denial.
 - The date the *IRO* received assignment to conduct the *external review* and the date of the *IRO* decision;
 - References to the evidence or documentation considered in reaching the decision, including the specific coverage provisions and evidence-based standards;
 - A discussion of the principal reason(s) for its decision, including the rationale and any evidence-based standards relied on in making the decision;
 - A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either Humana or the *claimant*;
 - A statement that judicial review may be available to the *claimant*; and
 - Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under PPACA (*section 2793 of PHSA, as amended*).
- After a *final external review decision*, the *IRO* must maintain records of all claims and notices associated with the *external review* process for 6 years. An *IRO* must make such records available for examination by the *claimant*, Humana, or state/federal oversight agency upon request, except where such disclosure would violate state or federal privacy laws.

Reversal of this Plan's Decision

If Humana receives notice of a *final external review decision* that reverses the *adverse coverage determination* or *final internal adverse coverage determination*, it must immediately provide coverage or payment for the affected claim(s). This includes authorizing or paying coverage.

EXPEDITED EXTERNAL REVIEW

Request for an Expedited External Review

Expedited *external reviews* are subject to a single level *appeal* process only.

CLAIM PROCEDURES (continued)

Humana must allow a *claimant* to make a request for an expedited *external review* at the time the *claimant* receives:

- An *adverse coverage determination* involving a medical condition of the *claimant* for which the time frame for completion of an expedited *internal appeal* under the interim final regulations would seriously jeopardize the life or health of the *claimant*, or would jeopardize the *claimant's* ability to regain maximum function and the *claimant* has filed a request for an expedited *external review*; or
- A *final internal adverse coverage determination* involving a medical condition where:
 - The time frame for completion of a standard *external review* would seriously jeopardize the life or health of the *claimant*, or would jeopardize the *claimant's* ability to regain maximum function; or
 - The *final internal adverse coverage determination* concerns an *admission*, availability of care, continued stay, or health care item or *service* for which the *claimant* received *emergency services*, but has not be discharged from the facility.

A request for an expedited *external review* must be made by a *claimant* by means of written application, by mail (postage prepaid), addressed to:

Humana Grievance and Appeals
P.O. Box 14546
Lexington, KY 40512-4546

Preliminary Review

Humana must determine whether the request meets the reviewability requirements for a standard *external review* immediately upon receiving the request for an expedited *external review*. Humana must immediately send a notice of its eligibility determination regarding the *external review* request that meets the requirements under the “Standard External Review, Preliminary Review” section.

Referral to an Independent Review Organization (IRO)

If Humana determines that the request is eligible for *external review*, Humana will assign an *IRO* as required under the “Standard External Review, Referral to an Independent Review Organization (IRO)” section. Humana must provide or transmit all necessary documents and information considered when making the *adverse coverage determination* or *final internal adverse coverage determination* to the assigned *IRO* electronically, by telephone/fax, or any other expeditious method.

The assigned *IRO*, to the extent the information is available and the *IRO* considers it appropriate, must consider the information or documents as outlined for the procedures for standard *external review* described in the “Standard External Review, Referral to an Independent Review Organization (IRO)” section. The assigned *IRO* is not bound by any decisions or conclusions reached during this Plan's internal claims and *appeals* process when reaching its decision.

Notice of Final External Review Decision

The *IRO* must provide notice of the *final external review decision* as expeditiously as the *claimant's* medical condition or circumstances require, but no more than 72 hours after the *IRO* receives the request for an expedited *external review*, following the notice requirements outlined in the “Standard External Review, Referral to an Independent Review Organization (IRO)” section. If the notice is not in writing, written confirmation of the decision must be provided within 48 hours to the *claimant* and Humana.

IF YOU HAVE QUESTIONS ON INTERNAL CLAIMS AND APPEALS AND EXTERNAL REVIEW RIGHTS

For more information on *your* internal claims and *appeals* and *external review* rights, *you* can contact the Department of Health and Human Services Health Insurance Assistance Team (HIAT) at 1-888-393-2789.

SECTION 3

**ELIGIBILITY AND
EFFECTIVE DATE OF
COVERAGE**

ELIGIBILITY AND EFFECTIVE DATE OF COVERAGE

OPEN ENROLLMENT

Once annually *you* will have a choice of enrolling *yourself* and *your* eligible *dependents* in this Plan. *You* will be notified in advance when the Open Enrollment Period is to begin and how long it will last. If *you* decline coverage for *yourself* or *your dependents* at the time *you* are initially eligible for coverage, *you* will be able to enroll *yourself* and/or eligible *dependents* during the Open Enrollment Period.

PLAN PARTICIPANT ELIGIBILITY

You are eligible for coverage if the following conditions are met:

- *You* are a *plan participant* who meets the eligibility requirements of OPERS;

Your eligibility date is determined by OPERS.

PLAN PARTICIPANT EFFECTIVE DATE OF COVERAGE

You must enroll in a manner acceptable to OPERS.

- OPERS determines your eligibility date;

DEPENDENT ELIGIBILITY

Each *dependent* is eligible for coverage if he or she meets the eligibility requirements as determined by OPERS.

No person may be simultaneously covered as both a *plan participant* and a *dependent*. If both spouses are eligible for coverage, they must enroll as plan participants.

No *dependent's* effective date will be prior to the covered *plan participant's* effective date of coverage.

MEDICAL CHILD SUPPORT ORDERS

An individual who is a child of a covered *plan participant* shall be enrolled for coverage under this Plan in accordance with the direction of a Qualified Medical Child Support Order (QMCSO) or a National Medical Support Notice (NMSN).

A QMCSO is a state court order or judgment, including approval of a settlement agreement that: (a) provides for support of a covered child; (b) provides for health care coverage for that child; (c) is made under state domestic relations law (including a community property law); (d) relates to coverage under this Plan; and (e) is “qualified” in that it meets the technical requirements of applicable law. QMCSO also means a state court order or judgment that enforces a state Medicaid law regarding medical child support required by Social Security Act §1908 (as added by Omnibus Budget Reconciliation Act of 1993).

An NMSN is a notice issued by an appropriate agency of a state or local government that is similar to a QMCSO that requires coverage under this Plan for the *dependent* child of a non-custodial parent who is (or will become) a *covered person* by a domestic relations order that provides for health care coverage.

Procedures for determining the qualified status of medical child support orders are available at no cost upon request from the *Plan Administrator*.

PLAN PARTICIPANT COVERAGE

You are eligible for coverage if *you* are a *plan participant* who meets the eligibility requirements as determined by OPERS. *Your* eligibility date is determined by OPERS.

SURVIVORSHIP COVERAGE

If the *plan participant* dies while covered under this Plan, *your* eligibility will be determined by OPERS.

SPECIAL ENROLLMENT

If *you* previously declined coverage under this Plan for *yourself* or any eligible *dependents*, due to the existence of other health coverage (including COBRA), and that coverage is now lost, this Plan permits *you*, *your dependent* spouse, and any eligible *dependents* to be enrolled for medical coverage under this Plan due to any of the following qualifying events:

- Loss of eligibility for the coverage due to any of the following:
 - Divorce;
 - Death;
 - Plan no longer offering coverage to a class of similarly situated individuals, which includes the *plan participant*;
 - Re-employment into an OPERS-covered position

However, loss of eligibility does not include a loss due to failure of the individual or the participant to pay premiums on a timely basis or termination of coverage for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the plan).

- COBRA coverage under the other plan has since been exhausted.

If *you* are an eligible *plan participant*, you can enroll eligible *dependents* when the dependent becomes first eligible due to :

- Marriage;
- Birth;
- Adoption or placement for adoption;

ELIGIBILITY AND EFFECTIVE DATE OF COVERAGE (continued)

You may elect coverage under this Plan and will be considered a *timely applicant* provided completed enrollment is received within 60 days from the qualifying event. *You* MUST provide proof that the qualifying event has occurred due to one of the reasons listed before coverage under this Plan will be effective. Coverage under this Plan will be effective within a reasonable time of OPERS' receipt of your application. Please see OPERS for more details.

In the case of a *dependent's* birth, enrollment is effective on the date of such birth.

In the case of a *dependent's* adoption or placement for adoption, enrollment is effective on the date of such adoption or placement for adoption.

TERMINATION OF COVERAGE

Coverage terminates on the earliest of the following:

- The date this Plan terminates;
- The end of the period for which any required contribution was due and not paid;
- The date determined by OPERS, when *you* fail to be in an eligible class of persons according to the eligibility requirements of OPERS;
- As determined by OPERS when *you* request termination of coverage to be effective for *yourself*;
- For any coverage, the date the coverage is removed from this Plan;
- For *your dependents*, the date *your* coverage terminates;
- For a *dependent* spouse as determined by OPERS, when such *covered person* no longer meets the definition of *dependent*;

If *you* or any of *your* covered *dependents* no longer meet the eligibility requirements, *you* are responsible for notifying OPERS of the change in status. Coverage will not continue beyond the last date of eligibility even if notice has not been given to Humana.

SECTION 4

**GENERAL PROVISIONS
AND REIMBURSEMENT/
SUBROGATION**

GENERAL PROVISIONS

The following provisions are to protect *your* legal rights and the legal rights of this Plan.

PLAN ADMINISTRATION

The *Plan Sponsor* has established and continues to maintain this Plan for the coverage of its *plan participants* and their eligible *dependents* as provided in this document.

Services under this Plan are provided on a self-insured basis, which means that payment for *services* is ultimately the sole financial responsibility of the *Plan Sponsor*. Certain administrative services with respect to this Plan, such as claims processing, are provided under a services agreement. Humana is not responsible, nor will it assume responsibility, for *services* payable under this Plan.

Any changes to this Plan, as presented in this *Summary Plan Description* must be properly adopted by the *Plan Sponsor*, and material modifications must be timely disclosed in writing and included in or attached to this document. A verbal modification of this Plan or promise having the same effect made by any person will not be binding with respect to this Plan.

RESCISSION

This Plan will rescind coverage only due to fraud or an intentional misrepresentation of a material fact. Rescission is a cancellation or discontinuance of coverage that has a retroactive effect. A cancellation or discontinuance is not a rescission if the cancellation or discontinuance of coverage has only a prospective effect, or the cancellation or discontinuance of coverage is effective retroactively, to the extent it is attributable to a failure to timely pay premium or costs of coverage or your failure to notify OPERS of ineligibility under the plan.

CONTESTABILITY

This Plan has the right to contest the validity of *your* coverage under the Plan at any time.

RIGHT TO REQUEST OVERPAYMENTS

This Plan reserves the right to recover any payments made by this Plan that were:

- Made in error; or
- Made to *you* or any party on *your* behalf where this Plan determines the payment to *you* or any party is greater than the amount payable under this Plan.

This Plan has the right to recover against *you* if this Plan has paid *you* or any other party on *your* behalf.

WORKERS' COMPENSATION NOT AFFECTED

This Plan is not issued in lieu of, nor does it affect any requirement for coverage by any Workers' Compensation or Occupational Disease Act or Law.

GENERAL PROVISIONS (continued)

WORKERS' COMPENSATION

If services are paid by this Plan and this Plan determines *you* received Workers' Compensation for the same incident, this Plan has the right to recover as described under the Reimbursement/Subrogation provision. This Plan will exercise its right to recover against *you* even though:

- The Workers' Compensation coverage are in dispute or are made by means of settlement or compromise;
- No final determination is made that *bodily injury* or *sickness* was sustained in the course of, or resulted from, *your* employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by *you* or the Workers' Compensation carrier;
- The medical or health care coverage are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this Plan, *you* will notify Humana of any Workers' Compensation claim *you* make, and that *you* agree to reimburse this Plan as described above.

MEDICAID

This Plan will not take into account the fact that *the plan participant*, or *dependent* is eligible for medical assistance or Medicaid under state law with respect to enrollment, determining eligibility for coverage, or paying claims.

If payment for Medicaid coverage has been made under a state Medicaid plan for which payment would otherwise be due under this Plan, payment of coverage under this Plan will be made in accordance with a state law which provides that the state has acquired the rights with respect to a covered *plan participant* to the coverage payment.

REIMBURSEMENT/SUBROGATION

The *beneficiary* agrees that by accepting and in return for the payment of *covered expenses* by this Plan in accordance with the terms of this Plan:

- This Plan shall be repaid the full amount of the *covered expenses* it pays from any amount received from others for the *bodily injuries* or losses which necessitated such *covered expenses*. Without limitation, "amounts received from others" specifically includes, but is not limited to, liability insurance, worker's compensation, uninsured motorists, underinsured motorists, "no-fault" and automobile med-pay payments or recovery from any identifiable fund regardless of whether the *beneficiary* was made whole.
- This Plan's right to repayment is, and shall be, prior and superior to the right of any other person or entity, including the *beneficiary*.
- The right to recover amounts from others for the injuries or losses which necessitate *covered expenses* is jointly owned by this Plan and the *beneficiary*. This Plan is subrogated to the *beneficiary's* rights to that extent. Regardless of who pursues those rights, the funds recovered shall be used to reimburse this Plan as prescribed above; this Plan has no obligation to pursue the rights for an amount greater than the amount that it has paid, or may pay in the future. The rights to which this Plan is subrogated are, and shall be, prior and superior to the rights of any other person or entity, including the *beneficiary*.
- The *beneficiary* will cooperate with this Plan in any effort to recover from others for the *bodily injuries* and losses which necessitate *covered expense* payments by this Plan. The *beneficiary* will notify this Plan immediately of any claim asserted and any settlement entered into, and will do nothing at any time to prejudice the rights and interests of this Plan. Neither this Plan nor the *beneficiary* shall be entitled to costs or attorney fees from the other for the prosecution of the claim.

RIGHT TO COLLECT NEEDED INFORMATION

You must cooperate with Humana and when asked, assist Humana by:

- Authorizing the release of medical information including the names of all providers from whom *you* received medical attention;
- Obtaining medical information and/or records from any provider as requested by Humana;
- Providing information regarding the circumstances of *your sickness* or *bodily injury*;
- Providing information about other insurance coverage and coverage, including information related to any *bodily injury* or *sickness* for which another party may be liable to pay compensation or coverage; and
- Providing information Humana requests to administer this Plan.

Failure to provide the necessary information will result in denial of any pending or subsequent claims, pertaining to a *bodily injury* or *sickness* for which the information is sought, until the necessary information is satisfactorily provided.

DUTY TO COOPERATE IN GOOD FAITH

You are obliged to cooperate with Humana in order to protect this Plan's recovery rights. Cooperation includes promptly notifying Humana that *you* may have a claim, providing Humana relevant information, and signing and delivering such documents as Humana reasonably request to secure this Plan's recovery rights. *You* agree to obtain this Plan's consent before releasing any party from liability for payment of medical expenses. *You* agree to provide Humana with a copy of any summons, complaint or any other process serviced in any lawsuit in which *you* seek to recover compensation for *your bodily injury* or *sickness* and its treatment.

You will do whatever is necessary to enable Humana to enforce this Plan's recovery rights and will do nothing after loss to prejudice this Plan's recovery rights.

You agree that *you* will not attempt to avoid this Plan's recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

Failure of the *covered person* to provide Humana such notice or cooperation, or any action by the *covered person* resulting in prejudice to this Plan's rights will be a material breach of this Plan and will result in the *covered person* being personally responsible to make repayment. In such an event, this Plan may deduct from any pending or subsequent claim made under this Plan any amounts the *covered person* owes this Plan until such time as cooperation is provided and the prejudice ceases.

SECTION 5

NOTICES

IMPORTANT NOTICES FOR PLAN PARTICIPANTS AND SPOUSES AGE 65 AND OVER

Federal law may affect *your* coverage under this Plan. The *Medicare* as Secondary Payer rules were enacted by an amendment to the Social Security Act. Also, additional rules which specifically affect how a large group health plan provides coverage to *plan participants* (or their spouses) over age 65 were added to the Social Security Act and to the Internal Revenue Code.

Generally, a health care plan that has at least 20 *plan participants* must operate in compliance with these rules in providing plan coverage to *plan participants* who have "current employment status" and are *Medicare* beneficiaries, age 65 and over.

Persons who have "current employment status" are re-employed *plan participants* who are actively working.

If *you* are a person with "current employment status" who is age 65 and over (or the dependent spouse age 65 and over of a plan participant of any age), *your* coverage under this Plan will be provided on the same terms and conditions as are applicable to *plan participants* (or dependent spouses). *Your* rights under this Plan do not change because *you* (or *your* dependent spouse) are eligible for *Medicare* coverage on the basis of age, as long as *you* have "current employment status."

You have the option to reject plan coverage offered by OPERS, as does any eligible *plan participant*. If *you* reject coverage under *your* Plan, coverage is terminated and OPERS is not permitted to offer *you* coverage that supplements *Medicare* covered services.

If *you* (or *your* dependent spouse) obtain *Medicare* coverage on the basis of age, and not due to disability or end-stage renal disease, this Plan will consider its coverage to be secondary to *Medicare* when *you* have elected coverage under this Plan and have "current employment status".

If *you* have any questions about how coverage under this Plan relates to *Medicare* coverage, please contact OPERS.

PRIVACY OF PROTECTED HEALTH INFORMATION

This Plan is required by law to maintain the privacy of *your protected health information* in all forms including written, oral and electronically maintained, stored and transmitted information and to provide individuals with notice of this Plan's legal duties and privacy practices with respect to *protected health information*.

This Plan has policies and procedures specifically designed to protect *your* health information when it is in electronic format. This includes administrative, physical and technical safeguards to ensure that *your* health information cannot be inappropriately accessed while it is stored and transmitted to Humana and others that support this Plan.

In order for this Plan to operate, it may be necessary from time to time for health care professionals, the *Plan Administrator*, individuals who perform Plan-related functions under the auspices of the *Plan Administrator*, Humana and other service providers that have been engaged to assist this Plan in discharging its obligations with respect to delivery of coverage, to have access to what is referred to as *protected health information*.

A *covered person* will be deemed to have consented to use of *protected health information* about him or her for the sole purpose of health care operations by virtue of enrollment in this Plan. This Plan must obtain authorization from a *covered person* to use *protected health information* for any other purpose.

Individually identifiable health information will only be used or disclosed for purposes of Plan operation or coverage delivery. In that regard, only the minimum necessary disclosure will be allowed. The *Plan Administrator*, Humana, and other entities given access to *protected health information*, as permitted by applicable law, will safeguard *protected health information* to ensure that the information is not improperly disclosed.

Disclosure of *protected health information* is improper if it is not allowed by law or if it is made for any purpose other than Plan operation or coverage delivery without authorization. Disclosure for Plan purposes to persons authorized to receive *protected health information* may be proper, so long as the disclosure is allowed by law and appropriate under the circumstances. Improper disclosure includes disclosure to OPERS for employment purposes, *plan participants'* representatives, consultants, attorneys, etc. who have not executed appropriate agreements effective to authorize such disclosure.

Humana will afford access to *protected health information* in its possession only as necessary to discharge its obligations as a service provider, within the restrictions noted above. Information received by Humana is information received on behalf of this Plan.

Humana will afford access to *protected health information* as reasonably directed in writing by the *Plan Administrator*, which shall only be made with due regard for confidentiality. In that regard, Humana has been directed that disclosure of *protected health information* may be made to the person(s) identified by the *Plan Administrator*.

Individuals who have access to *protected health information* in connection with their performance of Plan-related functions under the auspices of the *Plan Administrator* will be trained in these privacy policies and relevant procedures prior to being granted any access to *protected health information*. Humana and other Plan service providers will be required to safeguard *protected health information* against improper disclosure through contractual arrangements.

PRIVACY OF PROTECTED HEALTH INFORMATION (continued)

In addition, *you* should know that OPERS may legally have access, on an as-needed basis, to limited health information for the purpose of determining Plan costs, contributions, Plan design, and whether Plan modifications are warranted. In addition, federal regulators such as the Department of Health and Human Services and the Department of Labor may legally require access to *protected health information* to police federal legal requirements about privacy.

Covered persons may have access to *protected health information* about them that is in the possession of this Plan, and they may make changes to correct errors. *Covered persons* are also entitled to an accounting of all disclosures that may be made by any person who acquires access to *protected health information* concerning them and uses it other than for Plan operation or coverage delivery. In this regard, please contact the *Plan Administrator*.

Covered persons are urged to contact the originating health care professional with respect to medical information that may have been acquired from them, as those items of information are relevant to medical care and treatment. And finally, *covered persons* may consent to disclosure of *protected health information*, as they please.

CONTINUATION OF MEDICAL COVERAGE

THE CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT OF 1986 (COBRA)

CONTINUATION OF COVERAGE

On April 7, 1986, the Consolidated Omnibus Budget Reconciliation Act (COBRA) was signed into law. This federal law applies to plans with 20 or more *plan participants*. The law requires that OPERS offer *plan participants* and/or their dependents continuation of medical coverage at group rates in certain instances where there is a loss of group insurance coverage.

ELIGIBILITY

A qualified beneficiary under COBRA law means a plan participant, *plan participant's* spouse or *dependent* child covered by this Plan on the day before a qualifying event. A qualified beneficiary under COBRA law also includes a child born to the *plan participant* during the coverage period or a child placed for adoption with the *plan participant* during the coverage period.

PLAN PARTICIPANT: A *plan participant* covered by this Plan has the right to elect continuation coverage if coverage is lost due to one of the following qualifying events:

- Termination of the *plan participant's* employment; or
- Termination of plan participant coverage when OPERS discontinues plan participant coverage within one year before or one year after filing for Chapter 11 bankruptcy.

SPOUSE: A spouse covered by OPERS Plan has the right to elect continuation coverage if the group coverage is lost due to one of the following qualifying events:

- The death of the *plan participant*;
- Termination of the *plan participant's* employment ;
- Divorce from the *plan participant*; or

DEPENDENT CHILD: A *dependent* child covered by this Plan has the right to continuation coverage if group coverage is lost due to one of the following qualifying events:

- The death of the *plan participant* parent;
- The termination of the *plan participant* parent's employment;
- The *plan participant* parent's divorce;
- Ceasing to be a "*dependent* child" under this Plan;
- Termination of the plan participant parent's coverage when OPERS discontinues plan participant coverage within one year before or one year after filing for Chapter 11 bankruptcy.

LOSS OF COVERAGE

Coverage is lost in connection with the foregoing qualified events, when a covered *plan participant*, spouse or *dependent* child ceases to be covered under the same Plan terms and conditions as in effect immediately before the qualifying event.

CONTINUATION OF MEDICAL COVERAGE (continued)

If coverage is reduced or eliminated in anticipation of an event (for example, OPERS eliminating an *plan participant's* coverage in anticipation of the termination of the *plan participant's* employment, or an *plan participant* eliminating the coverage of the *plan participant's* spouse in anticipation of a divorce), the reduction or elimination is disregarded in determining whether the event causes a loss of coverage.

A loss of coverage need not occur immediately after the event, so long as it occurs before the end of the Maximum Coverage Period.

NOTICES AND ELECTION

This Plan provides that coverage terminates for a spouse due or divorce or for a child when that child loses *dependent* status. Under the law, the *plan participant* or qualified beneficiary has the responsibility to inform the *Plan Administrator* (see Plan Description Information) if one of the above events has occurred. The qualified beneficiary must give this notice within 60 days after the event occurs. (For example, an ex-spouse should make sure that the *Plan Administrator* is notified of his or her divorce, whether or not his or her coverage was reduced or eliminated in anticipation of the event). When the *Plan Administrator* is notified that one of these events has happened, it is the *Plan Administrator's* responsibility to notify the *COBRA Service Provider*, who will in turn notify the qualified beneficiary of the right to elect continuation coverage.

For a qualified beneficiary who is determined under the Social Security Act to be disabled at any time during the first 60 days of COBRA coverage, the continuation coverage period may be extended 11 additional months. The disability that extends the 18-month coverage period must be determined under Title II (Old Age, Survivors, and Disability Insurance) or Title XVI (Supplemental Security Income) of the Social Security Act. To be entitled to the extended coverage period, the disabled qualified beneficiary must provide notice to the *COBRA Service Provider* and *Plan Administrator* within the initial 18 month coverage period and within 60 days after the date of the determination of disability under the Social Security Act. Failure to provide this notice will result in the loss of the right to extend the COBRA continuation period.

For the death of the *plan participant*, the loss of plan participant coverages due to the Plan's bankruptcy, it is the *Plan Sponsor's* responsibility to notify the *COBRA Service Provider*, who will in turn notify the qualified beneficiary of the right to elect continuation coverage.

Under the law, continuation coverage must be elected within 60 days after Plan coverage ends, or if later, 60 days after the date of the notice of the right to elect continuation coverage. If continuation coverage is not elected within the 60 day period, the right to elect coverage under this Plan will end.

A covered *plan participant* or the spouse of the covered *plan participant* may elect continuation coverage for all covered *dependents*, even if the covered *plan participant* or spouse of the covered *plan participant* or all covered *dependents* are covered under another group health plan (as a *plan participant* or otherwise) prior to the election. The covered *plan participant*, his or her spouse and *dependent* child each have an independent right to elect continuation coverage. Thus a spouse or *dependent* child may elect continuation coverage even if the covered *plan participant* does not elect it.

Coverage will not be provided during the election period. However, if the individual makes a timely election, coverage will be provided from the date that coverage would otherwise have been lost. If coverage is waived before the end of the 60 day election period and the waiver revoked before the end of the 60 day election period, coverage will be effective on the date the election of coverage is sent to the *COBRA Service Provider* or *Plan Administrator*.

MAXIMUM COVERAGE PERIOD

Coverage may continue up to:

- 18 months for a *plan participant* and/or *dependent* whose group coverage ended due to termination of the *plan participant's* employment or reduction in hours of employment;
- 36 months for a spouse whose coverage ended due to the death of the *plan participant* or , divorce;
- 36 months for a *dependent* child whose coverage ended due to the divorce of the *plan participant* parent, the death of the *plan participant*, or the child ceasing to be a *dependent* under this Plan;

DISABILITY

An 11-month extension of coverage may be available if any of the qualified beneficiaries are determined by the Social Security Administration (SSA) to be disabled. The disability has to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. The qualified beneficiary must provide notice of such determination prior to the end of the initial 18-month continuation period to be entitled to the additional 11 months of coverage. Each qualified beneficiary who has elected continuation coverage will be entitled to the 11-month disability extension if one of them qualifies. If a qualified beneficiary is determined by SSA to no longer be disabled, *you* must notify this Plan of that fact within 30 days after SSA's determination.

SECOND QUALIFYING EVENT

An 18-month extension of coverage will be available to spouses and *dependent* children who elect continuation coverage if a second qualifying event occurs during the first 18 months of continuation coverage. The maximum amount of continuation coverage available when a second qualifying event occurs is 36 months. Such second qualifying event may include the death of a covered *plan participant*, divorce from the covered *plan participant*, or a *dependent* child's ceasing to be eligible for coverage as a *dependent* under this Plan. These events can be a second qualifying event only if they would have caused the qualified beneficiary to lose coverage under this Plan if the first qualifying event had not occurred. *You* must notify this Plan within 60 days after the second qualifying event occurs if *you* want to extend *your* continuation coverage.

TERMINATION BEFORE THE END OF MAXIMUM COVERAGE PERIOD

Continuation coverage will terminate before the end of the maximum coverage period for any of the following reasons:

- OPERS no longer provides group health coverage to any of its *plan participants*;
- The premium for continuation is not paid timely;
- The individual on continuation becomes covered under another group health plan (as a *plan participant* or otherwise);
- If there is a final determination under Title II or XVI of the Social Security Act that an individual is no longer disabled; however, continuation coverage will not end until the month that begins more than 30 days after the determination;
- The occurrence of any event (e.g. submission of a fraudulent claim) permitting termination of coverage for cause under this Plan.

TYPE OF COVERAGE; PREMIUM PAYMENT

If continuation coverage is elected, the coverage must be identical to the coverage provided under the OPERS Plan to similarly situated non-COBRA beneficiaries. This means that if the coverage for similarly situated non-COBRA beneficiaries is modified, coverage for the individual on continuation will be modified.

The initial premium payment for continuation coverage is due by the 45th day after coverage is elected. The initial premium includes charges back to the date the continuation coverage began. All other premiums are due on the first of the month for which the premium is paid, subject to a 31 day grace period. OPERS or *COBRA Service Provider* must provide the individual with a quote of the total monthly premium.

Premium for continuation coverage may be increased, however, the premium may not be increased more than once in any determination period. The determination period is a 12 month period which is established by this Plan.

CONTINUATION OF MEDICAL COVERAGE (continued)

The monthly premium payment to this Plan for continuing coverage must be submitted directly to the *COBRA Service Provider*. This monthly premium may include the *plan participant's* share and any portion previously paid by OPERS. The monthly premium must be a reasonable estimate of the cost of providing coverage under this Plan for similarly situated non-COBRA beneficiaries. The premium for COBRA continuation coverage may include a 2% administration charge. However, for qualified beneficiaries who are receiving up to 11 months additional coverage (beyond the first 18 months) due to disability extension (and not a second qualifying event), the premium for COBRA continuation coverage may be up to 150% of the applicable premium for the additional months. Qualified beneficiaries who do not take the additional 11 months of special coverage will pay up to 102% of the premium cost.

OTHER INFORMATION

Additional information regarding rights and obligations under this Plan and under federal law may be obtained by contacting the *Plan Administrator* or the *COBRA Service Provider*.

It is important for the *covered person* or qualified beneficiary to keep the *COBRA Service Provider, Plan Sponsor* and Humana informed of any changes in marital status, or a change of address.

THE NEWBORNS’ AND MOTHERS’ HEALTH PROTECTION ACT OF 1996

The Newborns’ and Mothers’ Health Protection Act of 1996 provides that group health plans and health insurance issuers generally may not, under Federal law, restrict coverage for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). An attending provider is defined as an individual who is licensed under applicable state law to provide maternal or pediatric care and who is directly responsible for providing such care to a mother or newborn child. The definition of attending provider does not include a plan, *hospital*, managed care organization or other issuer. In any case, plans may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Contact OPERS if *you* would like more information on The Newborns’ and Mothers’ Health Protection Act.

Rescission is a cancellation or discontinuance of coverage that has retroactive effect. A cancellation or discontinuance is not a rescission if:

- The cancellation or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay premium or costs of coverage.

- Conditions associated with the management of a difficult pregnancy but which do not constitute distinct *complications of pregnancy*; or
- An elective cesarean section.

Confinement or **confined** means *you* are admitted as a registered bed patient in a *hospital* or a *qualified treatment facility* as the result of a *qualified practitioner's* recommendation. It does not mean detainment in observation status.

- *Your* Biological or legally adopted child under the age of 26 or minor grandchild if the grandchild is born to an unmarried, un-emancipated minor child and *you* are ordered by the court to provide coverage pursuant to Ohio Revised Code Section 3109.19. *You* must provide valid proof of birth for the child;

In order for a child to be eligible for coverage, the child must be under the age of 26. Children over the age of 26 may be covered if the child is permanently and totally disabled prior to the age of 22. This means that the child is not able to work in any substantial gainful activity because of a physical or mental impairment which has lasted or is expected to last for at least 12 months. Evidence of incapacity is required and is subject to approval by OPERS.

For all children: *You* must be allowed to claim this child as a *dependent* on *your* federal tax return in accordance to Section 152 of the Internal Revenue Code. The child cannot provide more than half of his/her own support for the *calendar year* and *your* child must reside with *you* for more than half of the *calendar year* (unless residing at school) unless:

If *you* receive monthly benefit as a surviving spouse or a beneficiary of a deceased *plan participant* or deceased *participant*, *you* may enroll only those *dependents* that would have been eligible *dependents* of the deceased *plan participant*

You must notify Ohio Public Employees Retirement System in writing, within 30 days of the date *your dependent* no longer meets eligibility requirements and indicate the date *your dependent* is no longer eligible. Monthly contributions do not guarantee coverage if *your dependent* no longer meets the eligibility requirements. Failure to notify OPERS could result in overpaid health claims for which *you* will be responsible.

DEFINITIONS (continued)

Incapacitated Children: To qualify as an incapacitated child, an individual must be unmarried and meet the following criteria:

The unmarried child has a mentally or physically disabling condition that was confirmed by a qualified physician as beginning prior to the child reaching age 22.

After the eligible *dependent* reaches the age limit, OPERS may annually require further proof of the continuance of such incapacity and dependency.

Diabetes equipment means blood glucose monitors, including monitors designed to be used by blind individuals, insulin infusion pumps and associated accessories, insulin infusion devices and podiatric appliances for the prevention of complications associated with diabetes.

Diabetes self-management training means the training provided to a *covered person* after the initial diagnosis of diabetes for care and management of the condition including nutritional counseling and use of *diabetes equipment* and supplies. It also includes training when changes are required to the self-management regime and when new techniques and treatments are developed.

Diabetes supplies means test strips for blood glucose monitors, visual reading and urine test strips, lancets and lancet devices, insulin and insulin analogs, injection aids, syringes, prescriptive and non-prescriptive oral agents for controlling blood sugar levels, glucagon emergency kits and alcohol swabs.

Diagnostic/Routine means - As a general rule any allowable routine *service* would be one that involves preventive care. Most common examples would be preventive check-up in an office setting, flu or pneumonia vaccine, well woman visit, mammogram, prostate exam, etc. Any lab work related to these services should be billed with a routine care diagnosis code. Quite often blood lab work is processed at an independent laboratory or by a hospital lab. In these cases, lab *services* may be billed by a provider who did not actually see the patient. However, lab work related to any treatment should follow the same path of the primary physician services. In cases where a participant is receiving preventive care only all related lab *services* would be considered routine.
